CONTENTS
Volume - 1

Preface iii
List of Committees v

Keynote Addresses

1 Case Study on Dredging at Tuticorin Port
   V. Chellappan

2 Kandla Port-Devastated By Earthquake-Rising from the Rubble
   Vipul Mittra

3 Coastal Erosion, Protection Measures and Coastal Zone Management
   Jan Van De Graff

4 Fatigue Reliability of Ship Structures
   Purnendu K. Das

5 Development of Sine-Slabs for Protection Against Coastal Erosion
   Noraieni Hj. Mokhtar

6 Offshore Environmental Engineering using Autonomous Underwater Vehicles
   Neil Bose

7 The Indian 1 MW Demonstration OTEC Plant
   M. Ravindran

8 Rehabilitation of Earthquake Damaged Berths at Kandla Port
   V.S.Raju

9 Some Special Offshore Structures
   M. Hariharan

10 New Italian Experience in the Design of Maritime Structures
    Leopoldo Franco

11 Application of Directional Random Wave Generator To
    Port Design
    Tetsuya Hirashi

12 Coping With the Ocean : The Sri Lankan Experience
    Ranjit Galapatti

13 Hydrodynamic Damping of a Circular Cylinder Oscillating
    At Small Amplitudes
    J.R.Chaplin

14 Deep-water Wave Plunging, Air Entrainment and Mixing
    Eng-Soon Chan
Theme I — Offshore Structures

1. Response of a Double Hinged Articulated Tower  
   *Suhail Ahmed* and *Nazrul Islam*  
   1

2. Response of Multi Hinged Articulated Tower in Wave  
   *Suhail Ahmed* and *Nazrul Islam*  
   9

3. Behaviour of an Articulated Tower Due to Wave Diffraction  
   *Dadi G.S. Raja Ramesh*, *Suhail Ahmed* and *A. Bhijit S. Majage*  
   15

4. Wind Induced Response of Articulated Tower  
   *Suhail Ahmed* and *Nazarul Islam*  
   21

5. Dynamic Behavior of Offshore Spar Platforms  
   *Amit K. Agarwal* and *A. K. Jain*  
   29

6. Tether Reliability Analysis of a Tension Leg Platform  
   *N. A. Siddiqui* and *Suhail Ahmed*  
   35

7. Studies on the Dynamics of Seastar Mini TLP  
   *S. Sreekumar*, *V. G. Idichandy* and *S. K. Bhattacharyya*  
   41

8. Dynamic Response of a Compliant Cylinder in Random Waves  
   *T. P. Somasundaran*, *V. G. Idichandy* and *C. P. Vendhan*  
   49

