Making Process Safety Pay

The Business Case

October 2–5, 2001 • The Westin Prince • Toronto, Canada

SPONSORED BY

Center for Chemical Process Safety of the American Institute of Chemical Engineers

American Chemistry Council

Environmental Protection Agency

European Federation of Chemical Engineering (Working Party on Loss Prevention)

Health & Safety Executive, UK

Occupational Safety and Health Administration

U.S. Chemical Safety and Hazard Investigation Board
Contents

Preface xi

Exhibitors xiii

Spotlight Papers

The Business Case for Process Safety 3
Arnold Allemang, Henry Ozog, Jack Weaver, and Al Wechsler

Making EHS an Integral Part of Process Design 19
Kenneth Mulholland, Lisa Bendixen, and Gregory Keeports

A New Approach for Measuring Safety and Health Performance 29
Stephen A. Newell

COST AND BENEFITS

Tim Overton

The Cost of Failure 57
Mark S. Dreux and James F. Laboe

Maturing a Safety Management System into an Asset Integrity Case 67
Stewart Behie, Alan Minty, Rob Bruce, Ian Denness, Gary Monaghan, and Peter Morris

Enterprise Risk Management: A Key for Optimizing the Cost–Benefit Balance of Process Safety 85
Myron L. Casada, Steven G. Schoolcraft, and David A. Walker
CULTURE

Tim Overton

Retaining Process Safety Culture in FMC Corporation 105
Charles Fryman

Turning the Titanic: Three Case Histories in Cultural Change 111
Dave Jones

Best in Class Strategies: Aligning Human Performance and Organizational Success 123
Jim Doyle

Measurement

Cheryl Grounds

Measuring Performance in Major Hazard Industries in the UK 129
Ian Travers

Chemical Incident Data Mining and Application to Chemical Safety Analysis 137
M. Sam Mannan, Michela Gentile, and T. Michael O'Connor

Measuring Process Safety Progress: First Steps 157
J. Steven Arendt, Kari Barrett, and Peter N. Lodal

If You Can't Measure It, You Can't Control It: ProSmart Process Safety Management 165
Bob G. Perry, J. Steven Arendt, David J. Campbell, and Sanford Schreiber

Cost and Benefit

Cheryl Grounds

Invest in Safety or Invest in Production: A Dilemma? 177
Patrick M.W. Kövers, Jitse Schaafsma, and Peter J.M. Sonnemans
## Contents

**Incorporating Process Safety Management into an Overall Asset Management Strategy**  
Barry M. Snider  
193

**Risk-Based PSM Helps Make Business Case on a Large Capital Project**  
Vincent Blusanovics and Umesh Bhide  
199

### CULTURE

Lisa Bendixen

**Integrating Process Safety and Line Management**  
Jack McCavit  
213

**Integrated Management Systems: A Practical Applications Approach**  
Rodger Holdsworth and Dennis Waibel  
219

**Integration of Process Safety and Personnel Safety in Japan: Practice in Chemical Industries**  
Kiyotsugu Saka  
237

**Risk Management Decision Making: The Human Factors Approach**  
Diana Del Bel Belluz and Laird Wilson  
243

### COST AND BENEFITS

Lisa Bendixen

**Cost-Effective Human Factors Techniques for Process Safety**  
Dennis Attwood and David Fennell  
261

**Using Quantitative PSM Techniques to Improve Safety and Save Dollars**  
Mark Boult, Mike Moosemiller, and Shecky Rout  
269

**Application of the Hazard-Barrier-Target (HBT) Model for More Effective Design for Safety in a Computer-Based Technology Management Environment**  
Bastiaan A. Schupp and Saul M. Lemk  
287
MEASUREMENT

Hans Pasman

Facilitated Self-Assessment—An Approach to Measuring PSM Systems 319
Gary York

A Tool to Assess Aspects of an Organization's Health and Safety Climate 327
N. T. Byrom

Measuring Process Safety Performance 337
David Walker, Steven Schoolcraft, Myron Casada, John Leonard, and Walt Hanson

MEASUREMENT

Jack McCavit

PSM Performance Measurement Using Leading Metrics 359
Ujwal Ritwik

Development of a Process Incident Metric at Bayer Corporation 375
J. Todd Aukerman

Measuring Process Safety to Drive PSM Excellence 387
Lisa M. Morrison

How to Measure the Performance of a Safety Management System in the Chemical Process Industry 393
Kyo-Shik Park and Young-Do Jo, Young-Soon Lee

CULTURE

Jack McCavit

Process Safety Knowledge—The Route to Business Success 403
Brian D. Kelly
Delegating Safety
Daniel R. Kuespert
415

Integrating a Human Factors Approach into Process Safety Management Systems
David A. Moore
423

POSTER SESSION

Steve Arendt

Improving Manufacturing Performance by Applying Process Safety Management Systems to All Aspects of Manufacturing Operations
Thomas G. Eubank and William M. Bradshaw
443

One Industry: Two Different Safety Cultures
R. B. Ward
455

Shelter-in-Place: A Cost-Effective Strategy to Protect Your People
Larry G. Holloway
471

Applying Continuous Improvement Tools to Your Process Safety Management System
J. J. Rooney, J. A. Leonard, and M. L. Casada
477

Integration of a Safety, Health, and Environment Management System in the Chemical Process Industry
Kyo-Shik Park, Young-Do Jo, En Sup Yoon, and Ji-Yoon Kim
493

Determining the Effectiveness of PSM Systems in Reducing Operational Risk
Charles A. Soczek, Seshu Dharmavaram, and C. Curtis Clements
499

REACTIVE CHEMICAL HAZARD WORKSHOP

Irv Rosenthal

Integration of a Reactive Chemicals Program into the Process Hazard Analysis Process at The Dow Chemical Company
Gary Phillips and Tim Overton
507
Applying Systems Thinking to Reactive Chemicals Management
Chris Bagley and Kaushik Vashee

PHA REVALIDATION WORKSHOP
Bob Ormsby and Walt Frank

PHA Revalidations—Get More for Your Money
Christine E. Browning and Carol N. Garland

A Practical Approach to Reducing the Cost of PHA Revalidations
K. Sandier, C. Ferdock, K. McEldowney, and F. Leverenz, Jr.

MANAGING ORGANIZATIONAL CHANGE WORKSHOP
Jack McCavit

Change Management Audit Program, Change MAP
Cudela Grote and Ernst G. Zirngast

Change Management versus Management of Change
Karla Sandler and Denise Cunha
