WLP 2000
15th Workshop on Logic Programming and Constraint Systems

Collocated ECAI 2000 Workshop
Berlin, August 25 - 27, 2000
Contents

Preface 7

Invited Talks 13

Francesca Rossi (Univ. Padova)
Soft Constraints 15

Philippe Codognet (Univ. Paris)
A Constraint-Based Language for Autonomous Agents in Virtual Worlds 25

Markus Hannebauer (TU Berlin)
Collaborative Agents – A Fresh Look at Constraint Solving 27

Tutorial 31

François Bry (Univ. Munich)
Data Modeling with Markup Languages 33

Regular Papers 61

Hans Schlenker, Frank Rehberger (GMD Berlin)
Towards a More General Distributed Constraint Satisfaction Framework: Intensional vs. Extensional Constraint Representation 63

Michael Hanus (Christian-Albrechts-Universität Kiel)
Server Side Web Scripting in Curry 71

Liviu-Virgil Ciortuz (DFKI Saarbrücken)
Scaling up the Abstract Machine for Unification of OSF-Terms to do Head-Corner Parsing with Large-Scale Typed Unification Grammars 85

Andreas Behrend (Universität Bonn)
A Dynamic Approach to Deductive Query Evaluation 99

Uwe Egly, Thomas Eiter, Volker Klotz, Hans Tompits, and Stefan Woltran (TU Vienna)
Experimental Evaluation of the Disjunctive Logic Programming Module of the System QUIP 113

S. Burckel, S. Hoarau, F. Mesnard (Univ. Runion), U. Neumerkel (TU Vienna)
cTI: Bottom-Up Termination Inference for Logic Programs 123

Poster Presentations 135

Georg Ringwelski and Hans Schlenker (GMD-FIRST Berlin)
Type Inference in CHR Programs for the Composition of Constraint Systems 137

Pierre Bonzon (Univ. Lausanne)
Deliberation Through Reflection 147
