PAPERS

Terminology and Classification

A Compositional Approach to Nursing Terminology, N. Hardiker and J. Kirby 3
Nursing InterventionIntensity and Focus: Indicators of Process for Outcomes Studies, S.J. Grobe, L.C. Hughes, L. Robinson, D.C. Adler, I. Nuamah and R. McCorkle 8
Evaluating Standardized Coding and Classification Systems for Clinical Practice: a Critical Review of the Nursing Literature in the United States, S.B. Henry and C.N. Mead 15
Strategies and Tools for Creating a Common Nursing Terminology within a Large Health Maintenance Organization, C.A. Zingo 27
The Danish National Health Classification System - Nursing Interventions Classification - a Part of a Common Danish Health Care Classification, I. Madsen and S.A. Jytte Burgaard 32

Development of Nursing Informatics

New Challenges for Nursing Informatics, M.J. Ball, J.V. Douglas and B.J. Hoehn 39
Important Considerations about Nursing Intelligence and Information Systems, E.C. Ballard 44
Effects of a Nursing Information System in 5 Dutch Hospitals, F. Eurlings, A. van Asten, H. Cozijn, K. Klaassen, R. Stokman, R. van Valkenburg and E. van Gennip 50
Nursing Informatics in Germany: Hospitals on the Track, B. Schulz and S. Steeneck 56
The International Classification for Nursing Practice: A Progress Report, Dame J. Clark 62
Developing Informatics as a Discipline, J.P. Turley 69
Monitoring and Management

Data Extraction and Archiving for Nursing Research Using a Bedside Clinical Information System, J. Saville, L. Goodwin and D. Bryars 77
Development of a Computerized Database for a Nursing Quality Management Program, J.M. Welton 82
Patient Outcomes and Nurses’ Classification Data, E.J. Halloran, J.M. Welton, S.P. Englebardt and M.W. Thorson 94
Health-Related Outcomes Management: Moving Forward Standing Still, J.S. Shamian, L.M. Nage and M.A. Catt 99
Improving Nursing Documentation to Include Outcomes of Care in Computerized Information Systems, K.A. McCormick 105

Current Status of Informatics Education

Computer Literacy: Expected Learning Outcomes in Nursing Studies and the Reality, K. Saranto and H. Leino-Kilpi 113
The Information Age: The Status of Technology in Nursing Education Programs in the United States, B. Carty and P. Rosenfeld 125
The Current Status of Nursing Informatics in Undergraduate Nursing Programs: Comparative Case Studies between Sweden and Australia, J.L. Hardy, R. Lindqvist, M.-L. Kristofferzon and O. Dahlberg 132

Educating Clinicians

An Informatics Education for Improved Nursing by Introducing and Easy Data Base System, Y. Narita, R. Satou, H. Takahashi, K. Miura and Y. Takemoto 139
Education of Clinical Nurses in Nursing Documentation in Accordance with the VIPS-model, C. Björvell and I. Thorell-Ekstrand 145
Computerized Education in a Multi Hospital University Medical Center, M.R. Price and R.R. Wieczorek 149
Understanding Surgery: Multimedia Comes to Theatre, S. Dakin, M. Garner and M. Plura 153

System Design

System Design Challenges: The Integration of Controlled Vocabulary Use into Daily Practice, K. Douglas and M. Nubie 167
Using a Revised Model to Identify Information Requirements for Cardiac Surgery Patients Operating Mobile Computing Technology, C.A. Gassert 172
Informatics Curricula

Nursing Informatics in Nursing Education, V.K. Saba and J.B. Riley 185
Nursing Informatics in a Registered Nurse Graduate Program, J. Aroian and O. Breton 191
The Role of Nurse Education in the Integration of Information in the Health Care Environment, P.M. Procter 195
Keeping Education in Health Informatics on the Right Track, C. Nøhr, A. Bygholm and O. Hejlesen 201

Implementation

Benefits Realisation in Maternity Information Systems, H.J. Betts and R. Gunn-Russell 209
Evaluation of Community Nursing Information Systems, A. Langeen and T. Bjelland 220
Using Reengineering to Improve “Customer Visit Processes”, D. Salois-Swallow 223

Research Methods

Developing a Generic Health Status Measure for Use in a Computer-Based Outcomes Infrastructure, M.T. Lush, S.B. Henry, K. Foote and D.L. Jones 229
Description of a Comprehensive Research Project to Develop a Reference Model for Nursing Information Systems, P.J.M.M. Epping and W.T.F. Goossen 235
Determining an Appropriate Clinical Problem for Expert System Development in the Neonatal Intensive Care Unit, T.L. Panniers 241

