APPROPRIATE ENVIRONMENTAL AND SOLID WASTE MANAGEMENT AND TECHNOLOGIES FOR DEVELOPING COUNTRIES

VOLUME 2

Editors
Günay Kocasoy
Tamer Atabarut
İrem Nuhoğlu

İstanbul, July 2002
Co-Fermentation of Organic Waste
Petr Hlavínek, Pavla Kostruhová

A Joint Photochemical / Microbial Reaction for Degradation of Polychlorinated Biphenyls (Aroclor 1254)
Chakib Rhofir, Peter, C. K. Lau, Hélène Bergeron, Olivier Tardiff, Jalal Hawari

Anaerobic Digestion of Residues from Rose Oil Production
Ismail Tosun, M. Talha Gönüllü, Ahmet Günay

Privatisation of Sanitation Work in Hyderabad Municipal Area – an Experience
Ravande Kishore, K.Rajiv Babu

Safety of Radioactive Solid Wastes in the Context of Moral Philosophy
Erhun Kula

Author Index
Subject Index

VOLUME TWO

Message from the Minister of Environment of Turkish Republic iii
Message from the Mayor of Metropolitan Municipality İstanbul v
Message from the Rector of Boğaziçi University vii
Foreword ix
Committees xi
Acknowledgements xiii

The Landfill Directive of the EU and its Implementation in EU- Member States and Accession Countries
Karl Wagner 731

Low Cost Natural Solutions to Landfill Management for Developing Nations
Alistair Allen 739

Risk Assessment as a Basis for Selection of Appropriate Landfill Technology
Ljiljana Rudić-Wiersma 749
Indications of Hormonally Active Agents in Municipal Solid Waste Leachate: Mobilisation and Effect Studies from Sweden and Norway
Ketil Haarstad, Hakon Borch

An Excel Spreadsheet for Computing Leachate Production from Municipal Solid Waste Sanitary Landfills
Evangelos A. Voudria, Maria Theodoseli

Numerical Evaluation of the Effects of Leachate Recirculation on Landfill Leachate Quality and Quantity
Ebru Demirekler, Kahraman Ünlü

Controlled Infiltration of Leachate Concentrates into Landfill Bodies
Hartmut Eipper

Research on Treatability of Young Landfill Leachates by Fenton's Reaction
Uğur Kurt, M. Talha Gönül, Yaşar Avşar, Ertan Arslankaya

Tamer Atabarut, Ekrem Ekinci

Organic Matter Removal from Young Landfill Leachate by Volatization
İşik Kabdaşlı, Olcay Timay, Atakan Şafak

Combined Anaerobic Fluidized Bed Reactor and Fenton’s Oxidation Treatment of Landfill Leachate

Anaerobic Treatment of High Ammonia Landfill Leachate with and Without pH Control
Barış Çallı, Bülent Mertoğlu, Ayten Davutoğlu, Beyza Gunes, Emine Girgin, Neslihan Tas, Bülent İnanç, Orhan Yenigün

Advanced Physico-Chemical Treatment Experiences on Young Municipal Landfill Leachates
I. Öztürk, M. Altıntaş, İ. Köyuncu, O. Arıkan, C. Yangın

Physical/Chemical Characterization and Identification of Organic Compounds of Landfill Leachate in Eskişehir
Müfide Banan, Mine Kürkçüoğlu, Aysun Şahin, K. Hüsnü Can Başer

Investigation of Leachate Recirculation Effects in Istanbul Odayeri Sanitary Landfill
Bestamin Özşay, Adem Baştürk, Ahmet Demir, Eyyüp Debik, M. Sinan Bilgili

Pre and Post Treatment of Landfill Leachate in Vertical Flow Constructed Wetland
Ahmad Badkoubi, M.R. Sarafrazi, D.K. Stevens
Comparative Evaluation of Air Stripping and Struvite Precipitation for Ammonia Removal from Landfill Leachate
Barış Çallı, Bilent Mertoğlu Nestihan Tas, Bilent İnanç

Low Cost Treatment of Landfill Leachate Using Peat
Margaret Heavey

Purification of Landfill Leachate with the Reverse Osmosis and Nanofiltration Membrane Process
Hartmut Eipper

Efficiency of a Biogas Collection System as a Function of Sucked Flows and Gaseous Emissions from the Final Capping
V. Nizzoli, G.F. Saetti, F. Martino

Determination of the Biological Methane Potential (BMP) of the European Side Solid Wastes of Istanbul
Bestamin Özkaya, M. Sinan Bilgili, Ahmet Denir

Effects of Environmental Factors on Biological Methane Oxidation in Final Cover Soil of Solid Waste Landfill
Young Mi Ahn, Je-Ryang Park, Kyungphil Nam, Jung Jun Lee, Jae Young Kim

Modelling of Landfill Gas Production of Treated and Untreated Waste - Mid Auchencarroch
Telemachus C. Koliopoulos, George Fleming

