PROCEEDINGS
OF THE
THIRTY-FIRST ANNUAL MEETING
OF THE
WESTERN DECISION SCIENCES INSTITUTE
April 2 - 5, 2002
The MGM Grand Hotel
Las Vegas, Nevada

President
Paul Mallette
Colorado State University

Vice President for Programs and Program Chair
Proceedings Editor
Krishna S. Dhir
Berry College

ISSN 1098-2248
Undergraduate Business Student Perceptions of Team-Based Assignments
Jeffrey S. Lewis, Metro State College of Denver
Jackie L. Hartman, Colorado State University

Use of Computers in Accounting Courses
Anwar Yazdani Salimi, California State Polytechnic University, Pomona

Using a Simulated game Show to Develop Teamwork and Encourage Class Discussion while at the Same Time Focusing on Course Content Issues
Robert W. Schaffer, California Polytechnic State University, Pomona
Subasree Cidambi, Web Opinion Research
Juanita Roxas, California Polytechnic State University, Pomona
Frederick Capossela, California State Polytechnic University, Pomona

Internet and e-Business

A Conceptual Economic Model for E-Tailer’s Profitability Dilemma
Seung C. Lee, University of Minnesota, Duluth

A Conceptual Framework for Designing a Next Generation Internet-Based Educational System
Wayne W. Huang, Ohio University
H.Q. Wang, City University of Hong Kong
Zhangxi Lin, Texas Tech University
J.H. Huang, Massachusetts Inst. of Technology

A Conceptual Model for Improving Security Measures in the E-Commerce Environment
Hossein Bidgoli, California State University, Bakersfield

An Analysis of B2B E-commerce Market for the Aerospace Industry
David C. Yen, Miami University
David C. Chou, Eastern Michigan University
Hung Lian Tang, Eastern Michigan University

An Open System Approach to Effective Web-Based Practices in the Context of Quality Management
Mahmoud M. Yasin, East Tennessee State University
Andrew J. Czuchry, East Tennessee State University
Paul Bayes, East Tennessee State University

Challenges for Business Modeling in the New Communication Era
Peter Laing, Aachen University of Technology
Tomaso Forzi, Aachen University of Technology

Cookie Monster on Your Computer?
Carolyn Harris, Midwestern State University
Nansi Swartwout, Midwestern State University
Tommy Harris, Midwestern State University

E-Business and the HRM/Internet Interface: Developments and Research Implications
Paul Nesbit, Macquarie University

Electronic Settlement in Japan: Its Current Situation and Future Trend
Sachiko Ogawara, Gonzaga University
Jason C.H. Chen, Gonzaga University
P. Pete Chong, University of Houston, Downtown

Impact of the Internet on the Types of Interorganizational Relationships
Sang M. Lee, University of Nebraska, Lincoln
Silvana Trimi, University of Nebraska, Lincoln
Shanggean Rhee, University of Nebraska, Lincoln
Improving Internet Search Using Query Expansion and Focusing

Sumali Conlon, University of Mississippi
Jianfeng Wang, University of Mississippi
Wendy Wang, University of Mississippi

Lessons Learned From Teaching Distance-Education Courses in Russia

Parviz Partow-Navid, California State University, Los Angeles
Ludwig Slusky, California State University, Los Angeles

Progressing from Electronic Data Interchange in Supply Chains

Norma J Harrison, Macquarie Graduate School of Management
Hung M Nguyen, Macquarie Graduate School of Management

Six Critical Aspects of CRM Implementation

Dale Young, Miami University
David C. Yen, Miami University
Lisa Smith, Miami University of Ohio

The Impact of B2C E-Commerce on Hospital Productivity: An Empirical Study

Shin-Yuan Hung, National Chung Cheng University
Mu-Yi Huang, National Chung Cheng University

Web Metrics: Applications in Marketing

Rajinder S. Arora, University of Missouri, Kansas City
Lawrence Sulinski, University of Missouri, Kansas City
Joe Singer, University of Missouri, Kansas City

XML-Based Languages for E-Business

Dorothy M. Fisher, California State University, Dominguez Hills
Steven A. Fisher, California State University, Long Beach
Wang-chan Wong, Kbquest Group, Inc.

