PROCEEDINGS

The Third International Conference on Health, Safety & Environment In Oil & Gas Exploration & Production

Volume 2

9–12 June 1996
New Orleans, LA

Society of Petroleum Engineers (SPE), Inc.
Contents—Volume 1

SPE 35687 Environmentally Safe Burner For Offshore Well Testing Operations .................. 19
T.M. Young, Halliburton Energy Services.

SPE 35756 The Challenge of Developing and Enforcing a Goal-Setting Regulatory Regime .... 31
Iain Todd and Ian Whewell, Health & Safety Executive, UK

SPE 35757 Safety Management Systems: Off the Shelf and Into Practice .......................... 39
T.G. Fitts, Sonat Offshore Drilling Inc.

SPE 35758 A Safety Management System for an Offshore Azerbaijan Caspian Sea Project .... 45
M.F. Brasic, S.W. Barber, and A.S. Hill, AIOC

SPE 35759 Obtaining Real Improvement in Health and Safety Performance Requires Force .... 55
T. Powell, Health & Safety Executive, UK

SPE 35760 Committed HSE Management Vs. TQM: Is There Any Difference? .................... 67
J.D. Aitken, C.R. McMath, and G.J. Lombardo, Schlumberger Anadrl

SPE 35761 Managing Corporate Environmental Costs and Liabilities ............................. 79
J.A. Parnell and C.J. Herlugson, BP Exploration (Alaska) Inc.

SPE 35762 Keys to Improving Environmental Performance ........................................... 87
R.L. Moreau and D.L. Raught, Exxon Co. U.S.A.

SPE 35765 HSE Training and Competence Assessment in the Geophysical Industry .......... 93
M.W. Covil, IAGC; J.A. Soehnert, Shell U.K. E&P; Gerry Reynolds and Mark Caruso, Western Geophysical Co.; and Stuart Jeffers, Geco-Prakla

SPE 35766 Raising Environmental Awareness in an Oilfield Services Company ............... 97
P. Bouzet, Schlumberger Ltd., and I. Sealy, Schlumberger Wireline & Testing

SPE 35767 Competence Assurance in a Complex Company ........................................... 105
C.C. Clarke and R.M. Sykes, Shell Intl. E&P B.V.

SPE 35768 A Partnership in Upstream HSE Technology Transfer ................................. 113
R.E. Olszewski, Chevron Overseas Petroleum; A.S. Wahjosoedibyo, PT Caltex Pacific Indonesia; M. Hunley, Texaco Inc.; and J.C. Pearn, Chevron Corp.

SPE 35769 Medical Service Guidelines for Remote Sites .............................................. 123

SPE 35770 The Management of Healthcare Reform in a West African Oil Company ........ 129
S.R. Simpson, Chevron Nigeria Ltd.

SPE 35771 Standards for Local Medical Support, E&P Forum Report No. 6.44/222 ............. 135
D.G. Dawson, Unocal Intl.; A. Barby, Schlumberger; N. Burke, Shell; E. Dahl-Hansen, Esso; M.J. Gilbert, British Gas; W. Howe, Conoco; J. Keech, BP Exploration; D. McCready, British Gas; J. Rodier, Elf; and I. Thomas, E&P Forum

SPE 35772 Health and Safety Issues Related to Remote Operations .............................. 139
M. Shrimpton and K. Storey, Community Resource Service Ltd.

SPE 35773 A Paradigm Shift in the Management of Corporate Health Services— Implications for Oil and Gas Exploration and Production Companies ..................... 151
J.G. Simpson, Marathon Oil Co.

SPE 35774 E&P Forum Risk Assessment Data Directory ................................................. 155
L.B. Waters, Exxon Production Research; P. Blotto, AGIP SpA; M. Covil, IAGC; D. Cracknell, British Gas; T. Heimly, Saga Petroleum; T. Huibakdhal, Statoil; A. Mjelde, OLF; I. Thomas, E&P Forum; J.P. Tigg, Shell; S.M. Turner, Amerada Hess Ltd.; M. Wender, BP Exploration; and K. Whiskin, Total

SPE 35775 Efficient Risk Management: Use of Computerized QRA Model for Safety Improvements to an Existing Installation ...................................................... 165
J.E. Vinnem, J.I. Pedersen, and Peter Rosenthal, Elf Petroleum Norge as

