European Workshop on Genetic Resources Issues and Related Aspects – Access and Benefit sharing, Intellectual Property Rights, Ex-Situ Collections
Proceedings and Materials

Herausgegeben von:
Prof. Dr. Rüdiger Wolfrum / Dr. Peter-Tobias Stoll

Redaktionelle Bearbeitung von Marian Benbow, Anja Meyer und Stephanie Weiss

Max-Planck-Institut für ausländisches öffentliches Recht und Völkerrecht, Heidelberg
# Table of Contents and Authors

A. Introduction ............................................................................................................. 5

B. The Inter-sessional Meeting and its Agenda concerning Access to Genetic Resources ................................................................. 7
   Dr. Peter-Tobias Stoll, Research Fellow, Max Planck Institute

C. Access to Genetic Resources and Benefit sharing: Prospects for Guidance by the CBD-System: Assessment – The Current Situation and Shortcomings ................................................................. 11
   Dr. Peter-Tobias Stoll, Research Fellow, Max Planck Institute

D. National Access Legislation: An Updated Survey ............................................. 19
   Carolina Carbuccia, LL.M. (Manchester), Project Staff

E. The Philippine Access Legislation: A View from Practice ......................... 59
   Andreas Drews / Andreas Gettkant, Sector Project “Implementing the Convention on Biological Diversity” of the Deutsche Gesellschaft für Technische Zusammenarbeit (GTZ) GmbH

F. Access and Benefit sharing under the Convention on Biological Diversity (CBD) – A View from Practice ................................................................. 81
   Hanne Gürtler, Novo Nordisk A/S, Denmark

G. Possible Elements of Guidance – Elements Suggested ............................. 85
   Dr. Peter-Tobias Stoll, Research Fellow, Max Planck Institute

H. Possible Elements of Guidance – Rights and Interests of Indigenous Peoples ............................................................................................................. 97
   Kerrin Schillhorn, MIL, Redeker, Schön, Dahs & Sellner, Bonn/Germany
I. Concepts and Approaches for Access and Benefit sharing: Means for an International Code of Conduct ........................................... 113
Alwin R. Kopše, Scientific Officer, State Secretariat for Economic Affairs, Berne/Switzerland

J. “Access to the Quality Seed Infrastructure”: the Dutch example ................................................................. 119

K. Intellectual Property Rights and the Conservation and Sustainable Use of Biodiversity ............................................. 123
Anja Meyer, Research Assistant, Max Planck Institute

Carolina Carbuccia, LL.M. (Manchester), Project Staff

M. Indigenous Knowledge and Genetic Resources ................................. 139
Dr. Ana María Pacon, President, Court for the Protection of Competition and Intellectual Property of the National Institute for the Protection of Competition and Intellectual Property (INDECOPI), Lima/Peru

N. Indigenous Knowledge and Intellectual Property Rights: Options to consider in view of the TRIPs-Review ......................... 149
Susette Biber-Klemm, Lecturer for Interdisciplinary Environmental Law and Project Director; University of Basel/Switzerland

O. Ex-Situ Collections Acquired prior to the Entry into Force of the CBD ................................................................. 167
Jessica Supplie, Dipl. pol., Project Staff, currently with the German Advisory Council on Global Change, Scientific Team

P. Work going on in the FAO ................................................................. 173
Dr. Wilbert Himmighofen, Ministry of Food, Agriculture and Forestry, Bonn/Germany

Q. Project Report: “Contribution of the German Botanical Gardens to the Conservation of Biodiversity and Genetic Resources” .......................... 189

Wolfram Lobin, Curator Botanical Garden, University of Bonn/Germany