Management and Organizational Behavior

Above the Glass Ceiling: A University in Crisis?
Louise Kloot, Swinburne University of Technology

Addressing Workplace Violence From a Health Management Perspective

Gregory O. Ginn, University of Nevada, Las Vegas
L. Jean Henry, University of Nevada, Las Vegas

An Examination of Organizational Factors Effecting the Implementation of Advanced Manufacturing Technologies
Faizul Huq, Groupe ESC-Pau, Campus Universitaire
William Painter, Groupe ESC-Pau, Campus Universitaire

Comparing the Levels of Individualism-Collectivism Between Baby Boomers and Generation X and its Impact on Teamwork
Danilo Sirias, Saginaw Valley State University
H.B. Karp, Christopher Newport University
Deborah R. Bishop, Saginaw Valley State University

Computer Supported Technology in Knowledge-Based Projects: Reflections on Three Gestalts
James Sena, California Polytechnic State University, San Luis Obispo
A. B. (Rami) Shani, California Polytechnic State University, San Luis Obispo

Contradictory Impacts of IT: The Case of Household-Workplaces
Gayle C. Avery, Macquarie University
Ellen Baker, University of Technology, Sydney
Creating and Managing Champions in a High Technology Environment
Walter Hivner, Colorado State University
Paul Mallette, Colorado State University

Cultural Influences on Whistleblowing: A Study of Philippine and U.S. Managers
John P. Keenan, ACCEL - Medaille College
Steven Remington, Buena Vista University

Current Training Needs Assessment Practices in U.S. Companies
John E. Anderson, Appalachian State University
Jeffrey P. Slattery, Northeastern State University
James I. Phillips, Northeastern State University
Jeffrey J. Johnson, Utah State University

Development and Utilisation of Human Resources in Technical-Oriented Industries in Developing Countries: Which Way Out?
Jide Olutimayin, The University of the South Pacific

Effects of Culture on the Quality of Leader-Member Exchange
Willie E. Hopkins, Colorado State University
Shirley A. Hopkins, University of Denver

Emotional Intelligence: The Theoretical Understanding of a Positive Organizational Behavior (POB) Construct
Fred Luthans, University of Nebraska, Lincoln
Cheryl Rathert, University of Nebraska, Lincoln

Human Resource Management in Zambia: A Cultural Analysis
Alen Badal, Stockton Unified School District

Leadership Across Cultures
Peter D. Steane, Macquarie Graduate School of Management
Ma Jin Hua, Macquarie Graduate School of Management

Organisational Performance: Adding Value to Measurement Systems
Louise Kloot, Swinburne University of Technology
Barbara Lasky, Swinburne University of Technology

Overload and Work-Family Conflict: The Moderating Effects of Support Among Australian Dual Career Couples
Beth Mackie, Massey University
David Elloy, Massey University

Quality Initiatives and Organizational Structure: A Study of its Association with Organizational Effectiveness, in the Indian Software Industry
N. Sunitha Purushotham, Indian Institute of Science
K.B. Akhilillesh, Indian Institute of Science

The Important Dimension of Emotional Intelligence for Effective Leadership During These Challenging Times
Kyle W. Luthans, University of Nebraska, Kearney

The Influence of Organizational Ethical Work Climates on Employee Job Satisfaction
Mary Ellen O'grady Harvey, Ramapo College of New Jersey

The Need for Realistic Optimism for Effective Leadership in Today's Turbulent Organizational Environment
Brett C. Luthans, Western Missouri State College

Top Level Performance Management in Australia's Largest Police Service: An Analysis of its Effectiveness
Ed Davis, Macquarie University
Management Information Systems

Automatic Extraction of Research Publications  
Wendy Wang, University of Mississippi  
537

A Comparative Study of Stock Performance Prediction Using Artificial Neural Networks and Multiple Discriminant Analysis  
Kuang-Wei Wen, University of Wisconsin, La Crosse  
Tom Krueger, University of Wisconsin, La Crosse  
540

A Framework for Developing Intelligent Knowledge-Based Systems for Implementing Practice Guidelines  
Abbas Heiat, Montana State University, Billings  
543

A Project Success Model for Information System Development  
Douglas Havelka, Miami University  
Kimberly Conrad, Miami University  
Bonnie Glassberg, Miami University  
546

A Study of Software Project Process Maturity and Project Performance in Taiwan  
Houn-Gee Chen, National Tsing-Hua University  
Melody Wu, National Huwei Institute of Technology  
Jame J. Jiang, University of Central Florida  
549

An Empirical Study about the Impact of MIS Internship on Job Opportunity  
Xiang Fang, Miami University  
Sooun Lee, Miami University  
552

