by Allen E. Shinder ............................................. 37

SESSION 3 - CC76 LUNCHEON
Anthony R. Ameruso, Chairperson

* Paper not available.
SESSION 4 - BICYCLE USE AND DEMAND
Harry L. Hines, Chairperson

BICYCLE USE AND DEMAND
by Harry L. Hines .......................................................... 45

ATTITUDES ON INCENTIVES AND DETERRENTS TO BICYCLE
AND PEDESTRIAN COMMUTING
by Sunny Curry, John O. Haanstad, James R. Laga,
L. Schwartz, Robert A. Sorenson and P. Wallach .................. 50

ANALYSIS OF TRIPMAKING BY BICYCLE AND NON-BICYCLE
USERS AND DEVELOPMENT OF TRIP-END MODAL CHOICE
MODEL FOR BICYCLE TRAVEL DEMAND
by Shui-Ying Wong and Robert L. Smith, Jr. ...................... 71

BICYCLE USE IN URBANIZED AREAS: A SWEDISH EXAMPLE
by Susan Hanson and Perry Hanson ............................... 84

FORECASTING URBAN AREA BICYCLE DEMAND AT THE
NEIGHBORHOOD LEVEL
by Thomas W. Walsh, Jr. ............................................... 97

SESSION 5 - CASE STUDIES
Ernest Lindner, Chairperson

STATUS OF BIKEWAY FACILITY DEVELOPMENT - NEW JERSEY
AND PENNSYLVANIA
by Charles Bauerlein ...................................................... *

TEMPE BIKEWAYS - THE MORNING AFTER REVISITED
by Elizabeth A. Drake .................................................. 113

NATIONAL COOPERATIVE RESEARCH PROJECT ON BICYCLE
FACILITIES
by Reiner Jaakson ....................................................... *
SESSION 6 - THE URBAN STREETSCAPE
Jon Baker, Chairperson

NOTES ON THE DESIGN OF EATON CENTRE
by Eberhard H. Zeidler .................................................. 129

ECONOMY AND PUBLIC AMENITY DOWNTOWN
by Mark W. Fram ............................................................ 144

STATE STREET PEDESTRIAN/TRANSIT MALL:
CHICAGO, ILLINOIS
by Charles W. Lustig .................................................... 154

PEDESTRIAN BEHAVIOR
by Francis P. D. Navin .................................................. 169

SESSION 7 - PLANNING AND DESIGN
Thomas A. Gawley, Chairperson

PARKWAY BELT WEST PLAN (ONTARIO)
by Robert Little ............................................................ *

PLANNING AND IMPLEMENTATION OF TORONTO’S
WATERFRONT BICYCLE TRAIL
by Simon Chamberlain .................................................. 184

by Robert Siegel ............................................................. *

TRAVELING BY AIR AND BICYCLE
by Barry Greaves ............................................................ *

SESSION 26 - MEMBERSHIP LUNCHEON

Robert Schumacher, Chairperson
SESSION 27 - ROUND TABLE DISCUSSIONS

CRITIQUE OF WORLD BICYCLE WEEK
Carl H. Berkowitz, Chairperson ........................................... *

GRANTSMANSHIP
Ira N. Pierce, Chairperson .................................................. 587

CAMPUS PLANNING
Garrett Eckbo, Chairperson .................................................. 589

BI-PED NEWSLETTER
John Templer, Chairperson ................................................... *

FUTURE CONFERENCES
Walter H. Kraft, Chairperson ................................................ 592

CERTIFICATION
James L. Konski, Chairperson .............................................. *

CANADIAN AFFILIATION WITH MAUDEP
Norman Hawirko, Chairperson ............................................. *

EQUIPMENT DESIGN
John Forester, Chairperson .................................................. 593

RECREATION PLANNING
Charles Bauerlein ............................................................... *

CONSULTANT SELECTION
Louis Rubenstein ............................................................... 594

PEDESTRIAN TOPICS
Martin L. Reiss ............................................................... 596

SESSION 28 - RESOLUTIONS
Elizabeth Drake, Chairperson .............................................. 597
