Concepts and Applications of Systemics, Cybernetics and Informatics II

Contents

Information Systems Management

Acuña, Silvia T.; Figueroa, Saritha G. (Argentina): "Integral Software Process Modeled with Objects and Workflows: Static and Dynamic View" 1

Bing-yuan, Cao (China): "Multi-objective Linear Programming Model with T-fuzzy Variables" 7

Carnes, Patrick (USA): "Software Reliability – Theory vs Practice in the Operational Environment" 11

Alvarez, Abraham; Cheir, Richard; Amghar, Youssef (France): "Web Server Architecture Proposal for the Link Integrity Management Between Documents" 17

Barbar, Aziz M. (France): "Object Recovery from Relational Tables" 23

Callejas, Yves; Cavarero, Annie (France): "Classification of learning trees to improve a pedagogical approach" 28

Mirbel, Isabelle; de Rivières, Violaine (France): "Introducing Flexibility in the Heart of Analysis and Design" 34

Cateni, F.; Dessena, Mauro; Fantola, F.; Maerker, Michael; Moretti, S.; Righini, G.; Rodolfi, G.; Cantone, S. (Italy): "Remote Sensing and GIS Related to the Water and Soil Evaluation and Protection in Mediterranean Region" 40

Cho, Sungbaek; Ciechanowicz, Zbigniew (UK): "Risk Analysis and Internal Control Evaluation: A Combined View of Asset Safeguarding" 46

Chung, Kyung Soo; Park, Soon Chang; Kim, Byung Gon; Park, Jong Phil (Korea-Republic-of): "An Empirical Study on User Acceptance of the Internet in South Korea" 52

Duvallet, Claude; Sadeg, Bruno; Cardon, Alain (France): "Distributed Electronic Commerce Transactions thanks to Anytime Agents" 58

Fan, Linghua *; Cao, Jialin **; Soenen, Rene * (France, ** China): "Model and techniques to specify, develop a system: a mediated approach" 64

Ghahramani, Bahador; Azadmanesh, Azad (USA): "A Telecommunication systems specification Model: Implementing CASE Tools" 70
Hu, Wen-Chen *; Zong, Xuli *; Chu, Hung-Ju *; Chen, Jui-Fa ** (* USA, ** Taiwan): "Usage Mining for the World Wide Web"

Johnsten, Tom; Raghavan, Vijay V. (USA): "Knowledge Hiding in Databases and Its Relationship to KDD"

Kim, Hyoun Jong; Hong, Won Soon; Park, Young Joon (Korea-Republic-of): "Modeling Quality Improvement Measure with Application of QFD"

Kim, Kwang-Soo; Choi, Haeock; Lee, Jong-Hun (Korea-Republic-of): "Development of the Reusable GIS Components in Local Governments"

Lee, Kyung-Hee; Han, Jeong-Hye; Rhee, Chung-Sei (Korea-Republic-of): "An Agent System for Products Recommendation in Electronic Shopping Mall"

Loffredo, Mario; Signore, Oreste (Italy): "Making two-level static slicing in legacy systems"

Pigni, Federico *; Ravarini, Aurelio *; Tagliavini, Marco *; Moro, Jennifer *; Guimaraes, Tor **; (* Italy, ** USA): "Using ICT to improve SMEs performance: does the CIO matter?"

Rilling, Juergen; Seffah, Ahmed (Canada): "Enhancing Static and Dynamic Views with Program Slicing"

Stoica, Susana (USA): "The Human Side of Systems Engineering"

Tettekpoe Agbenozen, Ekrue A. (Togo): "System of Management Information Applies to Data Macroeconomics of the Countries in the Process of Development: Case of the Togo"

Watad, Mahmoud M. (USA): "Knowledge Management: Building a Flexible Information Technology Infrastructure"

Education and Information Systems

Bizon, Nicu; Raducu, Radian (Romania): "A Concept of a Teaching Laboratory on Advanced Power Electronics Systems"