SPE 35776 Identification and Quantification of Failure Rate to Effectively Manage Sour Gas Production Systems .................................................. 177
F. Fischer, BEB Erdgas und Erdöl GmbH

SPE 35778 Risk Assessment of New Added Facility at an Offshore Gathering/Processing Plant ................................................................. 185
S. Benmabarek, Zakum Development Co., and T. Gray, GHRD
SPE 35981 Factors Affecting Methods for Biodegradation Testing of Drilling Fluids for Marine Discharge ................................................. 697

SPE 35982 The Replacement of Alkyl-Phenol Ethoxylates to Improve the Environmental Acceptability of Drilling Fluid Additives ............................................ 713
J.M. Getliff and S.G. James, Dowell

SPE 35983 Progress in Eliminating Oil-Based and Invert Emulsion Muds Through Glycol Quantification ................................................................. 721
R.G. Bland, N. Walker, V. Scank, and P. Henderson, Baker Hughes INTEQ

SPE 36031 Application of Hazard and Effects Management Tools and Links to the HSE Case ................................................................. 727

SPE 36033 Monitoring Ocean Concentrations of Aromatic Hydrocarbons From Produced Formation Water Discharges to Bass Strait, Australia .................................................. 739
G.W. Terrens and R.D. Tait, Esso Australia Ltd.

SPE 36034 Thesis—Keeping the Management System “Live” and Reaching the Workforce ... 749

SPE 36035 The Removal of Odors and Pyrophorics From Produced Water Sites, Sour Water Tanks, and Process Equipment Using Potassium Permanganate .......................... 757
Philip Vella, Carus Chemical Co.

SPE 36036 Biological Cleaning of Soil and Reservoirs From Oil Products ................................................................. 759
M.B. Zinberg and I.B. Ivanovskaya, Ecobios Ltd., and N.A. Gafarov, Gasprom

SPE 36037 Cost Effective Modular Unit for Cleaning Oil and Gas Field Waste Water ........................ 761
M.B. Zinberg and M.N. Nenasheva, Ecobios Ltd., and N.A. Gafarov, Orenburggasprom

SPE 36038 Ecologically Safe Method to Monitor Fluid Filtration in Oil and Gas Bearing Formations and Wells ................................................................. 763
M.B. Zinberg, I.B. Ivanovskaya, and G.P. Mezhebovskaya, Ecobios Ltd., and N.A. Gafarov, Gasprom

SPE 36039 Bioprocess for Treating Coproduced Oily Sands ................................................................. 765
D.M. Munnecke, Environmental BioTechnologies Inc., and Jim Ireland, Erin Consulting, Ltd.

SPE 36040 Disposal of Nonhazardous Oil Field Wastes into Salt Caverns .................................................. 767
John Veil, Deborah Elcock, Mary Raivel, Dan Caudle, R.C. Ayers Jr., and Ben Grunewald, Argonne Natl. Laboratory

SPE 36041 Sustaining Global Progress—In Partnership With the Environment ............... 769
A.L. Smith, Risk Management Systems Ltd.

SPE 36045 Light Modular Rig for Minimal Environmental Impact .................................................. 785
Sachin Mehra and Azzam Abedrabbo, Schlumberger Sedco Forex

SPE 36046 Developing Health, Safety & Environmental Management Systems for Well Service Operations in the North Sea .................................................. 797
I. Sealy, Schlumberger Wireline & Testing

SPE 36048 Seabed Surveys: The Best Means to Assess the Environmental Impact of Drilling Fluid Discharges? .................................................. 803
J.M. Limia, Baroid Ltd.

SPE 36051 Environmental Planning for Oil and Gas Projects in Alliance Organizations ........ 815

SPE 36052 Utilization of Gas Satellites to Reduce Environmental Impact in the Cavalier Gas Field .................................................. 825
P.K. Ogden, Colin Davies, K.T. Ho, and Edmond Soo, PanCanadian Petroleum Ltd.

