SIXTH BERKELEY WORKSHOP on DISTRIBUTED DATA MANAGEMENT AND COMPUTER NETWORKS

Asilomar February 16-19, 1982

LAWRENCE BERKELEY LABORATORY UNIVERSITY OF CALIFORNIA, BERKELEY

PREPARED FOR THE U.S. DEPARTMENT OF ENERGY UNDER CONTRACT W-7405-ENG-48
CONTENTS

Gemini--A Reliable Local Network
   Neil B. Cohen, Charles B. Haley, Scott E. Henderson, and Chak L. Won ................. 1

The Resiliency of Fully Replicated Distributed Databases
   Wing Kai Cheng and Geneva G. Belford ............................................. 23

A Robust and Efficient Protocol for Checking the Availability of Remote Sites
   Bernd Walter ................................................................. 45

A Quorum-Based Commit Protocol
   Dale Skeen ................................................................. 69

Implementation of Distributed Transactions
   Deborah J. DuBourdieu ....................................................... 81

Mutual Consistency of Copies of Files Based on Request Characteristics
   Gautam Barua ................................................................. 95

On the Use of Optimistic Methods for Concurrency Control in Distributed Databases
   Stefano Ceri and Susan Owicki .............................................. 117

Performance of Two Phase Locking
   Wen-Te K. Lin and Jerry Nolte .............................................. 131

A Distributed File System Architecture Supporting High Availability
   D. Scott Parker and Raimundo A. Ramos .................................. 161

Site Initialization, Recovery, and Back-Up in a Distributed Database System
   Rony Attar, Philip A. Bernstein, and Nathan Goodman ............... 185

View Definition and Generalization for Database Integration in Multibase: A System for Heterogeneous Distributed Databases
   Umeshwar Dayal and Hai-Yann Hwang .................................. 203

Selective Broadcast in Packet-Switched Networks
   David W. Wall ................................................................. 239

Performance Analysis of a Shortest-Delay Protocol
   Liang Li, Herman D. Hughes, and Lewis H. Greenberg .................. 259

The BX.25 Certification Facility
   J.A. Melici ................................................................. 283