Buller, Andrzej; Shimohara, Katsunori (Japan): "Kansei Processes in a Psychodynamic Agent"

Carbone, Angela; Lynch, Kathryn E.; Bamden, Andrew W.; Gonsalvez, Christabel B. (Australia): "Students' Reactions to Studio-based Teaching and Learning Environment (Space, IT tools and Infrastructure) in the Bachelor of Information Management & Systems"

Cheung, Edwin K. W. (Hong-Kong): "A statistical analysis of students' perceptions in e-learning via Internet"

George, Boby; Mansour, Mohammad (USA): "A Multidisciplinary Virtual Team"

Govender, Anusha; Heukelman, Delene; Khalili, Parivash; Pete, Mari;
Fregona, Chari (South-Africa): "Teaching Information Systems 1 online: The Trials and Tribulations"

Gusev, Marjan K.; Antovski, Ljupco N.; Ajanovski, Vangel V. (Macedonia): "E-Commerce for Students"

Hameed, Shihab A. (Bahrain): "Weakness and Harmful Impacts of Internet in the Higher Education"

Han, Jeong-Hye (Korea-Republic-of)): "The Design and Development of Korean Fonts Evaluation for Typography in WBI Based on Children's Sensibilities"

Husain, Sukanti L; Hamza, Mohammad K. (USA): "Designing Effective Educational Websites for Older Adults: Recommendations Based on Experimental Research"

Larrondo-Petrie, Maria M.; Hamza, Mohammad K. (USA): "Instructional Technology Personnel (ITP): Effective ITP Selection in Complex Information Environments!"

Lim, Dan H. (USA): "Flash Learning Games Wow Students and Instructors: Moving Toward An Academic Gaming Portal!"

Mehra, Bharat; Bruce, Bertram C.; Hamisch, Delwyn L.; Comstock, Sharon (USA): "Complexities in Development of Educational Collaboratories as a Socio-Technical System: A Situated Study of the GK-12 EdGrid* Graduate Teaching Fellowship Program"

Oberer, Birgit J. *; Erkollar, Alptekin ** (* Austria, ** Switzerland): "Support of Electronic Services within the Public Sector"

Pak, Leong Yong; Nwabueze, Kenneth K. (Brunei-Darussalam): "Information Systems in Education in Brunei Darussalam"

Richardson, Carole A.; Hansen, Elizabeth A. (USA): "Building E-Learning Communities: Using Online Collaborative Tools to Reduce Student Isolation"

Schaaffmicht, Martin F. G.; Madariaga, Patricio (Chile): "A Method for Managing Instruction"

Seyed-Abbassi, Behrooz (USA): "A Tool to Integrate Java and Object Oriented Concepts into a Database Course"

Svensson, Lars (Sweden): "Less is More in Distance Education The Contradictory Relation Between Rapid Adoption and Radical Innovation"

Tsaganou, Grammatiki; Grigoriadou, Maria; Cavoura, Theodora (Greece): "Knowledge Management for Fuzzy Case-based Reasoning Diagnosis of Student's Historical Text Comprehension"

West, John A. (New-Zealand): "Building Information System Solutions For Business"
Higher Education Evaluation: Support Systems, Models, Case Studies, etc.

Chrysler, Earl; Van Auken, Stuart (USA): "Using Factor Analysis to Identify Topic Preferences Within MBA Courses"

Dennis, Terry; El-Gayar, Omar; Zhou, Zehai (USA): "The Use of Computing Technology In Instruction at Dakota State University"

Khalid Hamza, Mohammad; Larrondo-Petrie, Maria (USA): "Web Evaluation Tool (WET): A Creative Web Tool for Online Educators"

Shakya, Subarna; Rauniar, Deepak (Nepal): "Information Technology Education in Developing Countries - A Case Study of Nepal"

Internet Security – Invited Session
Organizer: Vijay Gupta

Larochelle, David; Evans, David (USA): "Towards Automatic Vulnerability Detection"

