CONTENTS—Volume 1

SPE/IADC 50082 Implementation of “Twin Well” Technology, Offshore Sarawak ............................... 11

SPE/IADC 52761 An Overview of the IADC Deepwater Well Control Guidelines .......................... 23
S. Christman, Exxon Upstream Development Co.; A. Kelly and M. Plaisance, Diamond Offshore; S. Kropla, IADC; J. Metcalf, Newfield Exploration; E. Robinson, BHP (Americas); and C. Weddle, British Petroleum

SPE/IADC 52762 Deepwater Well Control: Circulate With Both C&K Lines? ............................... 29
S.A. Christman, Exxon Upstream Development Co.

SPE/IADC 52763 Well Control Guidelines for Girassol .............................................................. 37
D. Bertin, Elf Exploration Production; J. Lassus-Dessus, Elf Exploration Angola; and B. Lopez, ENSPM Formation Industrie

SPE/IADC 52765 MABOPP—New Diagnostics and Procedures for Deep Water Well Control .................. 53
J.P. James and I.M. Rezmer-Cooper, Schlumberger Oilfield Services, and S.K. Sørskår, Statoil

SPE/IADC 52767 Start-up of a New-Generation Mechanised Drilling Package for Platform Drilling Operations: The Brent Charlie—a Step Change in Performance ................. 63
Steve Porteous, Herman van Elst, and Drew Leil, Deutag Overseas (Curacao) N.V.; Nigel Shuttleworth, Shell Expco; and Hendrik Hindriks, NAM BV

SPE/IADC 52768 Conductor System Design for A Deep Water Jackup in Cantilever Mode Over the ETAP Platforms ................................................................. 71
K. Burton, UWG Ltd.; M.J. Odgers, BP Exploration Inc.; C. Nehring, BP Exploration Operating Co.; and W. Boon, Schlumberger Oilfield Services

SPE/IADC 52769 Case History: Utilizing 5½” Drill Pipe in a Deepwater Gulf of Mexico Drilling Program ................................................................. 79
R.W. Jenkins, Texaco E&P Inc.; J.F. Greenip, Hydril Co.; and B.A. Adams, Oil & Gas Rental Services Inc.

SPE/IADC 52770 Casing Running Tool ......................................................................................... 89

SPE/IADC 52771 Modern Use of Closed-Loop Hydraulics for Controlling and Powering of Cylinder-Based Hoisting Systems ................................................................. 99
B. Rudshaug and T. Skibelid, Maritime Hydraulics A.S.

SPE/IADC 52773 Development and Implementation of a Process That Fosters Organizational Learning ................................................................. 105

SPE/IADC 52774 When “No” is the Appropriate Answer to the Customer ........................................ 117
J.P. de Wardt, De Wardt & Co. Inc., and D.M. Leggett, Leggett Int'l LLC

SPE/IADC 52775 Managing Peer Assists—Case Study of Improved Extended Reach Drilling Performance ................................................................. 125
A. Judzis, BP Exploration Inc.; D.S. Stoltz, ARCO Alaska Inc.; and L. Wolfson, Halliburton Energy Services

SPE/IADC 52776 Well Construction in Azerbaijan (Onshore) ....................................................... 133
G.J. Guild, Arco; C.D. Retondo and M. Corbaci, Union Texas Azerbaijan; and S. Manafos, SOCAR-Aznipineft

SPE/IADC 52778 Win90's: The Evolution of a Partnership .............................................................. 149
Ian Lane, KCA Drilling Ltd., and Simon Richards, Shell U.K. E&P

SPE/IADC 52780 Drilling Through Deepwater Shallow Water Flow Zones at Ursa ........................... 153
L.F. Eaton, Shell Deepwater Development Inc.

SPE/IADC 52781 Shallow Water Flow Planning and Operations: Titan #1 Exploration Well, Deepwater Gulf of Mexico ................................................................. 165
