Proceedings of the
9th
Road Engineering Association of Asia and Australasia Conference (REAAA)

Wellington, New Zealand
3 - 8 May 1998

Volume 1
PRIVATE SECTOR FINANCING OF ROADS

The Government’s & the Private Sector’s Roles & Functions in the Financing of Toll Road Projects in Malaysia
Tan Eng Cheong, Malaysian Highway Authority & Saw Wah Theng, Gamuda Berhad

Application of Risk & Asset Management Systems in the Toll Road Industry
Johan Louw & Jason Myers, Connell Wagner

Private Sector Funding of Roads
Robert G Jamieson, Beca Carter Hollings & Ferner Ltd

Melbourne City Link
The Largest Private Sector Infrastructure Project in Australia
Ken Mathers, Melbourne City Link Authority

STRATEGIES FOR A SAFER ROAD ENVIRONMENT

The Implementation of Road Safety Audit in New Zealand
Ian Appleton, Transfund New Zealand

Strategies for Developing a Safer Road Environment
Barbara E Sabey, Road Safety Consultant

The Highway 407 Safety Review: A Sea Change for Highway Design?
John B L Robinson, UMA Engineering Ltd & Gerald Smith, UMA Group

Road Safety Audit
A Hindrance or a Help in Achieving a Safer Road Network?
Ron Gowan, Road Safety Audits Pty Ltd

SKID RESISTANCE

Development of a Skid Resistance Policy
A E Young & C K Kennedy, WDM Limited

Pavement Texture & Skid Resistance Models for New Zealand Chipsealed Pavements
John E Patrick, Peter D Cenek & Paul Carpenter, Opus International Consultants Ltd, Central Laboratories

Wainuiomata: Calcined Bauxite Surfacing
K C Hudson, Duffill Watts & Tse Ltd & P Mumm & I Steer, Hutt City Council

Road Skid Resistance & Liability Issues
Dr Frank Bullen & Melissa Bullen, Queensland University of Technology & Sgt John Ruller, Queensland Police Accident Investigation Squad
ROAD PRICING & TOLL ROADS

Two Decades of Congestion Pricing
A P Gopinath Menon, Land Transport Authority

Toll Road Forecasts — How Confident Can We Be?
J D Morris & D K Johnston, D A Maunsell

Mobility — The Role of the Private Motor Car
Electronic Road Pricing in Hong Kong
Brian Stanley & Jack Opiola, Wilbur Smith Associates Ltd & K M Tsang, Transport Department

PAVEMENT DETERIORATION MODELS I

Distress of Flexible Pavement: Observed in Comparison with HDM-III's Prediction
Salim Mahmud, Institute of Road Engineering

Trial Application of HDM Deterioration Models to New Zealand Sealed & Unsealed Roads
Sandy Fong & Peter D Cenek, Opus International Consultants Ltd, Central Laboratories

Chip Seal Performance Prediction Models
Dan Zhu, University of Canterbury & Bryan Pidwerbesky, NZ Bitumen Contractors' Assn

Ian D Greenwood, Opus International Consultants Ltd, Christopher R Bennett, Highway & Traffic Consultants Ltd & Roger C M Dunn, University of Auckland

PRACTICAL APPLICATION OF SAFETY AUDIT

Road Safety Auditing the EASy Way
Peter Croft & Ashok Mehta, Roads & Traffic Authority NSW & Deborah Donald, Andrew O'Brien & Associates Pty Ltd (formerly ARRB Transport Research Ltd)

Some Issues with Road Safety Audit Internationally
Phillip W Jordan, VicRoads & Michael J Goodge, Ross Silcock Ltd

Changes in Road Safety Audit in Practice
Andrew O'Brien, Andrew O'Brien & Associates Pty Ltd

NETWORK APPROACHES FOR DETERMINING PRIORITIES FOR ROAD EXPENDITURE

A Simple Model for Estimating Road Funding Needs
R J Peters, Main Roads Western Australia

Developing a New Procedure for Allocating Road Maintenance Funds in New Zealand
Tony Porter, Opus International Consultants Ltd & Gerard Burgess, Transfund New Zealand
Economic Prioritisation of Road Improvements: A Case Study from India 169
Christopher R Bennett, N D Lea International Ltd & Ronald R Allan, Transport Economist

