Proceedings of the International Groundwater Conference on
Sustainable Development and Management of Groundwater Resources in Semi-Arid Region with Special Reference to Hard Rocks

Editors
M. Thangarajan
S.N. Rai
V.S. Singh

IGC-2002
Dindigul, Tamil Nadu, India
(February 20-22, 2002)
Contents

Foreword v
Preface vii

GROUNDWATER POTENTIAL ASSESSMENT

1. Delineation of New Structural Controls Using Aeromagnetics and Their Relation with the Occurrence of Ground Water in an exposed Basement Complex in a Part of South Indian Shield
Ch. Rama Rao, M.P. Lakshmi and H.V. Rambabu 3

S.V.B.K. Bhagvan and V. Raghu 11

3. Geophysical Surveys for Deeper Aquifers in Sivaganga Area, Tamil Nadu: A Case Study
Ramesh S. Acharya, R. Ananda Reddy, M. Rajani Kumar and K.P.R. Vittal Rao 15

4. Application of Geostatistics to the Hydrochemical Data from the Hard Rock Aquifers in Sri Lanka -- A Case Study
H.A.H. Jayasena and P.T. Abeyrathne 29

5. Application of Magnetic, HLEM and VES Techniques for Delineating Fractured Bedrock Aquifers in Unexposed Areas -- A Few Case Studies from Southeastern Botswana
H. Kumar, F. Linn and I. Mannathoko 45

6. Structurally Disturbed Terrain Delineated by Electrical Resistivity Method for Groundwater Exploration
T. Venkateswara Rao 53

7. Characterization of Aquifer Systems of Kodaganar River Basin, Dindigul District, Tamil Nadu
V.S. Singh and M. Thangarajan 59

GROUNDWATER RECHARGE

8. Banking of Stormwater, Reclaimed Water and Potable Water in Aquifers
Peter Dillon 71
   C. Barber 81

10. Interconnection between Water Bodies in Select Areas of Rajasthan State, India
    H. Chandrasekharan and S.V. Navada 93

MODELLING

11. Hybrid Finite Analytic Solution for Stream Aquifer Interaction
    A. Upadhyaya, H.S. Chauhan and S.R. Singh 105

    M. Razak and O. Gaillard 113

13. A Numerical Model for Simulating Transport and Geochemistry in Groundwater
    K.V. Hayagreeva Rao and M. Sekhar 125

    M. Thangarajan 135

15. Modeling of Groundwater Flow in Schoneiche Waste Disposal Site, Germany
    S.N. Rai 147

16. An Integrated Approaches to Groundwater Resources Assessment
    K. Sridharan, P. Manavalan and M. Ramanjaneyulu 153

17. Use of Cross-correlation and Spectral Analysis to Characterize the Groundwater Level Fluctuation of Hard-rock Aquifer
    J.C. Merechal and K. Subramanyam 161

GROUNDWATER POLLUTION AND ITS REMEDIAL MEASURES

18. Nitrate Pollution in Groundwater, Krishna Delta, India
    V.K. Saxena, I. Radhakrishna, K.V.S.S. Krishna and V. Nagini 169

19. Towards Quantification of Ion Exchange in a Sandstone Aquifer
    John Tellam, Harriet Carlyle, Hamdi El-Ghonemy, Keren Parker and Richard Mitchener 177
20. Hybridisation of Qualitative and Quantitative Resistivity Data Interpretation—A Technique to Resolve the Fresh and Brackish Water in Aquifers in Regional Affected Terrains (a Case)

21. Hydrogeochemistry and Quality Assessment of Groundwater in and around Salem Magnesite Mine Area, Salem District, Tamil Nadu
M. Sathyanarayanan and P. Periakali 197

22. Parametric Studies on the Effect of Field Parameters on Seawater Intrusion in Multi-Layered Coastal Aquifers
A.K. Rastogi and S.K. Ukrande 211

COMMUNITY MANAGEMENT

23. Groundwater Protection Strategy in Ghaziabad Urban Area, Uttar Pradesh – A Case Study
A. Dey and A.N. Bhowmick 223

A.K. Sikka 237