Yu, Ting; Winslett, Marianne; Seamons, Kent E. (USA): "Automated Trust Negotiation Over the Internet"

Sung, Minho; Haas, Markus; Xu, Jun (USA): "An Analysis and Fingerprinting of a Distributed Denial of Service Attack"

Talwar, Vanish; Nahrstedt, Klara (USA): "Securing Control Messages for Distributed Multimedia Services"

Yi, Seung; Naldurg, Prasad; Kravets, Robin (USA): "Integrating Quality of Protection into Ad Hoc Routing Protocols"

Business Process Modelling – Invited Session
Organizer: Mohamed Loutfi

El-Gayar, Omar F.; Thota, Sreedhar (USA): "Software Project Management: The Role of Modeling"

Hanafy, Khaled M.; Ragab, Aiman A. (Egypt): "A Cybernetic View to the New Trade Reform in Egypt (Case Study): The Economic Group of the Egyptian Cabinet"

Hanafy, Khaled M.; Saleh, Gehan M. (Egypt): "Egypt’s External Competitiveness and the Equilibrium Real Exchange Rate"

Kalentzi, Eleni *; Katos, Vasilios **; Batzios, Christos * (* Greece, ** The Netherlands): "On the Scalability of the BRODESSYS Decision Support System"

Katos, Vasilios *; Vlachopoulos, Maro **; Manthou, Vassiliki ** (* The Netherlands, ** Greece): "Modeling Virtual Network Processes"

Loutfi, Mohamed *; Moscardini, Alfredo *; Shehadeh, Basheer ** (* UK, ** United-Arab-Emirates): "A Holistic View of Ajman University’s Capacity, a Systemic Approach"

Sidky, Ahmed S.; Sud, Rajat R.; Bhatia, Shishir; Arthur, James D. (USA): "Problem Identification and Decomposition within the Requirements Generation Process"

**Computer Assisted Training — Invited Session**
Organizer: Jiri Gajdosik

De Ruijter, Cornelis Th. (The Netherlands): "The Introduction of E-learning in a Traditional Learning Environment"

Procházka, Dalibor; Rapcan, Vít; Hubáček, Martin (Czech-Republic): "Using ModSAF in the Czech Army: The current Status"

Vrab, Vladimir; Havelka, Ladislav; Gajdosik, Jiri (Czech-Republic): "Concept of CAT in Czech Army Forces"

**Decision Support from Agents to Ontologies — Invited Session**
Organizer: Timothy Hanratty

Broome, Barbara D.; Gangopadhyay, Aryya; Yoon, Victoria (USA): "CAER: An Ontology-Based Community of Agents for Emergency Relief"

Cammarere, Mark; Gemeinhart, Keith; Hanratty, Timothy P.; Dumer, John C. (USA): "Software Agents For Army Logistics"

English, Janth B.; George, Roy (USA): "An Automated Taxonomy for Process Control in Knowledge Management Applications"

Harder, Robert; Higley, Howard (USA): "Applying a Group Support System to Mission Analysis"

Ingham, Holly (USA): "Linking Military Papers Maps With Collaborative Planning Software"

**Business Process Modeling and Integration for Dynamic e-Business — Invited Session**
Organizer: Lei Zhang

De Boer, Thomas; Boonstra, Albert; Van Uitert, Hans (The Netherlands): "A Framework for identifying and assessing e-business opportunities"

Kirchner, Mathias F. W. (USA): "e-Business Process Improvement (eBPI)-Building and Managing Collaborative e-Business Scenarios"

Koehler, Jana *; Tirenini, Giuliano *; Kumaran, Santhosh ** (* Switzerland, ** USA): "Verification of Business Process Implementations via Model Checking"

Li, Haifei; Jeng, Jun-jang; Chang, Henry (USA): "Business Commitments"
for Dynamic E-business Solution Management: Concept and Specification"  
Liang, Haiqi; Wang, Jian; Tian, Zhong; Zhu, Jun; Ding, Wei; Zhang, Lei  
(China): "Managing Business Process Models: A Private UDDI Application Study"  

