

ICE-Vol. 24

# NATURAL GAS AND ALTERNATIVE FUELS FOR ENGINES — 1995

**presented at**

THE ASME INTERNAL COMBUSTION ENGINE DIVISION SPRING MEETING  
APRIL 23-26, 1995  
MARIETTA, OHIO

**sponsored by**

THE INTERNAL COMBUSTION ENGINE DIVISION, ASME

**edited by**

FRANK ABOUJAOUDE  
FAIRBANKS MORSE ENGINE DIVISION

STUART R. BELL  
UNIVERSITY OF ALABAMA

A. KAM RAO  
COOPER-BESSEMER RECIPROCATING

RAJ SEKAR  
ARGONNE NATIONAL LABORATORY

UB/TIB Hannover 89  
113 563 418

## CONTENTS

Computing Air/Fuel Ratio From Exhaust Composition <i>Charles M. Urban and Christopher A. Sharp</i> .....	1
Thermodynamic Analysis of the Engine Internal Process to Determine the Suitability of Vegetable Oils as Alternative Fuels for Diesel Engines <i>W. Raubold</i> .....	9
An Investigation on Ignition and Combustion Characteristics of IDI and DI Diesel Engines Operating on Neat Alcohol Fuels <i>Longbao Zhou, Yuyin Zhang, Zhiyu Han, and Deming Jiang</i> .....	17
The "H-Process" Dual Fuel Diesel Engine <i>B. D. Hsu, G. L. Confer, and R. E. McDowell</i> .....	25
Comparison of Emissions and Efficiency of a Turbocharged Lean-Burn Natural Gas and Hythane Fuelled Engine <i>John F. Larsen and James S. Wallace</i> .....	31
Investigation of Fuel Composition Effects on a Natural Gas Fueled Spark-Ignited Engine <i>Siva Thiagarajan, K. Clark Midkiff, Stuart R. Bell, and Michael N. Green</i> .....	41
Low Emission Stoichiometric CNG Engine With EGR <i>M. Gambino, P. Corbo, S. Iannaccone, and A. Unich</i> .....	53
Performance and Emissions of Natural Gas Conversion Equipment <i>Stuart R. Bell, Joey K. Parker, Frank L. Newman, and Han Dinh</i> .....	59
An Investigation Into Gas Engine Carburation and the Development of a Novel High Performance Gas Carburetor <i>John Slowley, Dennis Jager, Stephen Charlton, Wei Tang, and Graham Roberts</i> .....	69
A Comparative Study on Natural Gas Engine Performance and Emissions With Different Gas Carburetors <i>John Slowley, Wei Tang, and Graham Roberts</i> .....	81
The Hybrid Rich-Burn/Lean-Burn Engine <i>David P. Meyers and John T. Kubesh</i> .....	91
Development of a Multi-Point Timed Injection S. I. Natural Gas Engine <i>Roger Sierens and Evert Rosseel</i> .....	99
Rape Seed Oil Methyl Ester Fuel as Alternative Diesel Fuel for High Speed Diesel Engines for Urban Buses <i>A. Jankowski, J. Seczyk, M. Reksa, and L. Sitnik</i> .....	105
<b>Author Index</b> .....	111