An Examination of the Time Impact of Information Technology on Organizational Decision Making  
Kenneth J. Calhoun, Slippery Rock University  
554

Assessing Cost Effectiveness of Human Factor Design  
Qiyang Chen, Montclair State University  
Vinal Sharma, Montclair State University  
John Wang, Montclair State University  
557

Assessing Information Technology Impact Using Outcome-Based Systems Evaluation  
Gerald E. Evans, University of Montana  
560

Customer Relationship Management (CRM): A Comparison Between U.S. and Spain  
Jesus Garcia De Madariaga, Universidad Complutense de Madrid  
563

Exploring the Linkages Between Information Systems Capabilities and Business Variables  
Sasan Rahmatian, California State University, Fresno  
Margaret Nicholson, Franklin and Marshall College  
566

Group (Team) Performance Levels in Information Systems Development: A Pilot Study  
Lewis A. Myers, Jr., St. Edward's University  
572

Japan's Quest for M-Commerce Dominance: The Case of NTT DoCoMo  
Chan-tseh Hsieh, University of Southern Mississippi  
573

Knowledge Sharing and Reuse in Global Virtual Teams  
Ashraf I. Shirani, San Jose State University  
Arjan T. Sachwani, San Jose State University  
576
Near-Optimal Control Policy for Loss Networks with Light Traffic

Cheng-Yuan Ku, National Cheng-Chung University
David C. Yen, Miami University
Lain-Chyr Hwang, I-Shou University

Perceived Environmental Uncertainty, MKIS Design and Decision-Maker Performance: The Intervening Role of Individual Differences

Sarena Longley, Victoria University of Wellington
Nicholas J Ashill, Victoria University of Wellington

Rethinking the ERP Implementation in a Political Prospective: A Case Study in Taiwan

Su-Houn Liu, Chung-Yuan Christian University
Chao-Ming Wu, Yuan Christian University
Shih-Ming Pi, Chung-Yuan Christian University

Selecting Middleware for N-Tier Applications

Timothy Riley,
Thomas E. Sandman, California State University, Sacramento

The Balanced Scorecard and the IT Organization

Theophilus B.A. Addo, San Diego State University
Chee W. Chow, San Diego State University
Kamal M. Haddad, San Diego State University

The COBOL Crisis Post Y2K - How Does Academe' Respond?

Robert Roggio, University of North Florida
James Comer, Texas Christian University

The Development of an Internal Control Guide For Data Warehousing

Drew C. Hwang, California Polytechnic State University, Pomona
Jianbo Liao, California Polytechnic State University, Pomona

The Domain and Measurement of Perceived Environmental Uncertainty: An Exploratory Study of Senior Marketing Executives

Nicholas J Ashill, Victoria University of Wellington
David Jobber, Bradford University

The Impacts of Information Characteristics on Inter-Organizational Power and Relationships: An Example from the Application of Internet-Based EDI in Taiwan

Huei-Fang Chen, Soochow University

Using Neural Networks to Predict Survival Rates in Brain Tumor Cases

Nafisseh Heiat, Montana State University, Billings

Wireless Application Protocol

Jack Shorter, Texas A & M University, Kingsville
Melanie Girndt, Texas A & M University, Kingsville

Management of Quality

An Empirical Study of Korean Manufacturers' Relationship with CEO Involvement and Organizational Culture

Kihyun Kim, University of Nebraska, Lincoln
Sang-Gun Lee, University of Nebraska, Lincoln
Boo Ho Rho, Sogang University

Total Quality for Improving School Systems

Kazem Darbandi, California State Polytechnic University, Pomona
Management Science and Quantitative Methods

A Decision Support Model for a Tour Company's Capacitated Vehicle Routing Problem With Time Windows
Stephanie O. Leung, Hawaii Pacific University
Christopher Keller, Hawaii Pacific University
John F. Kros, Hawaii Pacific University

A Kalman Filter Model of Speculation
Senem Alkan, California State University Long Beach
Rodney Freed, California State University, Dominguez Hills

A Management Science-Based Approach for Splitting a Merit Pay Pool by the Recipients
Donald N. Stengel, California State University, Fresno

A Modified K-Means Algorithm for Data Clustering and Mining
Ja-Shen Chen, Yuan-Ze University
Yi-Sheng Lin, Yuan-Ze University

