## COCOA

### BREEDING & SELECTION. I

- Promising Prang Besar cocoa clones
  - C.F. Chong & R. Shepherd
  - Performance of control pollinated Brazilian progenies under Hilir Perak conditions
    - Ibrahim Abdullah, Sapiyah Subali & Ali Bashah Saad
  - Evaluation of early vigour of wild cocoa from Amazon Region of Ecuador
    - J.B. Allen
- Clonal cocoa work on BAL Plantations
  - Y.H. Chan & David H.K. Lim
- Evaluation of clonal materials in MARDI Hilir Perak and MARDI Jerangau
  - Ibrahim Abdullah & Sapiyah Subali
- Pollination ecology of cocoa in Malaysia: identification of taxonomic composition and breeding sites, ecology and pollinating activities, and seasonal abundance
  - I. Azhar & S.M. Wahi
- Scavina combining ability trial at MARDI Hilir Perak
  - Ibrahim Abdullah & Sapiyah Subali
- Preliminary studies on cacao ovules in relation to bean number and bean size
  - Sapiyah Subali & Ibrahim Abdullah
- Discussion                                                            | 109  |

## PHYSIOLOGY. II

- Irrigation of cocoa on coastal soils in Peninsular Malaysia
  - K.H. Lim, C.Y. Ho & B.J. Wood
  - 117

</table>
Seasonal and daily activity patterns of *Helopeltis theobromae* Mill. (Hemiptera: Miridae) and their implications in field control
I. Azhar

Preliminary study of resistance in 4 populations of *Helopeltis theobromae* Miller (Hemiptera: Miridae) to Gamma-HCH, propoxur and dioxacarb
Dzolkhifli Omar, K.C. Khoo, Rita Muhamad & C.T. Ho

Effect of cocoa pod borer *Acrocercops cramerella* Snellen on yield and bean size
G.T. Lim & P.K. Phua

Interrelationship of cocoa rats’ daily movements and home range sizes to population densities and the implications on control strategies
Kamal A. Kamarudin

Field evaluation of cypermethrin (Ripcord) ® on the control of some major cocoa insect pests
C.S. Lee, Y.K. Woo & C.E. Hoo

Discussion

**DISEASES. V**

Problems of *Phytophthora* bark canker on cocoa in Papua New Guinea
C. Prior

Potential for biological control of root disease of cocoa in Papua New Guinea
Philippa Jollands

Screening of some systemic fungicides against *Oncobasidium theobromae* and translocation studies of benomyl in cocoa
M.J. Musa & C.C. Tey

Possible methods to minimise losses due to Vascular Streak Dieback
M.P.G.S. Jayawardena, E. Mohan & M.J. Musa

Factors influencing the production of basidiocarps by *Crinipellis perniciosa*, the causal fungus of cocoa Witches’ broom
H.M. Rocha

Aspects of the epidemiology of Vascular Streak Dieback of cocoa in Malaysia
M.A. Zainal Abidin, G. Varghese & B.J. Mainstone

Preliminary observations on incidence of black pod disease in Amelonado cocoa in Jerangau, Peninsular Malaysia
C.C. Tey, M.J. Musa & B.S. Lee

Relationship between calcium levels and cocoa stem canker caused by two morphological forms of *Phytophthora palmivora*
B.S. Lee, G.A. Zentmyer & B.L. Kho

Studies on some cocoa diseases in Sarawak
R.H. C. Tiong & T.K. Kueh

Discussion
NUTRITION. VI

Litter production and nutrient cycling in a mature cocoa plantation on inland soils of Peninsular Malaysia 451
A.H. Ling

Fertilizer and soil amelioration trials on inland and coastal soils in Malaysia 467

Fertilizer responses of monocrop cocoa in Peninsular Malaysia on a Munchong series soil 489
Nawi Che Yusoff & C.W. Leong

Photosynthesis and transpiration of cocoa leaves 499
R.M. Raja Harun & K. Hardwick

Discussion 504

PROCESSING. VII

A survey of Ghanaian cocoa farmers fermentation and drying practices and their implication for Malaysian practices 509
R.J.E. Duncan

Commercial production of low acid beans 517
R. Shepherd, C.F. Chong, J.G. Taylor & J.D. Menneer

Cocoa fermentation — effect of surface area frequency of turning and depth of cocoa masses 533
Mamot Said & R.J. Samarakhody