Road Network Asset Management Plans: The 10 Year Future 176
David Hutchison, Opus International Consultants Ltd

ROAD CRASH COUNTERMEASURES 183

Rural Road Accidents & Safety Countermeasures: The Case of Bangladesh 184
Md Mazharul Hoque & Hasib Mohammed Ahsan, Bangladesh University of Engineering & Technology

Improved Safety at Zebra Crossings 190
Ho Seng Tim, Land Transport Authority

Road Engineering Countermeasures: An Evaluation of their Effectiveness & In-Depth Investigations of the Unsuccessful Treatments 197
Bruce F Corben & Hamish A Deery, Monash University Accident Research Centre

Environmental Countermeasures for Alcohol-Related Pedestrian Crashes 203
Bruce Corben & Kathy Diamantopoulou, Monash University Accident Research Centre & Narelle Mullan, formerly Monash University Accident Research Centre

ROAD PAVEMENT DATA COLLECTION & ANALYSIS 210

Monitoring the Performance of Moisture Barriers 211
Lucas R Pardo, T J Chadwick Geotechnical Testing Pty Ltd, James C Holden & Kerry J McManus AM, Swinburne University of Technology & Sandra De Marco, Australian Mining Consultants

Reporting Pavement Roughness; The Development of a New Index 218
A T Papagiannakis, Washington State University

High Speed Road Asset Surveys, Image Capture & Testing 225
Derek G Stembridge, InfoVision

Optimisation of Rideability in Road Construction & Maintenance by the Application of Emerging Technologies 227
Fred Clerk & George J Giummarra, ARRB Transport Research Ltd

PRICING & CHARGING 234

Are Road User Charges Competitive? 235
Stephen J Gale, NZ Institute of Economic Research Inc

Behavioural Responses of Transit Passengers to Time-Dependent Fares 242
Chin Kian Keong, Land Transport Authority
ROAD SAFETY MODELLING — CRASH PREDICTION

Modelling Traffic Accidents — Taiwan Experiences
Jian-Shieu Chen, National Cheng-Kung University & Chun Yat Hsu & Shih-Chueh Wang, Taiwan Area National Freeway Bureau

Using Accident Prediction Models in Area Wide Crash Reduction Studies
Shane Turner, Beca Carter Hollings & Ferner Ltd & Alan Nicholson, University of Canterbury

The Effect of Curves & Speed on Crash Rates & Severity
Glen Koorey, Opus International Consultants Ltd, Central Laboratories, Fergus Tate, Institute for Transport Studies, Leeds & Ian Melsom, Transfund New Zealand

NEW TECHNIQUES

Endurazyme Trials on Unsealed Roads
Michael Darnell & Wayne Stewart, Opus International Consultants Ltd, Ken Hudson, Duffill Watts & Tse Ltd, Trevor Bennett, Tararua District Council & Jim McMillan

A Blend of Retona 60 & Petroleum Bitumen, Its Characteristics, Properties & Impacts to Asphalt Industry in Indonesia
Kamtomo Kadarsin, Ministry of Public Works, Lisminto, PT Olahbumi Mandiri & K A Zamhari, Road Engineering Institute

Stone Mastic Asphalt: Pavement Technology for Today & Tomorrow
Prof A R Woodside, Dr W D H Woodward & H Akbulut, University of Ulster & H Erdlen, J Rettenmaier & Söhne

ENVIRONMENTAL CAPACITY & MANAGEMENT

Towards A General Model for the Environmental Capacity of Roads
Doni J Widiantono & Stephen E Samuels, University of NSW

Meeting the Challenge of Change; Developing Transportation Policies that Avoid Easy Answers and Actually Work
Dr Sandra Rosenbloom, University of Arizona

Transmission Gully Motorway Engineering & Environmental Aspects
Graham Ramsay & Ronald G Stroud, Beca Carter Hollings & Ferner Ltd & David R Rendall, Transit New Zealand

ACCIDENT DATA ANALYSIS

Selection of the Appropriate Accident Reduction Plan Type
Alan Nicholson, University of Canterbury

