TABLE OF CONTENTS

I. REGIONAL CHALLENGES & OPPORTUNITIES .................................................. TAB 1

Kudu Gas Field, Recent Announcements & Namibian Offshore Geology & Petroleum Prospectority – Dr. R. McG. Miller, NAMCOR
Deep Offshore Exploration Opportunities in Cote d’Ivoire - Daniel Gnagni, PETROCI
Financing Offshore Development and Production - Fred Lawrence, ENRON INTERNATIONAL
A System Dynamics Control of a Petroleum System – Dr. C.M.U. Egbunike, NIGERDOCK NIGERIA PLC
Leasing of Gas Turbine Power Systems: Case Study of Power System Leasing as Applicable to the Oil & Gas Industry – Greg West, STEWART & STEVENSON
Health Care in the Tropics: Resources for Prevention of Disease and Provision of Lower Cost Quality Care – Dr. Michael A. Ballard, TULANE UNIVERSITY MEDICAL CENTER
Future Environmental Perspectives in the Oil & Gas Industries – Mike Flory, ENVIRONMENTAL EDUCATIONAL SERVICES, Ron Sparks, UNION TEXAS PETROLEUM
The Challenges of Developing Offshore West Africa – Chiagozie Hillary-Nwokonko, CORAM
The Difficulties of Operating in the West African Sub Region – Stanley Ukaga, DUPRE’ INTERNATIONAL LTD.
Conditions for the Development of Gas Fields in Developing Countries – Steve Thornton P.E., UMIC COTE D’IVOIRE CORPORATION
The Future State Participation in Petroleum Exploration and Production in Developing Countries, E.N. Mojuetan, CHEVRON OVERSEAS PETROLEUM INC.

II. DRILLING & PRODUCTION ............................................................................. TAB 2

Water Shut Off: A New Run-Up – Jacques Masmonteil, SCHLUMBERGER DOWELL
Cable Deployed Pumping System Case Study – M. Toubar, H. BAHAZA ZAFAARANA OIL COMPANY, R. Guindi, REDA PUMP
Field Trials Results of a Subsea System for Multiphase Well Testing – Dario Berti, F. Menegazzo.TECNOMARE S.p. A.
APAC Concept - A New Umbilical - Less Subsea Control System – Jeremy Cutler, Steven Bryne, J.P. Juget, TOTAL OIL MARINE
Using a Modular Subsea Template System to Fast Track the Zafiro Field Development – Randy Wester, FMC CORPORATION, Emmett Richardson, - MOBIL EXPLORATION AND PRODUCING TECHNICAL CENTER, Greg Edelbrock, MOBIL DRILLING
Technology of Re-Entry and Redrill Operations, Dr. Jack Nelson, CANADIAN TRITON INTERNATIONAL LTD.
Developments in Multi-Lateral Completions Technology – Carl Hills, PRESSURE CONTROL ENGINEERING
Deep Water Well Simulations of Lost Circulation Situations Caused by Kicks – Dr. Johnny Petersen, ROGALAND RESEARCH
Preset Moorings for Deepwater Drilling Operations in West Africa – Mike Perceval, AKER MARITIME CONTRACTORS INC
Advances in LWD Technology Permit Operators to Consider Wireline Replacement in Horizontal Development Wells – Dale R. Heysse, Charles E. Jackson – HALLIBURTON ENERGY SERVICES

Successful Experiences with Full Wave Acoustic Logging-While-Drilling – Dale R. Heysse – HALLIBURTON ENERGY SERVICES

Drilling and Completing Horizontal Wells With Build Rate in Excess of 30°/100ft – J.R. Jethnani, L. Underwood, Bruha, R. Oncale, HALLIBURTON ENERGY SERVICES

Borehole Imaging Helps Define Well Geometry, Reservoir Structure and Zonation in West Africa - Stefan Luthi, SCHLUMBERGER Montrouge, France

Low Cost Flexible Solutions to Subsea Production for Deepwater Fields in West Africa – Ian Calder, ABB VETCO GRAY U.K. LTD.

Guidelineless Horizontal Tree For Deepwater Design Criteria and Future Development – Luiz A. Olijnik, COOPER CAMERON CORPORATION, Mauricio Werneck De Figueiredo, PETROBRAS

III. DEVELOPMENT, INSTALLATION & INFRASTRUCTURE .....................TAB 3

Smart-Leg: A Cost-Effective Float-Over system for Heavy Platform Decks – Jean-Paul Labbe, McDERMOTT-ETPM WEST, INC.

Two Innovative Solutions for Offshore Field Development a Jack-Up, the TPG 500, and a Deep Draft Semi-Submersible Platform, the TPG 3300 – Pierre-Armand Thomas, Florence Gaubil, TECHNIP-GEOPRODUCTION

Progress Report on the Nigeria LNG Project – Peter Groeneweg and Fred Smeenk, Plant Manager, NIGERIA LNG LTD.

Escravos Gas Project – The Next Chapter, Grant C. Hilton, CHEVRON NIGERIA LTD INC.

North Sea Pipeline Experience Can Benefit West Africa – Eric Hansen, McDERMOTT-ETPM WEST, INC

The Low Cost Pipeline Connection System JIP – Alex Panayotti, OIL STATES INDUSTRIES (UK) & Trevor Jee, Managing Director, TREVOR JEE ASSOCIATES

Applications for Coiled Line Pipe in Offshore Field Development Programs – William Strong, CAL DIVE INTERNATIONAL Herb Porcian, CONTINENTAL ENGINEERING

Linepipe for Deepwater Pipelines – R.K. Dhadda and Dr. P. C. Rawat, ENGINEERS INDIA LTD.

Deepwater Pipeline Repair, Looking to the Future – Michel Bourhis, H.O. Mohr, Al Cooper, HYDROTECH SYSTEMS, INC.

Test Specifications for Pipeline Connectors – Alex Panayotti Development Manager, OIL STATES INDUSTRIES UK LTD., and TREVOR JEE, Managing Director, TREVOR JEE ASSOCIATES

Developing a Regional Logistics Support in Sub-Sahara West Africa Region – G. Volpi, Managing Director, INTELS WEST AFRICA LTD.

Satellite Communication for Offshore, Onshore and Overseas – Nichole Forder, STATION 12

Petrobras Digitization Project for Campos Basin – John J. Mariano TYCO SUBMARINE SYSTEMS, Luiz Gonzaga Oswald, PETROBRAS
Productivity and Well Test Analysis of Hydraulically Fractured Highly Permeable Formations with Near Wellbore Damage – Mohamed.Y. Soliman, HALLIBURTON ENERGY SERVICES

A Methodology To Establish a Range of Reservoir Parameters Effecting Deepwater Development – T. Woulfe, AKER MARITIME, H. Skjaveland and G. Krijger, A/S NORSKE SHELL

Deepwater Reservoir Subsidence Monitoring Project with a New Formation Compaction Monitoring Tool – T. Hagiwara, H.A. Zea, HALLIBURTON ENERGY SERVICES, Arne J. de Kock, SHELL OFFSHORE INC.

Reservoir Geochemistry Applications and Case Studies in Nigeria – P. (Sundar) Sundarmaraman, CHEVRON NIGERIA LIMITED

Meren Field, Nigeria, 4D Seismic Processing and Interpretation – A. A. Adeogba, M. F. Bee, G. Delorme, CHEVRON NIGERIA LTD., D. E. Lumley, CHEVRON PETROLEUM TECHNOLOGY COMPANY, A. Nunns, CHEVRON OVERSEAS PETROLEUM