9. Forces on a Moored Cylinder Due to Random Oblique Waves  
   *V. Sundar, R. Sundaravadivelu* and *M. Kalyani*  
   57

10. Studies on Stiffened Plates  
    *N. E. Shanmugam*  
    63

11. Dynamic Behaviour of Underwater Mining Pipe  
    *Babu R. Shanmuga* and *Suhail Ahmed*  
    69

12. Monitoring of Large Structures using Neural Networks  
    *Lalu Mangal, Binu Baby* and *V. G. Idichandy*  
    75

13. Development of an Interactive offshore Database  
    *N. Sankar* and *C. R. Rakesh*  
    81

---

Theme II — Marine Hydrodynamics

14. Hydrodynamics of Shallow Water Flow Fields  
    *D. L. Young*, *Y. F. Wang* and *T. I. Eldho*  
    89

15. Whole Field Velocity Mapping in Waves  
    *Joachim Lengricht*, *Stefan Schimmels*, *Torsten Schlurmann*  
    and *Kai-Uwe Graw*  
    95
16  Wave Forecasting in Near Real Time Basis by Neural Network
   Subba Rao, S. Mandal and N. Prabaharan
   103
17  Evolution of Wave Characteristics Due to Storms in North Sea
   J. Wolfram, B. T. Linfoot and V. Venugopal
   109
18  Validation of "3g-WAM" Hindcast Wave Fields using IRS-P4 Data
   J. Swain, JK Panigrahi and CVK Prasada Rao
   115
19  Wave Force Estimation - a Critical Study
   A. Umar, T. K. Datta and Suhail Ahmed
   125
20  Flow Visualisation of a Horizontal Cylinder in Low KC Numbers
   Dominique Mouze and Michael Belorgey
   133
21  Hydoinformatics to Hot Water Recirculation
   A. S. Barve (Mrs.), V. V. Vaze and V. M. Bendre (Mrs)
   147
22  Servo-Actuators for Multi-Flap Laboratory Sea Wave Generator
   S. V. Wadwankar, P. K. Goel and J. S. Panvalkar
   155
23  Short-Wave Propogation using Neural Networks
   S. N. Londhe and M. C. Deo
   161
24  Influence of Catenary Stiffness on Mooring Lines
   S. Surendran
   167
25  Environmental Loads on Submarine Pipeline in Clayey Soil
   A. Vijaya Kumar, S. Neelamani and S. Narasimha Rao
   173
26  Pressures and Forces on Buried Pipelines due to Random Waves
   V. Sundar, S. Narasimha Rao and Ch. Madhu Sudhan
   181
27  White Light PIV and Modern Data Representation in
   Hydrodynamics
   Gerald Muller, Klemens Kauppert, Rudiger Mach,
   Simon Rea, Alistair Thompson and Tom Bruce
   187
28  Real-Time Directional Wave Data Collection
   K. Ashok Kumar, S. G. Diwan and P. Pednkar
   193
29  Hydrodynamic Load Models for Ringing on Offshore Structures
   M. J. Kumar, K. P. Thiagarajan and B. V. Rangan
   201
30  Uncertainty Analysis in Hydrodynamics Tests
   S. C. Misra
   207

Theme — III  Marine Vehicles

31  Prediction of Nominal Wake of a Torpedo Body With Appendages
   Capt N. Banerjee, Lt. Cdr. P. Jayakumar and H. N. Das
   217
32 Design and Performance of an Underwater Towed Body
   P.C. Sajithkumar, K. Sudarsan and P.D. Joseph

33 Powering Prediction for Ships with Compound Propulsors
   Neil Bose and Susan Molloy

34 Assessment of Criterion of Operability for Swath Ships
   V.I. Beena and V. Anantha Subramanian

35 Time Domain Large-Amplitude Ship Motions with Forward Speed
   Debabrata Sen

36 A Parametric Assessment of High Performance Catamarans
   Sathish Balasubramanian and Adam King

37 Design and Implementation of Underwater Robots in Iran
   Mojtaba Madhkhan

Volume - 2
Theme IV — Port and Harbour Structures

38 Optimisation of Harbour Layout using Mathematical Models
   J.D. Agrawal, L.R. Ranganath and C.N. Kanetkar

39 Optimisation of Layouts for Developments at Mormugao Port
   U.V. Purandare, Prabhat Chandra and S.S. Chavan

40 Wave Tranquillity at Offshore Terminal of Visakhapatnam Port
   U.V. Purandare, V.B. Joshi, S.V. Wadvankar and M. Phanikumar

41 Determination of Orientation of Jetty in Open Sea Conditions
   C N Kanetkar, V.V. Vaze, B.M. Patil and N.D. Atkekar

42 Automatic Mesh Generation for Harbour Resonance Studies
   A.M. Vaidya (Mrs), K.H. Barve K.H. and C.N. Kanetkar

43 Wave Transmission through Rubblemound Breakwater
   I.Z. Poonawala, M.D. Kudale, A.A. Purohit, S.P. Kulkarni and A.K. Das

44 Wave Overtopping Over Rubble Mound Breakwaters
   Kiran G. Shirlal, Subba Rao and A. Vittal Hegde

45 Performance of Overspill Basin on Top of Breakwaters
   Pierluigi Aminiti and Leopoldo Franco

46 Performance of Tandem Breakwater
   G.S. Kiran, Subba Rao and S.K. Mahalingeshwara Prasad

47 Performance of Circular Caisson Breakwater
   V. Mahesh and J.S. Mani
