ICCM '96 PROCEEDINGS

The 17th Annual Conference on Performance and Capacity Management

"THE CHALLENGE OF CLIENT/SERVER"

April 23-26, 1996
Omni Rosen Hotel
Orlando, Florida

Sponsored by:

ICCM, a Demand Technology Company
1020 Eighth Avenue South, Suite 6 • Naples, Florida 33940-6959
Telephone (941) 261-8945 • Fax (941) 261-5456 • http://www.demandtech.com
Table of Contents

This 17th Annual Conference on Performance and Capacity Management Proceedings corresponds with each individual day. Each Speakers' abstract and presentation materials are located as follows:

Day 1: Perspectives, Tuesday, April 23rd

8:30 - 9:30 am  “Building It Right the First Time: the prospects for performance engineering in Client/Server computing.”  
Speaker: Dr. Connie Smith, Performance Engineering Services

10:00 - 11:00 am  “Re-engineering Systems: what it is and how it impacts capacity planning.”  
Speaker: Chuck Francis, Storm King Consultants

11:00 - 12:00 noon  “Rightsizing Applications Development: not a technology decision anymore.”  
Speaker: Rick Lebsack, IBM

1:30 - 3:00 pm  “Capacity Management and Client Server: an overview and perspective.”  
Speaker: Dr. Bernie Domanski, Domanski Sciences

3:30 - 4:30 pm  “The Network is the Computer: network performance and capacity analysis.”  
Speaker: Phillip Howard, Applied Computer Research

4:30 - 5:30 pm  “Early Problem Identification in Client/Server Development.”  
Speaker: Tom Bell, Rivendell Associates

Day 2: Platforms, Wednesday, April 24th

8:00 - 9:00 am  “Platforms, Platforms, Platforms: performance and capacity management for Client/Server systems.”  
Speaker: Marty Heavey, BGS Systems

9:30 - 10:30 am  “Internetworking: WAN and LAN performance and capacity planning.”  
Speaker: Dr. Kornel Terplan, ICCM

10:30 - 11:30 am  “SNMP and RMON: network performance monitoring trends and directions.”  
Speaker: Lloyd Hagemo, Apertus Technologies

12:00 - 1:30 pm  “Successful Deployment of IT Service Management in the Distributed Enterprise.”  
Speaker: Doug McBride, Hewlett-Packard

2:00 - 3:00 pm  “Advanced RDBMS features and their impact on capacity management.”  
Speaker: Boris Zbitzker, BEZ Systems

3:30 - 4:30 pm  “Massively Parallel Processors: the scalability of architectures and workloads.”  
Speaker: Dr. Neil Gunther, Computer Dynamics

4:30 - 5:30 pm  “Tools and techniques for tuning Windows NT.”  
Speaker: Reza Baghai, Microsoft Corporation
Day 3: Tools, Thursday, April 25th

8:00 - 9:00 am  "Measuring the Client/Server environment: tools for capacity management."
Speaker: Joe Major, JBM Quantitative Methods

9:30 - 10:30 am Vendor Showcase.

11:00 - 12:00 noon "Evaluating Tools for Client/Server Capacity Planning I: Shoes for the Cobbler."
Speaker: Tom Confrey, State of Connecticut

1:30 - 2:30 pm "Evaluating Tools for Client/Server Capacity Planning II: Shoes for the Cobbler."
Speaker: Lorin Olsen, Sprint

3:00 - 5:00 pm Vendor Showcase.

6:00 - 8:00 pm Product demonstrations.

Day 4: Tools, Friday, April 26th

8:30 - 9:30 am "Guts: experiences building mission critical Client/Server applications."
Speaker: Dave Halbig, MCI Telecommunications

9:30 - 10:30 am "Building Client/Server applications that work."
Speaker: Bernie Wong, SHL Systemshouse

11:00 - 12:00 noon "Implementing Service Level reporting for Client/Server."
Speaker: Rick Ralston, Whirlpool Corporation

Please remember to complete your speaker evaluation sheets.