Piccinelli, Giacomo; Finkelstein, Anthony; Stammers, Eric (UK):  
"Automated Engineering of e-Business Processes The RosettaNet Case Study"  

Contemporary Computing for Students — Invited Session  
Organizer: Jesse Bemley  

Anvari, Alex A. (USA): "The Comparative Analyses of Modern Games"  
Bemley, Bryan C. (USA): "Smart Toys: Comparison and Analysis of Three Robots"  
Bemley, Jesse L.; Holmes, Donald (USA): "Collection and Enhancement of JEF IT Data"  
Bemley, Jessye L. (USA): "A Survey of Wearable Computing"  
Buford, Ayannah N. (USA): "The Internet: The Revolutionary Development of Information Technology"  

Educational Systems, Learning Methodologies and Technologies  
Organizer: Marissa Justan  

Egbuji, John O. (Philippines): "Coping with Labor Turnover: The Educational Factors"  
Llave-Ofiana, Jacqueline (Philippines): "A Concrete Way of Learning the Abstract: A Teaching Strategy for Multiple Intelligent (Math) Learners"  
Pinili, Milagros V.; Abello, Joy S. (Philippines): "The Effectiveness of Computer Animation on the Learner’s Achievement in Physics"  
Ramiscal, Noel Guivani (Philippines): "Analysis of Potential Legal Issues in the Creation of Courseware in Philippine Electronic Education"  
Sambrano, Cherry V. (Philippines): "Appreciating Geometric Concepts Through Art"  

Educational Methodology in Computer Science and Technology — Invited Session  
Organizer: Elizabeth Hansen  

Hansen, Elizabeth A.; Hansen, John C.; Richardson, Carole A. (USA): "Teaching Synchronization Using NT Threads"
Hansen, John; James, Scott (USA): "An Object Too Far: Object-Orientation in the CS 1 – CS 2 Trenches" 481

James, Scott D.; Hansen, John C. (USA): "Student-Based Pair Programming: An Examination" 485

Rubin, Stuart H.; Rush Jr., Robert J.; Ceruti, Marion G. (USA): "A Qualitatively Fuzzy Expert System (KASER) for Tutoring First Principles of Crystal-LASER Design" 490

eWorld applications and new concepts in production – Invited Session
Organizer: Alptekin Erkollar

Koster, Kai *; Erkollar, Alptekin ** (* Germany, ** Austria): "Mobile Business in the area of hospitality" 496

Oberer, Birgit J. (Austria): "Guidelines for Implementing Electronic Government" 500

Ortner, Wolfgang; Peßl, Ernst (Austria): "ERP-effectiveness: “potential of business processes” and “level of maturity” concerning workflow-management" 506

Interactive Learning Through the World Wide Web – Invited session
Organizer: Nazli Yahaya

Biazus, Maria Cristina V. (Brazil): "Creative Processes and Digital Environments" 512

Liu, Huifen; Zhang, Xinyu; Hu, Xin (China): "Collaborative Strategies for a Web-Based Learning Environment" 518

Patel, Ashok *; Kinshuk, K. **; Russell, D. * (* UK, ** New-Zealand): "Implementing Cognitive Apprenticeship and Conversation Theory in Interactive Web-Based Learning Systems" 523

Sala, Nicoletta M. R. (Switzerland): "New Media, Internet, Learning and Communication" 529

Yahaya, Nazli; Shariffudin, Rio Sumarni (Malaysia): "Designing Interactions at the Interface for Web-Based Metacognitive Learning: Basic Electric Circuits" 535

Business Process Modelling – Invited Session
Organizer: Mohamed Loutfi

Davison, J.; Deeks, D.; Thompson, J. B. (UK): "Developing a Stakeholder Identification and Analysis Technique for Use in Information System Redesign" 541
Justan, Marissa P.; Omampo, Cynthia B. (Philippines): "Parallels Between Experiential Learning Method and Inductive Reasoning in Mathematics Using Technology"