Design of Landfill Gas Emission at Municipal Solid Waste Landfilling
S.P. Vostretsov

Closure of an Old Dump in Lebanon Risk Assessment and Project Formulation
Khoury Ricardo, Maasri Raji, Bou Jawdeh Issam, Kayal Ramez

Evaluation of MSW Landfill Emissions in View of the After-Care Period
Renate Huber, Johann Fellner, Gernot Doeberl, Paul H. Brunner

Closure Process Design of Sanitary Landfill
Giovanni De Feo, Vincenzo Belgiorno, Rodolfo M.A. Napoli

Disposal of Dross on Landfill: A Case Study
Karl E. Lorber

Prediction of Long-Term Settlement Behaviour of MSW. Landfills - Mid Auchencarroch
Telemachus C. Koliopoulos, George Fleming

Preliminary Inventory of Alkaline Batteries Landfilling
Susana Xarà, Manuel Fonseca Almeida, Margarida Silva, Carlos Costa
Coal Combustion Products – Production and Uses
Riştü S. Kalyoncu

Effect of pH and HRT on Biohydrogen Production
Kuo-Shuh Fan, Ni-Ru Kan, Jiunn-Jyi Lay, James I. Chang, Hua-Shan Tai

Energy Recovery from Briquetted Agricultural Residues
Carlo Collivignarelli, Sabrina Sorlini

Kemerburgaz Power Generation from Landfill Gas a Landmark in Renewable Energy for Turkey
Robert Eden, Omer Salman, Ioannis Frantzis

Enrichment of Waste Coal by Column Flotation
Hale Stitçi, Nilufer Bayrak, Ihsan Toroglu

Estimation of the Environmental Benefits of the Use of Biofuels in Rototiller Agricultural Engines, by a Visual Computer System
Arapatsakos I. C, Hliadis S. L, Koutroumanidis C. T

Utilization of Renewable Energy Sources with Underground Thermal Energy Storage (UTES) and a Clean Environment
D.Dikici, H.Paksoy

A New, Full-Scale Pre-Treatment System for the Production of Biogas from Organic Solid Waste
Katarina Starberg, Bernt Karlsson

Energy from Waste: the Experience of Rio Rizzone Landfill from 1991 to Date
V.Nizzoli, F.Martino, S.Teneggi

A Renewable Environment-Friendly Natural Resource: Geothermal Energy and the Example of Diyadin (Ağrı)
Hashi Soylu, Faruk Kaya

Development of Composting Units for Household and Fresh Market Wastes
Chart Chiemchaisri, Kiatkrai Ayuwat, Chanin Tongdhamachart

Investigation of Appropriate Initial Composition and Aeration Method for Co-Composting of Yard Waste and Market Wastes
Gökçe Akgöze-Ayfil, Güney Kocasoy

Decentralised Composting in Dhaka, Bangladesh Production of Compost and Its Marketing
Zurbrügg, C, Drescher, S, Rytz, I, Sinha, M, Enayetullah, I

Compost Potential of Chicken Manure: A Case Study from Çorum
Ahmet Baban, Nilgün Kiran Ciliz, Hayati Olgun
Biotransformation of Organic Fraction of Municipal Solid Waste to Compost and Its Manural Effect on Wheat Growth
H.K. Abdel-Maksoud, M.A. Azzazy, R.A. Abdel-Aziz

Presence and Distribution of Heavy Metals in Fine Size Particles of Compost
Eleonora Beccaloni, Loredana Musmeci, Edoardo Stacul

The Effect of Aeration and Initial Composition on the Quality of Compost Products, Prepared from Garden and Kitchen Solid Wastes
Ayşegül Yıldırım, Pınar Özel, Gülseren Özkan

Composting Process and the Product Quality in Istanbul Composting and Recycling Plant
Ahmet Demir, Adem Baştürk, Yakup Karaaslan, Bestamin Özkaya, Eyyüp Debik, Hürem Bayhan, Gürdal Kanat

Aerobic Composting of Municipal Solid Wastes in Istanbul: Start-Up and Operational Experiences
Ahmet Demir, İsmail Tosun, Bestamin Özkaya, M. Sinan Bilgili, Ahmet Gütay, Faruk Aysar, Yakup Karaaslan

Composting Experience and Practice in Antalya Province
Perihan Binnur Kurt, M. Bulent Topkaya, Tuğba Ozden, Nihat Gıney

Composting with Urban Solid Waste in Brazil
Adriana De Schueler, Cláudio Fernando Mahler

The Role of Composting in the Management of Solid Wastes in Economically Developing Countries
L.F. Diaz, L.L. Eggerth, G.M. Savage, C.G. Golueke

Odour Control for Composting Plants: Results from a Full-Scale Experiences
Alessandro Canovai, Federico Valentini, Edoardo Manetti, Mauro Zagaroli

Experimental Plant of Compost Elaboration from Urban Solid Waste
V.Paz, R.Umbides, H.Mishima, M. I. Sánchez De Pinto, A.Polo