Standards

Attention for Security now more Needed than Ever, E.S.P. Pluyter-Wenting 253
Nursing Information and Data Set Evaluation Center, K. Marek, J. Kneedler, R. Zielstorff, C. Delaney, P. Marr, C. Averill and D.K. Millholland 257
European Standardization in Healthcare Informatics and the Need for Increased Involvement of Healthcare Professionals, K. Kajbjer 269
A Conception of a Support System for Optimising the Organisation of Nursing Staff from the Viewpoint of the Nursing Care Needs Structure, S. Tsuru, S. Shindob, Y. Takatanic and A. Seod 275

Nursing Language

Implementation of Standardized Nursing Languages (NIC, NOC) in On-line Care Planning and Documentation, C.M. Prophet, G.G. Dorr, T.D. Gibbs and A.A. Porcella 395
A Comparative Study of Nursing Diagnosis Systems Using Neural Networks and Expert Systems, J.A. Kim 404
The VIPS Model - Implementation and Validity in Different Areas of Nursing Care, A. Ehrenberg, M. Ehnfors and I. Thorell-Ekstrand 408

Teaching and Training Strategies II

The Learning Collaboratory: A Knowledge-Building Environment for Nursing Education, D.J. Skiba 413
Training Strategy For Nursing Staff In Using Computers In Hospitals - A Malaysian Viewpoint -, S.B. Mohamad, L. Coote and V. Lane 418
Education and Training in Health Informatics the IT EDUCTRA Project, A. Hasman 424

Curriculum and Faculty Development

Expanding Nursing Informatics Knowledge Through Curriculum Development: A Collaborative Faculty Practice Model, B.E. Carter and B. McGuiness 431
Conquering Technophobia: Preparing Faculty for Today, P.L. Richard 437
E-discourse and Continuing Professional Education: the Fusion of Nursing Knowledge and Informatics to Close the Theory-Practice Gap, P.J. Murray 442

Evaluation

Nurses’ MEDLINE Usage and Research Utilization, P.L. Prin and M.E. Mills 451
A Comparison of Network Use by Academic and Clinical Sites, D. Anthony 457
Nurses’ Perceptions of the Impact of a Computerized Information System on a Critical Care Unit, A.L. Lyness, M. Hravnak and D. Martich 463
Implementation of a Patient Management System in a Children’s Hospital, L.A. Westbrooke and R.L. Carr 469

Teaching and Training Strategies III

Advances in Digital Video for Electronic Media, J.A. McAfooes 477
Video Conferencing in Group Training of Psychiatric Nurses, S. Bergvik and D. Gammon 481
A Simulation Program that Teaches Clinical Decision Making in Nursing, K. Hjelm-Karlsson and H. Stenbeck 492
### Nursing Resource Management

Transforming Resource Utilization Data into Information, *L.M. Nagle and K. Miller* 499  
An Information Processing System for Scheduling of Nurse Assignments by Head Nurses, *I.S. Kim and S.W. Hong* 503  
Workload Measurement in the ICU, *K. Øyri* 512

### Communication

The ComputerLink Projects: A Decade of Experience, *P.F. Brennan* 521  

### Panels

Learning by Sharing in Nursing Informatics: CARING and WINI, *C.J. Bickford, K. Smith and S.K. Newbold* 536  
The Internet in Nursing Education: World-wide Linkages of Nursing Students, Faculty, and Resources, *F.P. Brennan, H. Springer, D. Skiba, M. Conrick and M.C. Griffith* 537  
International Nursing Language and Health Care Informatics, *S.J. Grobe, Dame J. Clark, W.L. Holzemer, W. Sermeus and A. Thoroddsen* 540

### Workshops

Educational Technologies and Distance Learning: An On-line Demonstration, *C.D. Parker and V.T. Laidlow* 543  
Medication Charting Sailing into Automation, *M. Thompson and A. Walker* 544  
The Benefits of Open Healthcare Information Systems for Nursing, *A. van der Werff* 545  
Integration of Information Systems with Care Delivery Models to Provide Patient Focused, Resource Efficient, Outcome Effective Nursing Care, *J.A. Murphy* 546  
Creating a Virtual Resource for Health Informatics Teaching: the GHIFT project, *J. Murphy* 547  
Nursing Informatics Education in Europe, *J. Mantas, F. Eurlings, E. Pluyter Wenting and W. Sermeus* 548  
Automating Clinical Documentation. The Dr. Spock Guide to Prenatal Care, *M. Douglas* 550
ACTION: Assisting Carers using Telematics Interventions to meet Older Person’s Needs, L. Magnusson, H. Berthold, L. Brito, M. Chambers, T. Daly and D. Emery 551
Writing for Publication: A Way to Share Health Care Information Knowledge, B.J. Brown, B. Henry, N. Casey and K. Wilskman 552
The Paperless Hospital, K. Arvedson, B. Sjöberg and U. Hertin 553
The Development of a Nursing Information Reference Model, P.J.M.M. Epping and W.T.F. Goossen 555
Preparing Nursing Information Systems through Education, I. Moisil 556