Current practices of primary processing and the quality of cocoa beans in Sabah 549
K. Li & M.T. Lee

Cocoa fermentation and the problem of acidity, over-fermentation and low cocoa flavour 561
B. Biehl

Influence of steam and hot-air treatment on winnowing and the bacteriology of cocoa beans 569
F. Koller

Mechanization of cocoa processing 577
J.C. Vincent & L. Stessels

The development of cocoa processing technology and the designing of a complete line for semi-finished cocoa products 587
B. Bonora & O.Chiappa

Discussion 604

EXTENSION & QUALITY CONTROL. VIII

Production and extension of smallholder cocoa in Peninsular Malaysia 609
Department of Agriculture, Peninsular Malaysia
Pre-shipment inspection of Malaysian cocoa beans
Othman Mohd Rijal

Quality control of Papua New Guinea cocoa beans
R.B. Duncan & J.C. Bond

Discussion

BY-PRODUCT, QUALITY & MARKETING. IX

Utilization of by-products of cocoa bean processing
R. Shepherd & T.N. Yap

Chocolate and cocoa manufacturers quality requirements for cocoa beans
B.D. Powell

Some differences in cocoa bean quality requirements between chocolate manufacturers and cocoa powder and cocoa butter manufacturers
J.L. Terink

D. Crotty

The marketing mechanism for selling cocoa powder and cocoa butter in the Malaysian context and its implications on the industry as a whole
P. Meijer

Characteristics of Malaysian cocoa butter
A.H. G. Chin & Nushirwan Zainuddin

Discussion

COCONUT

BREEDING, SELECTION & PHYSIOLOGY. X

Genetic analysis of yield characters in some hybrids of coconuts
(Cocos nucifera L.)
J. Meunier, A. Sangare, J.P. le Saint & F. Bonnot

Recent advances in genetic improvement of coconut yield
J. Meunier, J.P. Le Saint, J.P. Gascon & M. de Nuce de Lamothe

The effect of climatic factors upon nut characteristics of the coconut palm
(Cocos nucifera L.)
E.E.J. Akpan & I.O. Obisesan

Comparison of precocity and yield of hybrid coconut varieties in Thailand
M. Rattanapruck, J.C. Howl, A. Thirakul, C. Petchpiroon & J. Dootson

Distribution and morphology of roots of the Nigerian Tall coconut in relation to nutrient absorption and fertilizer placement
U. Omoti, U.C. Amalu & D.O. Ataga

Clonal propagation of coconut palm
R.L. Branton & J. Blake
Tissue culture of *Cocos nucifera* — biochemical changes preceding embryogenesis
B.G. Smith

Discussion

**CULTURAL PRACTICES, PESTS & DISEASES. XI**

Optimum density for MAWA hybrid
Y.P. Tan & E. Chan

Dry matter production and macronutrient content of the Nigerian Tall coconut
U. Omoti, D.O. Ataga & U.C. Amalu

Dry matter and nutrient composition in hybrid coconuts (MAWA) and cocoa on coastal clay soils
K.C. Teoh, K.S. Chan & P.S. Chew

Foliar decay by *Myndus taffini* (FDMT): New Results
J.F. Julia, M. Dollet & C. Calvez

Severe stem bleeding and frond fracture of MAWA hybrid coconuts in North Sumatra
D. Kartika, F.X. Soebagyo, P.D. Turner & C.J. Breure

Response of coconut nursery seedlings to some cultural treatments in Nigeria
G.O. Iremiren

Effects of fertilizer application on early vegetative growth and precocity of MYD x WAT hybrid coconut in Thailand
J. Dootson, K. Klodpeng, P. Ngankoranatigarn & M. Rattanapruk

Replanting coconut in the cocoa-coconut intercropping system
H.P. Loh, Y.P. Tan, A. Arikiah & E. Chan

Coconuts and cloves in Indonesia
T.A. Davis, H. Azis & S.N. Darwis

Discussion

**PROCESSING, BY-PRODUCT & END USES. XII**

Progress on copra drying and production of white edible copra
C.F. Chooi, A.W. Wanless & C.W. Siah

UPB's coconut dehusking machine
T.S. Toh, H.K. Jorgensen & Y.P. Tan

Utilization of non-kernel products of the coconut
R. Yatawara

Coconut end uses for the chemical industry
R.J. de Vries

Coconut palm sugar
Siti Hasidah Naim & Adinan Husin

Discussion
