Association for the Advancement of Automotive Medicine

45th Annual Proceedings
San Antonio, Texas
September 24-26, 2001

An international multidisciplinary organization for crash injury control
# TABLE OF CONTENTS

## RESTRAINT SYSTEMS

| Use of Seat Belts in Cars with Different Seat Belt Reminder Systems. A Study of Injured Car Drivers | Page |
| Per-Olof Bylund and Ulf Bjornstig | 1 |

| Comparison of Seat Belt Force-Limiting Methods Using the MADYMO Multi-Body/Finite Element Program | 11 |
| Edwin M. Sieveka, Richard W. Kent and Jeff R. Crandall |

| The Association Between Risk-Taking Behavior and the Use of Safety Devices in Adolescents | 23 |
| Jeff Mathews, Terrell Zollinger, Michael Przybylski and Marilyn Bull |

| Booster Seats: A Community Based Study of Installation and Use by Parents and Caregivers | 37 |
| Barbara M. Stepanski, Leslie Upledger Ray and Louise Nichols |

## INJURY RISK STUDIES

| Rear Seating and Risk of Injury to Child Occupants by Vehicle Type | 51 |
| Fleura K. Winston, Denis R. Durbin, Michael J. Kallan and Michael R. Elliott |

| The Effect of Seating Position on Risk of Injury for Children in Side Impact Collisions | 61 |
| Dennis R. Durbin, Michael Elliott, Krisly B. Arbogast, Rebecca L. Anderko and Fleura K. Winston |

| Male and Female Car Drivers — Differences in Collision and Injury Risks | 73 |
| Ruth Welsh and James Lenard |

## ANALYSES OF FATAL INJURY

| Exposure-Based Death Rates for Child Motor Vehicle Occupants | 95 |
| Craig L. Anderson, Phyllis F. Agran and Diane G. Winn |

| The Association Between Body Habitus, Restraint Use, and Fatality in Motor Vehicle Collisions | 107 |
| Stephan G. Moren, Gerald McGwin, Jr., Donald A. Reiff and Loring W. Rue III |

| The Role of Cocaine in Fatal Crashes: First Results of the Quebec Drug Study | 125 |
| Claude Dussault, Maxime Brault, Anna-Marie Lemire and Joanne Bouchard |
DRIVING BEHAVIOR

The Role of Driver Distraction in Crashes: An Analysis of 1995-1999 Crashworthiness Data System Data
Jane C. Stutts, Donald W. Reinfurt and Eric A. Rodgman .......................................................... 287

Evaluation of a Program to Motivate Impaired Driving Offenders to Install Ignition Interlocks
Robert B. Voas, Kenneth O. Blackman, A. Scott Tippetts and Paul R. Marques ............................... 303

Binge Drinking, Sensible Drinking, and Abstinence After Alcohol-Related Vehicular Crashes: The Role of Intervention versus Screening
Marilyn Sawyer Sommers, Janice M. Dyehouse and Steven R. Howe ............................................ 317

CRASH ANALYSIS

Crash Reconstruction and Injury-Mechanism Analysis Using Event Data Recorder Technology
Bruce R. Donnelly, Robert A. Galganski, Richard D. Lawrence and Alan Blatt ................................ 331

Crash Protection for Children in Ambulances
Marilyn J. Bull, Kathleen Weber, Judith Talty and Miriam Manary ................................................ 353

The Effect of Road Improvements on Motor Vehicle Crash Injury and Mortality in a Developing Country
Lisa Keough, James Rinkle, Robbie Hage, Lawrence H. Brown and Richard C. Hunt .......................... 369

DRIVER LICENSING

Motor Vehicle Occupant Crashes Among Teens: Impact of the Graduated Licensing Law in San Diego
Alan M. Smith, Janace Pierce, Leslie Uplodger Ray and Patricia A. Murrin ....................................... 379

Three Year Injury Crash Records of New Licensees with Suspensions or Invalidity Periods Lasting 90 Days or More
Urs Maag, Claire Laberge-Nadeau, Denise Desjardins, Stephane Messier and Isabelle Morin ............... 387
SCIENTIFIC POSTERS

Retrospective Assessment of Malleolar Fracture Mechanism in Impact Environment
Sreebala CM Srinivasan, Christopher Sherwood,
James Funk and Jeff Crandall ............................................................. 405

Eye Injury Patterns in Automobile Crashes:
The Effect of Frontal Airbags
Mary V. Jernigan, Stefan M. Duma, Ian P. Herring,
Joel D. Stitzel, Cameron R. Bass, John S. Crowley
and Fred T. Brozoski ................................................................. 407

The Effects of Alcohol, Cocaine and Cannabis Abuse on the Risk of Traffic Crashes and Convictions: A Study of Clients Treated for Addiction
Mary L. Chipman, Scott Macdonald and Robert E. Mann ............... 410

Drinking Drivers in Fatal Crashes: Variations Across Age, Gender, and Ethnic Groups
Robert B. Voas, A. Scott Tippetts, Deborah A. Fisher ................. 411

Older Drivers: A Comparison of Self-Reported Driving-Related Decisions with Observed Driving Problems
David W. Eby and Lisa J. Molnar ..................................................... 413

Causes of Sleepiness in Drivers Who Crash
Jane C. Stutts, Jean W. Wilkins and Bradley V. Vaughn ............... 416

Perceived Drowsiness in Drivers Who Fall Asleep and Crash
Jane C. Stutts, Jean W. Wilkins and Bradley V. Vaughn ............... 419

A Comparison of Characteristics and Outcomes in Single Vehicle Versus Multiple Vehicle Crashes in Maryland
Joseph A. Kufera, Patricia C. Dischinger, Shiu M. Ho
and Timothy J. Kerns ................................................................. 423

Why Aren't Sobriety Checkpoints Widely Adopted as an Enforcement Strategy in the United States?
James C. Fell, Susan A. Ferguson, Allan F. Williams
and Michele Fields ................................................................. 425

Child Safety Seat and Airbag Knowledge Among Parents Utilizing Emergency Care Services
Federico Vaca, Phyllis Agran, Diane Winn,
Craig Anderson and Chang George .............................................. 429
