Healthy Buildings 2003
Energy-Efficient Healthy Buildings

Proceedings of ISIAQ
7th International Conference
7th – 11th December 2003
Singapore

Editors
Tham Kwok Wai
Chandra Sekhar
David Cheong

Jointly Organised by
Department of Building
National University of Singapore

and

International Society of Indoor Air Quality and Climate (ISIAQ)

Sponsored by
U.S. Environmental Protection Agency (USEPA)
American Industrial Hygiene Association (AIHA)

Volume 3

Contents for Volume 3

Health Complaints After Moving Into a New Office Building: Results of Measurements and Investigations of Employees ................................................................. 65
H. P. Hutter, H. Moshammer, P. Wallner, B. Damberger, P. Tappler, M. Kundi

SBS and Chemical Sensitivity in Residents of Renovated Multi-Family Apartment Buildings .................................................................................................. 70
A. G. Gunnarsson, B. Berglund

European Project Hope (Health Optimisation Protocol For Energy-Efficient Buildings) .......................................................... 76
P. M. Bluyssen, C. Cox, M. Maroni, N. Boschi, G. Raw, C. A. Roulet, F. Foradini

Rhinological Reactions in Persons with Self-Reported Chemical Sensitivity (SCS) ................................................................. 82
G. A. Wiesmüller, C. Bachert, C. van Thriel, A. Steup, M. Blaszkewicz, E. Kiesswetter, A. Seeber

A Principal Component Analysis of Perception and SBS Symptoms of Office Workers in the Tropics at Two Temperatures and Two Ventilation Rates ....................... 88
K. W. Tham, H. C. Willem

The Influence of Psychological Factors on the Reporting of IEQ Complaints ............................................................. 95
J. L. Leyten, A. C. Boerstra

Psychosocial Factors Associated with Sick Building Syndrome in a Biased and Unbiased Population of Office Employees Occupying Two Buildings in South Africa ..... 101
K. Heslop

Different HVAC Airside System Designs of the Surgical Operating Theatres—Their Impact on the Surgery Staff and Patient Health ............................................ 108
R. Kameel, E. E. Khalil

Proposed Modular Demountable Isolation Mini-En-Suites for Protecting Patients and Health Care Workers Against Infectious Diseases in Hospitals .................. 114

Indoor Air Related Health Disorders: Experiences of an Advisory Center for Environmental Medicine ................................................................. 120

Gender-Specific Aspects of Exposure ................................................................................................................................. 126

Meeting Workplace Healthy Building Information Needs ................................................................. 132
B. P. Pathak, R. C. Cockerline, W. Maksylewich, H. J. Heinz

Ranking Indoor Pollutants According to their Potential Health Effect, for Action Priorities and Costs Optimization in The French Permanent Survey on Indoor Air Quality 138
L. Mosqueron, V. Nedellec, S. Kirchner, S. Gauvin, F. Dor, P.-A. Cabanes, F. Golliot, O. Blanchard, M. Derbez, F. De Blay, F. Lieuter-Colas

Sick Building Transformed Into a Feel-good building ................................................................. 144
L. P. Hulsman, A. C. Boerstra, A. K. Raue, B. Bronsema

(3B) OTHER INDOOR AIR POLLUTANTS

Comparison of Exposure to Allergens in Homes in Uppsala, Sweden and Tartu, Estonia ................................................................. 151
L. Elfman, R. Jögi, A. Soon, E. Intermitte, C. Janson, U. Spetz-Nyström, D. Norbäck

Initial Studies of Oxidation Processes on Filter Surfaces and Their Impact on Perceived Air Quality .................................................................................................. 156
G. Bekö, O. Halás, G. Clausen, C. J. Weschler, J. Toftum

Objective and Subjective Responses to Low Relative Humidity in an Office Intervention Study ................................................................. 163
Contents for Volume 3  xi

Sensory Emission Rates From Personal Computers and Television Sets .......................... 169
P. Wargocki, Z. Bakó-Biró, S. Baginska, T. Nakagawa, P. O. Fanger, C. Weschler, S. Tanabe