Accident Investigation in Three Cities Pilot Project Areas in Indonesia
Didik Rudjito & Muhammad Idris, Institute of Road Engineering, & Andrew J Downing, Transport Research Laboratory
An Analysis of the Impact of Mobile-Phone Use on Road Traffic Accidents
Parviz Amir Koushki, Saleh Yaseen Ali, & Omar I Al-Saleh, Kuwait University

Crash Factors at Rural Highway Accesses
Warwick D McWha, Opus International Consultants Ltd & Roger C M Dunn, University of Auckland

PAVEMENT REHABILITATION & PERFORMANCE
Mechanistic Design of Rehabilitation Treatments for New Zealand Roads
Greg Arnold, Transit New Zealand

Influences of Angularity of Fine Aggregate on Durability of Asphalt Concrete Pavement
Keizo Kamiya, Shigeru Shimeno, Hidefumi Takeda & Kazumasa Kawamura, Research Institute, Japan Highway Public Corporation

Otta Surfacing — A Durable and Cost Effective Global Solution for Low Volume Sealed Roads
Charles Overby, Norwegian Public Roads Administration

AIR POLLUTION
Development of OMG Volume Source Models for Junction Air Pollution Prediction
I G W Samsi Gunarta & G Gunawan, Institute of Road Engineering & Agoes Soehianie, Bandung Institute of Technology

Pollution Emission Rates of New Zealand Vehicles
Vince K Dravitzki & Igor A Kvatch, Opus International Consultants Ltd, Central Laboratories

The Effectiveness of Vegetation for Reducing Air Pollution
Nanny Kusminingrum & M Sjahdanulirwan, Institute of Road Engineering

POLYMER MODIFIED BITUMENS
Performance Advantages of Polymer Modified Bitumens (PMBs) with Particular Reference to Sealing Binders
Murray Parry, Yadollah Zia & Simon Copley, BP Bitumen, BP Australia Ltd & John Starr, Bitumix New Zealand

Polymer Modified Binders for Construction & Maintenance of Roads — Indian Experience
Late Prof A K Gupta & Dr P K Jain, Central Road Research Institute

Effect of Polymers on Aging Characteristics of Asphalt Binders & Asphalt-Aggregate Mixtures
Shin-Che Huang, Western Research Institute, Mang Tia & Byron E Ruth, University of Florida & Bryan Pidwerbesky, NZ Bitumen Contractors' Assn
NOISE

Noise Reduction Effects of Low-Noise Pavement & Noise Barriers
Minoru Yamamoto, Kouichi Matsumoto & Takashi Miyama, Research Institute, Japan Highway Public Corporation

Traffic Noise Study Towards Sustainable Road Development on Typical Urban Roads in Indonesia
Agus Bari Sailendra, Lanalyawati & I F Poernomosidhi, Institute of Road Engineering

A Road Traffic Network Noise Planning Tool
J E Woolley & Prof Michael Taylor, University of South Australia

ROAD CONSTRUCTION

Performance Based Specification for Construction of Pavement Layers
Greg Arnold, Transit New Zealand & John Patrick, Opus International Consultants Ltd, Central Laboratories

The Role of Triaxial Testing in Crushed Rock Characterisation
Vasantha Wijeyakulasuriya & Allan Brandon, Main Roads

Geotechnical Design of the Goodwood Realignment, SH1
Ian McCahon & Grant Meldrum, Montgomery Watson (NZ) Ltd

ENVIRONMENTAL SUSTAINABILITY

A Microcomputer-Based Model for Environmental Impacts Evaluation of the Urban Road Network
P Klungboonkrong & M A P Taylor, University of South Australia

Human Ecology & Quality of Life Considerations in Road Development
John van Pelt, EDAW & Yayah Sumardiayah Sarmidi, Bina Marga

Pathways to Sustainability
Memories About the Future, or Getting Lost Less Frequently
D Wilson, J Ding & B Tapp, UNITEC

CHIPSEAL SURFACINGS

Chip Seal Lifetimes in New Zealand
G F A Ball, Opus International Consultants Ltd, Central Laboratories & M T Owen, Transit New Zealand

Fluxing of Chipseal Binders
Philip R Herrington & John E Patrick, Opus International Consultants Ltd, Central Laboratories