SCIENTIFIC DEMONSTRATIONS

Computerized Classroom Presentation with Keypad Questions as Compared to Traditional Classroom Lecture, C. Cooper, S. Gerth, K. Lewis, D. Maxwell and P. Tymchyshyn 559
A Virtual Conference for World-wide Health Workers, J. Hovel 560
Creating Web Pages with HTML, M. McClees 561
The Braden System, B. Braden, N. Bergstrom and P. McNees 562
The NIGHTINGALE project, J. Mantas and P. Dounavis 564

POSTERS

Hospital and Community Systems

Computer-based Patient Classification System Used for Nursing Cost Allocation, P. Partanen, E. Töyry and P. Savolainen 567
Nursing Informatics in Finnish University Hospitals - State of the Art, S. Salantera, K. Saranto and O. Ponkala 568
Getting the Right System: The CHIPS Experience, G.C. Clough 569
Nursing Knowledge Has an Impact in Innovation of Information Systems for the Primary Health Care - Networking as a Tool, T. Jørgensen 572
Decision Support and Knowledgebase

The Beginning of a Knowledge Build-up, Interaction, and Partaking Responsibility Model in Health Care Concerning Patient Development, S. Weiner S and M. Hedström 577

A Prototype of a Medical Decision Support System for Patients with Ulcus Cruris Venosum, E. Blomström and K. Wikell 578

Computerized Interviewing to Enhance Decision Making of Nurse Practitioner Students, N.K. Meehan 579

Decision Support System in Nursing Diagnoses During Prenatal Care, S.M.O. Barros, H.F. Marin and A.M. Silva 580

Internet and Videoconferencing Education

Using Nursing Resources on the Internet, M.A. Silva and M.H. Lopes 583

The Development of a Practice Based Nursing Home Page, D.M. Goldsmith, R.H. Chapman, J. Wandel, P.J. Reiley and C. Safran 584

A Small Intranet for Teaching how to Use Internet, K. Yamanouchi, M. Nakano and M. Nojiri 585

Application of the Internet for Nursing Education, Y. Majima 587

Education

The First Report about the NICE Project - Nursing Informatics and Computer Aided Education, P. Kokol and V. Brumec 591

"Novum Media" a Centre for Developing Distance Education in Medicine and Nursing within a Health Care Region, M. Fundin 592

Distance Education in Nursing via a Computer Conference, I. Olausson, K. Hjelm-Karlsson and G. Gustafsson 593

The SIP Project - A Push for Technological Innovation in Nursing Education in Denmark, R. Kolbæk 594

A CD-ROM-based Educational Tool for Teenagers with Diabetes, H.V. Jørgensen, J.B. Knudsen and S. Sander 595

Development of a Prototype of an Education System in Prenatal Hygiene, K.G.B. Lopes and H.F. Marin 596

Methods and Attitudes

Teaching Method and Evaluation of Information Education in Shimane Nursing College, H. Ezumi, Y. Sota and N. Ochiai 601

A Centre for Informatics in Nursing and Caring, O. Sundin and S. Johansson 602
Representing Heterogeneous Viewpoints of Healthcare Professionals, M. Schoop 603
COACH - Canadian Nursing Informatics Group Maintaining Momentum, P. Jeselon, H. Clément, P. Welychka and S. Salois-Swallow 604

Documentation and Classification

An Innovative Home Health Care Classification System for Continuity of Care, V.K. Saba 607
Concepts for Nursing Practice: a Swedish Model for Nursing Documentation, the VIPS Model, Compared to Other Classifications, M. Thunberg, M. Ehnfors, E. Hamrin 608
Refining and Evaluating a Nursing Diagnosis Taxonomy, M. Rosenberg and C. Delaney 609
Intensive Course in Nursing Documentation in Accordance with the VIPS Model, C. Björvell and I. Thorell-Ekstrand 610

GRADUATE STUDENT POSTERS

A Plan for Enterprise Integration, authored by: K.G. Charters 615
Toward a Decision Support Framework for Preventing, Detecting and Minimizing Errors in Nursing, authored by: M. Costantino 616
The Relationship between Health Status Scores on Hospital Admission and the Care Planned by the Nurse, authored by: M.T. Lush 617
Nursing Documentation in Pediatric-Nursing Care, authored by: G. Engvall 618
Individual Health Promotion Program (IHHP), authored by: P. Hernandez 619
Adoption of a Computer Mediated Communication Network, authored by: K. Smith 620
Computer Anxiety Among Graduate Nursing Students, authored by: M.M. Gillespie 621
Development and Use of Clinical Guidelines in Public Health Care, authored by: K. Nordstrand 622

Author Index 623
Subject Index 627
