TUESDAY, 29th APRIL, 1986

MORNING SESSION—8.30 a.m.

AGRICULTURAL SESSION
Chairman: A.W. Wood

Address: Soils of the wet tropical coast
1. Soil and land resource assessment by G.G. Murtha
2. Electrical properties by G.P. Gillman

Paper: Soil surveys as an aid to better soil management in the Herbert Valley, by A.W. Wood ........................................... 49
Paper: The influence of lime on acid soils at Ingham, by M.B. Haysom, A.P. Hurney and P.J. Nielsen ........................................... 55
Paper: Tolerance of sugarcane to Al in soil and solution culture, by S.J. Hetherington, C.J. Asher and F.P.C. Blamey ......................... 63

MANUFACTURING SESSION
Chairman: R.J. Swindells

Paper: Development of a hybrid continuous centrifugal, by C.G. Smith and R.G. Howard ........................................... 167
Paper: The teapot effect and remixing in continuous fugals, by L.K. Kirby and C.R. Greig ........................................... 179
Paper: Pan overstirrer evaluation at Rocky Point, by K.F. Miller, P.G. Wright and A.B. Ruddy ........................................... 185
Paper: Measurement of saccharides and ethanol in stored burnt cane billets utilising HPLC, by P.C. Ivin ........................................... 193
Paper: Aspects of rotary vacuum filter design and operation, by D.J. Hale, O.L. Crees, E. Whayman and A.L. Willersdorf ......................... 201

1.00 p.m. Poster Session

AFTERNOON SESSION—1.30 p.m.

AGRICULTURAL SESSION
Chairman: L.S. Chapman

Paper: Technological change in sugarcane agriculture, by R.G. Dick and A.P. Hurney ........................................... 69
Paper: Strategies for controlling caneland erosion in the wet tropical coast of Queensland, by B.G. Prove, P.N. Truong and D.S. Evans ........................................... 77
Paper: Green cane trash management in the Herbert Valley. Preliminary results and research priorities, by A.W. Wood ........................................... 85
Paper: The significance of trash retention trials in the Isis and Maryborough Mill areas, by R.E. Page, T.J. Glanville and P.N. Truong ........................................... 95
Paper: Screening trials for the evaluation of herbicides for use in sugarcane, by P.K. Makepeace and R.C. Williams ........................................... 103

MANUFACTURING SESSION
Chairman: L.J. Riddel

Paper: Pilot scale ultrafiltration of clarified juice, by O.L. Crees ........................................... 209
Paper: Bagasse moisture determination by microwave drying, by P.G. Everitt ........................................... 215
Paper: Performance of the new Fairymead evaporator, by L.J. Watson ........................................... 223
Paper: The care and maintenance of stainless steel in the sugar industry, by T. Hadfield and D.R. Hargreaves ........................................... 231
Paper: A microcomputer implementation of a maintenance management and control program, by R. Newdick and D.M. Jenkins ........................................... 237
**WEDNESDAY, 30th APRIL, 1986**

**MORNING SESSION—8.30 a.m.**

**AGRICULTURAL SESSION**  
Chairman: A.W. Wood

- **Paper:** Yield of ploughout-replant crops in the Burdekin district, by M.K. Wegener and J.S. Pollock .................. 109
- **Paper:** Farm productivity—results from Tully C.A.P.A., by G. Patch, T.G. Fuelling and N.D. Williams .................. 115
- **Paper:** Modifying irrigation water for soils with low infiltration rates, by G.J. Ham .................. 123

**MANUFACTURING SESSION**  
Chairman: R.J. Swindells

- **Paper:** Estimation of rail needs for a cane railway network, by R.I. Ballard and B.D. Mather .................. 245
- **Paper:** Towards the design of low maintenance track structures for cane railways, by R.I. Ballard .................. 251
- **Paper:** Management of large reconstruction and retrofit projects, by P.J. Noble and E.G. Williams .................. 261

**10.00 a.m.**

**ANNUAL GENERAL MEETING**  
Chairman: B.T. Roach

(a) Secretary's report and financial statements  
(b) Committee Reports  
(c) Election of Officers  
(d) General Business

**AFTERNOON SESSION—1.30 p.m.**

Agricultural Section delegates will be conducted on a bus tour of areas of interest in the Herbert River district, while Administrative and Manufacturing Section delegates will visit Macknade Mill.

**THURSDAY, 1st MAY, 1986**

**MORNING SESSION—8.30 a.m.**

**AGRICULTURAL SESSION**  
Chairman: A.W. Wood

- **Paper:** Quarantine significance of pests and diseases of sugarcane on the Torres Strait islands, by K.J. Chandler and B.J. Croft .................. 129
- **Paper:** An evaluation of the effect of chlorotic streak disease on sugarcane crops in the Herbert River district, by P.J. Nielsen, E.E. Kauppila and B.T. Roach .................. 135
- **Paper:** *Lepidiota picticollis* lea, an increasing cane grub pest problem in the Bundaberg district, by R.M. Bull .................. 141
- **Paper:** Loss of BHC from soil, by B.D.A. Stickley .................. 149
- **Paper:** Itch grass *Rottboellia cochinchinensis*—the Burdekin infestation and legislative control program, by I.T. Freshwater, A.J. Benson and T.F. Hall .................. 155
- **Paper:** Symptoms and etiology of the root diseases caused by *Pythium graminicola* and an unidentified Oomycete, in relation to the poor root syndrome of sugarcane, by R.C. Magarey .................. 161

A Poster Session will be held prior to and after this agricultural session.
MANUFACTURING SESSION
Chairman: R.J. Swindells

Paper: The application of high torque—low speed hydraulic motors in the sugar industry, by G.M. Jorgensen, J.A. Johnstone and C.C. Cant. .................................................. 269

Paper: Reducing failures and wear of mill plant by effective lubrication, by W. Scott .................................................. 279

Paper: The lubrication of sugar mill gearing, by L.F. Piggott .................................................. 289

Paper: Bagasse swirl burner development, by T.F. Dixon, C. Palmer and S.D. Domanti .................................................. 295

Paper: Cane receivals station—Pioneer Mill, by A.R. Millett .................................................. 303

AFTERNOON SESSION—1.30p.m.

ANNUAL GENERAL MEETING
(Resumed)
Chairman: B.T. Roach

(a) President's Medals
(b) Installation of new Executive