A Solution Procedure For Solving Inventory Problems: A Nonlinear Goal Programming Approach
Dinesh K. Sharma, University of Maryland Eastern Shore
Debasis Ghosh, Ministry of Information Technology
Daniel Okunbor, University of Maryland Eastern Shore

Application of Management Science to a Software Design Decision: An Analytical Hierarchy Process Framework for User Interface Selection
Cynthia L. Corritore, Creighton University
John M. Gleason, Creighton University

Brown-Warner, Twenty Years Later: Applications of the Event Study Method
Martha Strange, Morgan State University
Aref N. Dajani, U.S. Bureau of the Census

Keeping Casino Games Fair and Honest: The Role of Statistical Evidence in Gaming Regulation
Robert C. Hannum, University of Denver
Anthony N. Cabot, Lionel Sawyer & Collins, Las Vegas

Multiple-Deck Blackjack: An Analytical Study
Abraham Grosfeld-Nir, The Academic College of Tel-Aviv-Yaffo

On Transportation Problems with Mixed Constraints
Veena Adlakha, University of Baltimore
Krzysztof Kowalski, Department of Transportation

Price Selection Under Uncertainty
Ferenc Szidarovszky, University of Arizona
Abdollah Eskandari, University of Arizona

Quantifying Inefficiencies in Subgrouped Data Collection
James K. Fugate, Texas A&M University, Corpus Christi

R&D Investment Decisions Under Different Market Structure
Jaesun Park, University of North Dakota

Reverse Linear Programming: The Potential in Forcing Pre-selected Solutions
Frank A. Taylor, III, Texas A&M University, Kingsville
Allen F. Ketcham, Texas A&M University, Kingsville
The Generally Weighted Moving Average Control Charts

Shey-Huei Sheu, National Taiwan University of Science & Technology
Tse-Chieh Lin, National Taiwan University of Science & Technology

The Modeling and Algorithm of Tabu Search Meta-heuristic for Vehicle Routing Problem with Capacitated and Time Windows

Chengxiu Gao, Wuhan University

The Role of Operations Research in Organizational Change Programmes

Miles G. Nicholls, Swinburne University of Technology
Barbara J. Cargill, Swinburne University of Technology
Krishna S. Dhir, Berry College

Two-Machine Flow Shops With Time Lags

Jerzy Kamburowski, University of Toledo

Use of Goal Programming to Determine Faculty Raises

Frank A. Taylor, Ill, Texas A&M University, Kingsville
Allen F. Ketcham, Texas A&M University, Kingsville

Marketing Management and Strategies

A Study on Import Beer Marketing Channel Development in Taiwan: The Experience of Three International Brands

Ding-Yu Chan, Providence University

Antecedents of Brand Origin: An Empirical Investigation

Mrugank V. Thakor, Concordia University
Anne M. Lavack, University of Regina
Chiranjeev Kohli, California State University, Fullerton

L. William Murray, University of San Francisco
Alev Nli. Efendioglu, University of San Francisco
Zhan G. Li, University of San Francisco
Paul Chabot, Xis, Inc.

Exploiting Linkages Across the Value Chain: The Potential of Using an Online Measurement, Analysis and Feedback System to Leverage Capabilities

Basil G. Englis, Berry College
Paula D. Harveston, Berry College
Michael R. Solomon, Auburn University

Segmentation vs. Individualization: The Indisputable Role of Heterogeneity

Lichung Jen, National Taiwan University
Shih-Ju Wang, National Taiwan Normal University

Stability of Service Quality Assessments in Banking Services Across Genders: Comparisons Among Students, Adults, and Bank Employees

Ugur Yavas, East Tennessee State University

The Corporate Image of the Puebla Convention Center (PCC) in the Opinion of its Consumers

Mari Carmen Morfin Herrera, University de las Americas-Puebla-Mx

Organizational Communication

“Win-Win”: The Creation of a Community Oxymoron in the Business Sector

Lisa McNary, LaGrange College
Corporate Branding: A New Term for Strategic Communication?

Jackie L. Hartman, Colorado State University
Jeffrey Lewis, Metro State College of Denver
Jamie Switzer, Colorado State University

How Does Communication Matter in the Product Development Cycle?