SPE 36053 Well Testing—Oil Disposal Options .................................................. 831
T.C. Macfarlane, Halliburton Energy Services
SPE 36056 Produced Water Treatment Technology, A Study of Oil/Water Separation in Gravity Type Cross Flow Pack Separators for Qualitative Separation .......... 835

SPE 36057 Government and Industry Cooperating to Improve Offshore Environment ........ 843
Bert Wolting, Halliburton

N.D. Huynh, R&D Centre for Petroleum Safety and Environment

SPE 36059 Environmental Protection in the Arabian Gulf ......................... 861
A.A.N. Al-Minhali, Adma-Opco

SPE 36061 Exploration and Environment—Interaction or Dilemma? ................. 869
I. Pehrson, Statoil

SPE 36062 The Market for “Greener” Chemicals .................................. 883
T.C. Macfarlane, Halliburton Energy Services

SPE 36064 The Troll HSE Risk Management System ............................... 885
Erik Wiig, Inge Berthelsen, and Kevin Donovan, Norske Shell A/S

SPE 36065 Marine Management Efforts for the Pagerungan Gas Development .......... 891
Amir Hamzah and A.A. Saleh, ARBNI, and T.S. Budhi, Pertamina

SPE 36072 Recent Improvements in Optimizing Use of Dispersants as a Cost Effective Oil Spill Countermeasure Technique .................. 899
G. Indrebo, Esso Norge A/S, and P.S. Dating, IKU Petroleum Research

SPE 36160 Environmental Performance Indicator With Emphasis on ISO Development and Application in Oil Industry ...................... 915
Karin Refsnes, Det Norske Veritas, and A.G. Kjelaas, Saga Petroleum

SPE 36161 Environmental Performance Indicators: A Survey of Their Actual Use in the E&P Industry and of Their Foreseeable Development .......... 923
E. Garland, Elf Aquitaine Production, and I. Thomas, E&P Forum

SPE 36162 Health Assessment of Fitness to Work in the E&P Industry: An E&P Forum Initiative .................. 929
A. Barbey, Schlumberger Ltd.
No manuscript received for the following:

SPE 35881 Enhancing Bioremediation of Gas Plant Wastes

SPE 35884 Cost Effective Management of Petroleum Hydrocarbon Remediation Projects
M.D. Ratliff, Halliburton Energy Services

SPE 35893 Environmental Politics and Strategic Planning in International Oil Companies
J.H. Estrada, K. Tangen, and H.O. Bergesen, Fridtjof Nansen Inst.

SPE 35897 Bioremediation of Marine Oil Spills: The Results of Extensive Lab Research Using Mutagensis
M.M. Omar and M.H. Nour, Egyptian General Petroleum Corp., and A. El-haddad, WEPCO Inc.

SPE 35898 Practices on Oil Spill Prevention and Contingency Planning
G.D. Mohamed, Gulf of Suez Petroleum Co.

SPE 35899 A Study Design for Follow-up of Cancer Incidence and Mortality Among Norwegian Offshore Workers
A. Andersen, Cancer Registry of Norway

SPE 35942 Standards of Cabin Safety for Offshore Helicopter Operations
S.E. Clark, Shell Aircraft Ltd.

SPE 35954 Environmental Performance Indicators
M.L. Stephenson, U. of Calgary

SPE 35957 Preliminary Results of the DOE/MMS Sponsored SEMP Program for Small to Medium Sized Offshore Oil and Gas Producers

SPE 35963 EPA's Natural Gas Star Program: The First Year's Successes
R. Resch, U.S. Environmental Protection Agency

SPE 35964 Blast Assessment for a Jack-Up MODU Drill Floor
A.J. Wolford, Det Norske Veritas; P.J. Phelps, Consultant; and B.L. Halbleib, Global Marine Drilling Co.

SPE 35972 Introducing Quality Into Your Safety Process
J. Conerly, Exxon Co. U.S.A.

SPE 36043 Evidence and Importance of the Pollution by Hydrocarbons and Heavy Metals Induced by Offshore Drilling and Setting up of a Platform in the Kerkennah Islands Oilfield (Eastern Tunisian Platform)
M. Ouakad, Faculte' des Sciences de Bizerte Tunis, and C. Bobier, U. Bordeaux I Nouvelle

SPE 36050 Assessment of Wastewater Parameters and Standards Determination in Indonesia
S. Martopo, Center of Environmental Studies

SPE 36054 Well Drilling and Completion in the Seychelles
T.C. Macfarlane and B. Hooper, Halliburton Energy Services

SPE 36320 Offshore Decommissioning: Finding the Right Balance
T. Cloughley and A.D. Read, E&P Forum

SPE 36416 The North Sea Bioaccumulation Project—Bioavailability of Produced Water Constituents in the Marine Environment
S. Johnsen, Statoil
