Session IV: Human Factors
Session Chairman: Capt. Paul Miller, safety committee member, Independent Pilots Association,
United Parcel Service

Embryor Approach to Human Factors in the Embraer 170/190 Cockpit Design ..................... 157
Capt. Eduardo Alves Menini, Embraer

When a Go-around Goes Bad .................................................................................................. 163
Capt. Dick McKinney, American Airlines (retired)

Flight Test Evaluation of the Runway Awareness and Advisory System (RAAS):
A Human Factors Assessment of Pilot Acceptability ............................................................. 169
Ratan Khatwa, Ph.D., Honeywell

Additional Papers

Pro-active Safety Initiatives ..................................................................................................... 185
L. Nick Lacey and Jeremy Akel, Morten Beyer & Agnew

The Cost of Doing Business ................................................................................................... 199
Capt. William Douglas Moyse, Transport Canada, Commercial and Business Aviation Branch

2003 EASS Agenda Development Committee ....................................................................... 215

European Regions Airline Association

ERA Board 2002–2003 ............................................................................................................. 215

Flight Safety Foundation

European Advisory Committee ................................................................................................. 216
International Advisory Committee ......................................................................................... 217
Corporate Advisory Committee .............................................................................................. 218
Icarus Committee .................................................................................................................... 220
Board of Governors ............................................................................................................... 221
Honorary Advisory Board ..................................................................................................... 222
Members .................................................................................................................................. 223

15th annual EASS • FSF & ERA • “Change: A Safety Challenge” • Geneva, Switzerland • March 2003