Gerald Mulenburg, National Aeronautics and Space Administration

The Effect of Group Size on Electronic Meetings

Milam Aiken, University of Mississippi
Carl Rebman, University of San Diego
Zachary Wong, Sonoma State University

The Effect of Meeting Time on Group Support System Satisfaction and Productivity

Milam Aiken, University of Mississippi
Zachary Wong, Sonoma State University
Carl Rebman, University of San Diego

Production and Operations Management

A Causal Model Based on the Malcolm Baldrige National Quality Award: An Empirical Study of Korean Manufacturers

Boo Ho Rho, Sogang University
Sang-Gun Lee, University of Nebraska, Lincoln
Hwanyong Kim, University of Nebraska, Lincoln

A Transactions Cost Theoretic Approach to Technology Sourcing for the OEM's of the Twenty First Century

Faizul Huq, Groupe ESC-Pau, Campus Universitaire
Francine Maubourguet, Groupe ESC-Pau, Campus Universitaire

Barriers to Recruiting Production/Operations Management Majors: Two Surveys

Richard Gunther, California State University, Northridge
Gordon Johnson, California State University, Northridge

Lawrence Takeuchi, California State University, Sacramento
Maureen P. Lojo, California State University, Sacramento
Chiang Wang, California State University, Sacramento

Evaluating Dampening Effects of Alternative Lot-Sizing Rules to Reduce MRP System Nervousness

Chrwan-jyh Ho, Oklahoma State University

Exploring the Boundaries between Scheduling and Dispatching in High-Tech Manufacturing Environments

Michele Pfund, Arizona State University
John W. Fowler, Arizona State University

Inventory Policy Determination Through Minimizing the Reorder Point Corresponding to a Given Reorder Quantity

Peter Ellis, Utah State University

Knowledge Management on Cognitive Processing with System Development Knowledge

Shih-Chieh Chou, National Central University

Learning to Use Simulation in a Manufacturing Plant: A Case Study

Steven Lyman, Eastern Michigan University

Opportunity-based Age and Number of Failures Replacement Policy

Jhy-Ping Jhang, Huafan University
Optimizing Major Acquisition Program Production Schedules for the U.S. DOD

Charles A. Weber, Institute for Defense Analyses
Stephen J. Balut, Institute for Defense Analyses
David E. Hunter, Institute for Defense Analyses
Phillip Rodgers, Office of the Undersecretary of Defense
David Tate, Institute for Defense Analyses

Stochastic Lead-Time Inventory Models

Jeon G. Kim, Pennsylvania State University
Xin (James) He, Fairfield University
Jack C. Hayya, Pennsylvania State University

Value Stream Mapping, A New Technique for Process Charting

Steven Lyman, Eastern Michigan University

Public Policy and Non-Profit Organizations

"High Touch" Through Co-operatives: Providing Balance In a "High Tech" Economy

Shiva Nandan, Missouri Western State College
Monica Nandan, Missouri Western State College

A Systems Theory View of Organizational Transformation: The Case of Federal Contractors

David J. Lemak, Washington State University, Tri-Cities
Pamela W. Henderson, Washington State University, Tri-Cities
Mike S. Wenger, Sun Microsystems
Mark Yockey, Washington State University

Estimating the Returns to Higher Education: Two Year and Four Year Colleges

Jonathan Sandy, University of San Diego

Panel: Overview of Consumer Welfare in an Economically Challenged Northwest Neighborhood

Rachel Maldonado, Eastern Washington University

Technology Utilisation and Small Scale Industries in Developing Countries: A Study of Some Nigerian Firms

Jide Olutimayin, The University of the South Pacific

The Fifth P of Marketing: Non-Profits and the Internet

Karin Geiselhart, RMIT University

Service Management, and ERP

Data Envelopment Analysis (DEA) Model for Enterprise Resource Planning (ERP) Software Selection

Vinod Lall, Minnesota State University Moorhead

Desired Predicted and Adequate Levels of Service: Understanding Expectations to Deliver Superior Service

Merlin Simpson, Pacific Lutheran University

Serving the Professionals Who Serve The Public: How Well Does Government Meet the Needs of Tax Practitioners

Dennis H. Tootelian, California State University, Sacramento

The Enterprise System Experience: Developing a Profile of Players and Activities Across the Project Life Cycle

Toni M. Somers, Wayne State University
Klara G. Nelson, University of Tampa
Small Business

A Study on the Economic Activities of Entrepreneurs' Wives for Small Business in Taiwan  
Melien Wu, Chung Yuan Christian University  
Chun-Chun Lu, Chung Yuan Christian University  

