Ismail Khalil Ibrahim, Stéphane Bressan, Wieland Schwinger (eds.,)

Fourth International Conference on Information Integration and Web-based Applications & Services
iiWAS2002

10-12 September 2002
Bandung, Indonesia
## CONTENTS

### Invited Talks

**The Application of Software Agent Technology to Project Management**  
Infrastrucure  
*Amin Andjomshoa, Mohammad Hassan Shafazand, Alexander Schatten, A Min Tjoa*  
*Iran, Austria*

**Trust and Reputation for E-Business**  
*Frank Dignum*  
*The Netherlands*

**Security for Internet and Web based Applications**  
*Richard N. Zobel*  
*U.K.*

**Tourist Maps - Interactive Access to Web-Based Tourism Information**  
*Franz Pühretmair, A Min Tjoa, Roland Wagner, Wolfram Wöß*  
*Austria*

**Knowledge Networks for Sustainable Development**  
*Ramakoti Sadananda*  
*Thailand*

**Similarity Search and Data Mining: Database Techniques Supporting Next Decade's Applications**  
*Christian Böhm*  
*Austria*

**Self Learning Methods to Find Novel Information On The WWW**  
*Marco Wiering*  
*The Netherlands*

**Teaching and Learning Database Systems**  
*Stéphane Bressan*  
*Singapore*
Tutorials

Introduction to Mobile Agents
Franz Gruber
Austria

Query Processing in Multimedia Databases
M. V. Ramakrishna
Australia

Mobile Agents for Database Applications
Ludwig Klug
Austria

E-Learning: Challenges and Opportunities for Database Researchers
Maria Helena Lima Baptista Braz, Rubens Nascimento Melo & Sean Wolfgang
Matsui Siqueira
Portugal, Brazil

Internet And Web Security
S. R. Subramanya
USA

E-Commerce and Digital Cash
S. R. Subramanya
USA

XML, Metadata and Semantic Web

A Document-Based Approach To Indexing XML Data
Ya-Hui Chang, Tsan-Lung Hsieh
China

Publishing Theses and Dissertations: An Approach using XML
Hélio L. dos Santos, Maria da Conceição M. Batista, Roberto S. M. Barros
Brazil

An XML-based Data Warehousing Tool
Rifaieh Rami, Benharkat Aicha Nabila
France

Using DAML+OIL to Enrich RDF Schema in the Information Integration
Ahmad Ashari
Indonesia
Searching and Organizing the Web

e-ISA: An Incremental Lower Bound Approach for Efficiently Finding Approximate Nearest Neighbor of Complex Vague Queries
Dang Tran Khanh, Kung Josef, Wagner Roland
Austria

Image Indexing and Retrieval using Moment Invariants
Imran Ahmad
Canada

Information Extraction by Means of a Generalized K-Testtable Tree Automata Inference Algorithm
Raymond Kosala, Maurice Brunooghe, Hendrik Blockeel, Jan Van den Bussche
Belgium

Pattern Similarity on Storage Capacity of Hopfield Network
S. K. Manandhar, R. Sadananda
Thailand

Advanced Databases and Mediation

Data Integration and Inconsistencies
Julius Stuller
Czech Republic

Mining Association Rules from Large Databases using the Lattice-Based Approach and Hybrid Search Method
Arif Djunaidy, Rully Soelaiman, Daning Tyaspmadya
Indonesia

Association Relationship Transformation of XML Schemas to Object-Relational Databases
Nathalia Devina Widjaya, David Taniar, J.Wenny Rahayu, Eric Pardede
Australia

Database Design Language Incorporating Collection Types for Web Database Applications
Eric Pardede, J. Wenny Rahayu, David Taniar
Australia
Web Applications Design and Implementation

Warehousing Web Data
Jérôme Darmont, Omar Boussaid, Fadila Bentayeb
France
148

Rice Price Design Based on On-Line System
Maria Widyarini, Ali Sadiyoko
Indonesia
153

The Client Design of Web-based Collaborative CAD System
Yan Gu, Min Tang, Jinxiang Dong
China
159

Modeling the Functionality of Web-Based Data Warehouses
Indratmo, Sylvanus Ehikioya
Indonesia, Canada
164

Mobility and Agents Technology

Negotiation Requirements for the Extended Mobile Service Environment
Markus Sihvonen, Petri Jurmu, Jouni Heikkinen
Finland
169

Effective Utilization of Mobile Wireless Technology to Support Learners in a Rural Environment: A Case Study in Kwa Zulu-Natal, South Africa
Joseph Bhekizwe Dlodlo
South Africa
174

Generic Architecture of Agents in Combined Auctions
Saroj Kaushik, Himanshu Tagra
India
176

UML as a Modelling Tool for Developing and Agent-based Auction System
Arnold Aribowo, Maria Indrawan
Indonesia, Australia
182
Managing Diversity and Complexity of Web Applications: User’s Perspective

DSIC Collaboration with Intelligent Agents
Ji Zhao, Gee Kin Yeo, Pei Yuen Wong
Singapore

OpenUSS as OpenSource Software for eLearning Support System
Revi Kuswara, Blasius Lofti Dewanto
Indonesia, Germany

Business Intelligent System for Educational Environment
Azizah Ahmad, Jamaiah Haji Yahaya, Amran Ahmad
Malaysia

Extending The OAI Protocol as the Data Integration Framework for the Digital Library Network in the Third World
Ismail Fahmi, Ruri Muharto, Ismail Khalil Ibrahim
Indonesia, Austria

Web Services: Creating and Capturing Value

Intelligent Business Decisions by eFLOW Portal
Zoltan Baracskai, Viktor Dörfler
Hungary

Web Engineering for Intranets: Rethinking Software Engineering
Edgar Weippl, Ismail Khalil Ibrahim, Wieland Schwinger, Werner Winiwarter
Austria

Author-Aided Semantic Indexing of The Web Plus Some Other Ideas for Improving the Efficiency of Web Searching
David Pager
USA
E-Commerce and Multimedia

Web Multimedia Application for Down Syndrom Children 234
Paulo Pereira, João Valente, Arminda Guerra
Portugal

Integrating a Consumer Buying Behaviour Model into the Development of Agent-based E-Commerce Systems 237
Alvaro E. Arenas, Norma Casas, Diana Quintanilla
Colombia

Integration of Voice Services In Internet Applications 245
Eduardo Carrillo, Jose Javier Samper, Juan José Martínez Durá
Columbia, Spain

iiWAS 2001 Addendum

Web-based Project Management 250
Christian Breu, Norbert Meckl, Johannes Sametinger
Germany

Author Index 253
