PROCEEDINGS OF THE TWENTY-SEVENTH ANNUAL
BRITISH COLUMBIA MINE RECLAMATION SYMPOSIUM

"RECLAMATION AT CLOSED MINES
AND AT MINES WHERE MOLYBDENUM
IS AN ISSUE"

Editors: William Price, Wendy Gardner
and Carol Howell

Organized and Published by: The British Columbia Technical and Research Committee on Reclamation

Available from: Bitech Publishers Ltd., Richmond, B.C.

Convened at the Best Western Hotel
Kamloops, British Columbia
September 15 - 18, 2003
# TABLE OF CONTENTS

THE BRITISH COLUMBIA TECHNICAL AND RESEARCH COMMITTEE ON RECLAMATION (TRCR)

REPORT OF THE TRCR AWARDS SUBCOMMITTEE

ACKNOWLEDGEMENTS

TECHNICAL PAPERS:

1. Reclamation Research and Monitoring at Highland Valley Copper  
   C. Jones and J. Straker - C.E. Jones and Associates Ltd.  
   M. Freberg and R. Hamaguchi - Highland Valley Copper

2. Cattle Grazing on Reclaimed Mine Tailings at Highland Valley Copper - A Review  
   Daniel Steinke and Walter Majak - Agriculture and Agri-Food Canada

3. Seven Years of Research on Reclamation Using Biosolids at Highland Valley Copper  
   J. Straker and C. Jones - C.E. Jones and Associates Ltd.  
   R. Hamaguchi and M. Freberg - Highland Valley Copper

4. Influence of Biosolids and Fertilizer Amendments on Selected Soil - Physical, Chemical and Microbial Parameters in Tailings Revegetation  
   Wendy Gardner - University College of the Cariboo  
   Klaas Broersma - Agriculture and Agri-Food Canada  
   Anne Naeth - University of Alberta  
   Al Jobson - Stantec

5. Water Management and Molybdenum Treatment at the Closed Noranda Inc. - Brenda Mines Site, Peachland, B.C.  
   Michael Patterson - Noranda Inc./Falconbridge Ltd.

6. Wild Ruminant Study at Brenda Mines  
   M.E. Taylor and P. McKee - Stantec Consulting Ltd.

7. Five-Year Receiving Environment Study, Brenda Mines  
   Paul McKee and Brian Fraser - Stantec Consulting Ltd.  
   Michael Patterson - Noranda Inc.

8. A Comparison of Pre-development and Present Molybdenum Concentrations in Vegetation on the Endako Mine Site and Implications to Ungulate Health  
   Barb Riordan - Thompson Creek Mining Ltd., Endako Mines
9. Sulphate Toxicity to Freshwater Organisms and Molybdenum Toxicity to Rainbow Trout Embryos/Alevins
   Trevor D. Davies - Institute for Resources, Environment and Sustainability, UBC and Nova Scotia Power Inc.
   Janet S. Pickard - BC Research Inc.
   Ken J. Hall - Institute for Resources, Environment and Sustainability, UBC

10. Development of a Site-Specific Water Quality Objective for Copper for a Post-Closure Mine Site Discharge
    Alan J. Martin and Robert Goldblatt - Lorax Environmental Services Ltd.
    Dave Hiller - Placer Dome Canada

    Kim Bellefontaine - British Columbia Ministry of Energy and Mines
    Bill Price - Natural Resources Canada

12. Historic Mine Sites Project, British Columbia Ministry of Energy and Mines
    Gregg G. Stewart - British Columbia Ministry of Energy and Mines
    Lisa N. Barazzuol - Dept. of Earth and Planetary Sciences, McGill University

13. Wildlife Mitigation Burn Performance Monitoring at the Fording Coal Ltd. - Fording River Mine
    C.R. Smyth - EBA Engineering Consultants Ltd.
    D. Paton - Anatum Ecological Consulting Ltd.
    R. Berdusco, B. O’Brien and G. Sword - Fording Coal Ltd.

14. Reclamation to Wildlife Habitat in Alberta’s Foothills
    Beth MacCullum - Bighorn Environmental Design Ltd.

15. Re-establishing Livestock Use on Mined Landscapes in the Southern Interior of BC
    Katherine G. Gizikoff - KG Consulting

16. Native Grass Seed Development - Progress After Eight Years
    Manivalde Vaartnou - M. Vaartnou & Associates

17. The Role of Invasive Plant Species Management in Mined Land Reclamation
    David F. Polster - Polster Environmental Services Ltd.

18. Sustainability in Mining Engineering: Seeking a Model for Education and Research
    Silvana Costa and Malcolm Scoble - Department of Mining Engineering, University of British Columbia

19. Soil Cover Research to Mitigate Potential ARD in Combined Dry and Wet Closure of Tailings Storage Facility
    K. Renken and E.K. Yanful - Civil & Environmental Engineering, University of Western Ontario
    D.M. Mchaina - Boliden Westmin Canada Limited
20. Red Mountain Mines - 5 Years of Closure Work
   Rob Marsland - Klohn Crippen Consultants
   Hannu Virtanen - INCO Technical Services Limited

21. Challenges Posed by Metal Leaching and Acid Rock Drainage at Closed Mines
   William A. Price - Natural Resources Canada

22. Britannia Mine Closure Plan
   Gerry O’Hara - Golder Associates Ltd.

23. Cost Generation Aspects of the Gibraltar Closure Plan
   R.J. Patterson and T. Wambolt - Gibraltar Mines Ltd.