An Entrepreneur's Guide to the Selection of a Business Entity  
Martha S. Doran, San Diego State University  
Nathan Oestreich, San Diego State University  
Lena Rodriguez, San Diego State University  

Companies Adjusting Workforce Diversity by Comparison of Emergent and Traditional Companies and Their Employees in Small Business  
Chin-Yueh Huang, Ta Hwa Institute of Technology  

Small Business Hiring Mistakes Can Lead to Workplace Violence  
Don B. Bradley, III, University of Central Arkansas  
Herff L. Moore, University of Central Arkansas  

Student Papers

A Cross-Cultural/Multi-Group Comparison of Attitudes toward Workplace Discrimination  
Joe Cardador, Colorado State University  
Ruihong Lu, Colorado State University  
Melanie J. Matthews, Colorado State University  
William K. Mullins, Colorado State University  
Mohammad Said, Colorado State University  
Jacqueline M. Sugrue, Colorado State University  
Willie E. Hopkins, Colorado State University  

A Profit Program - MBA Education in China  
Chen Aijuan, Xi'an University of Technology  

A Test of Managerial Consistency across different Ethical Situations  
Cory Clay, Colorado State University  
Yun Gao, Colorado State University  
Alexandria Nguyen, Colorado State University  
Aaron Ritter, Colorado State University  
Robyn Smith, Colorado State University  
Min Zou, Colorado State University  
Willie E. Hopkins, Colorado State University  

Advertising Deception Measure Revisited: Retesting the Maxwell House Coffee Commercial by the Relative Proximity Index (RPI) Approach  
Alex Wang, University of Texas at Austin  

Bribery as a Management Practice: A Cross-Cultural/Multi-Group Analysis  
Michael Davis, Colorado State University  
Yuntao Liu, Colorado State University  
Lawrence Meyer, Colorado State University  
Guhan Prabhu, Colorado State University  
Dana Schubert, Colorado State University  
Erik Volland, Colorado State University  
Willie E. Hopkins, Colorado State University  

Consumer Alert of Internet Hijackers: Consumers' Success and Failure to Detect Internet Fraud  
Alex Wang, University of Texas at Austin
### Corporate Giving in Spain. State of Affairs.

Carmen Valor Martinez, Universidad Complutense de Madrid

---

### Effects of the American Value System on the Business Ethics Beliefs of International Students

Rabi Al Tatari, Colorado State University  
Osnat Arbel, Colorado State University  
Matt Christison, Colorado State University  
Catherine MacGowan, Colorado State University  
Willie E. Hopkins, Colorado State University

---

### Intellectual Capital Trends in Annual Reports of Sri Lanka

Indra Abeysekera,  
James Guthrie,

---

### Manufacturing Strategy and Managerial Structure of Korean Manufacturers in Electronic Business

Sang-Gun Lee, University of Nebraska, Lincoln  
Sang man Kim, University of Nebraska, Lincoln  
Youngtag Jang, East Tennessee State University

---

### Organizational Commitment in Higher Education

Ulysses J. Brown III, Jackson State University  
Kristena P. Gaylor, Jackson State University

---

### Seeing is not Believing: How Consumers Perceive Online Free Offers

Alex Wang, University of Texas at Austin

---

### The Policy Choice of China Financial Service Trade Market’s Opening and Protecting

Xue Wei-xian, Xi’an University of Technology  
Feng Tao, Xi’an Jiaotong University  
Dang Xing-hua, Xi’an University of Technology  
Mu Ji-feng, Xi’an Jiaotong University

---

### The Possibility of Productivity Improvement in Garment Industry: A Case Study in Thailand

Kaewta Rohitratana, Thammasat University  
Butri Puttachon, Thammasat University  
Sirorut Phutsaka, Thammasat University

---

### The Social Responsiveness of Practicing and Future Managers: A Comparative Analysis

John Arnold, Colorado State University  
Myung Chung, Colorado State University  
Aaron Fodge, Colorado State University  
Cynthia Maxton, Colorado State University  
Willie E. Hopkins, Colorado State University

---

### Supply Chain Management

**Buyer Beware, Supplier Be Warier? Double Moral Hazard in High-Tech Industrial Service Contracts**

Maureen P. Lojo, California State University, Sacramento

**Reverse Logistics: An Empirical Study**

Kamvar Farahbod, California State University, San Bernardino  
Jay Varzandeh, California State University, San Bernardino