Examination of Influence of CO₂ Concentration by Scientific Methods in Laboratory  .... 176
L. Kajtár, L. Herczeg, E. Láng

The SBS Symptoms and Environmental Perceptions of Office Workers in the Tropics at Two Air Temperatures and Two Ventilation Rates ............................. 182
K. W. Tham, H. C. Willem, S. C. Sekhar, D. P. Wyon, P. Wargocki, P. O. Fanger

Occupational Exposure of Hairdressers to Air Pollutants in Hong Kong ................... 188
E. Li, S. C. Lee

Indoor Climate and Perceived Comfort in Offices ................................................. 195
J. Ribéron, P. O'Kelly, G. Orset

Odor Intensity Assessment From Solid Flooring Materials—Comparison of Continuous and Discrete Scales ................................................................. 201
O. Ramalho, M. Jacquelin, F. Maupetit

The Effect of Perceived Indoor Air Quality on Productivity .................................. 207
R. Kosonen, F. Tan

Call-Centre Operator Performance with New and Used Filters at Two Outdoor Air Supply Rates ................................................................. 213
P. Wargocki, D. P. Wyon, P. O. Fanger

Individual Control of Air Velocity for Increasing Productivity ................................ 219
N. Nishihara, S. Tanabe

A New Method for Evaluating Productivity and Fatigue With Human Voice Under 800 lx and 3 lx Lighting Conditions ......................................................... 225
M. Nishikawa, N. Nishihara, S. Hirose, S. Tanabe

Effects of Building Characteristics on Self-reported Productivity of Office Workers: The Base Study ................................................. 231
A. C. Rohr, H. Brightman

Effects of Indoor Air Quality on Office Workers’ Work Performance—A Preliminary Analysis ................................................. 237

Colour and Environmental Quality: Second-Level Parameters ............................ 244
F. Gugliermetti, F. Bisegna, P. Gori

Prevalence of SBS-Symptoms as an Indicator of Health and Productivity in Office Buildings ................................................. 251
R. Niemelä, O. Seppänen, K. Reijula

Sensory Pollution Load From a Used Ventilation Filter at Different Airflow Rates ........ 257
P. Strøm-Tejsen, G. Clausen, J. Toftum

Environmental Quality and the Productive Workplace ........................................ 262
D. J. Clements-Croome

The Influence of Typical Ways of Operating an Air-Handling Unit on the Sensory Pollution Load from Used Bag Filters .................. 267
M. Mysen, G. Clausen, G. Beko, O. Halás

Effects of Humidity and Indoor Air Chemical Pollutants on Human Comfort and Productivity ................................................. 273

Temperature and Ventilation Effects on the Work Performance of Office Workers (Study of a Call Center in the Tropics) .................. 280
K. W. Tham, H. C. Willem, S. C. Sekhar, D. P. Wyon, P. Wargocki, P. O. Fanger
Contents for Volume 3

The Influence of Sick Building Syndrome on Self-Reported Productivity and Work Disruption amongst Office Employees in Two Buildings in South Africa .................. 287
K. Heslop

Subjective Experiments on the Effects of Relative Humidity and Humidity Ratio During Summer Season .................................................. 293

Effect of Cleaning on Symptoms and Perceived IAQ in an Office Building .................. 299
H. Kokotti, R. Halonen, L. Kujanpää, J. Tarhanen, E. Korhonen, P. Lavonen, M. Linnainmaa, J. Honkanen, M. Reiman

A Review of Occupant Responses to Localised Air Distribution Systems .................. 305
K. E. Charles

Effect of Temperature on Perceived Work Environment, Symptoms and Self-Estimated Productivity in Office Work .................. 311

Comparison of Productivity and Absenteeism Effects of Indoor Environmental Quality in Offices .................. 318
J. L. Leyten, A. C. Boerstra

Documentation of Mould Odour Remediation in Flats .................. 324
H. N. Knudsen

An Interaction Model for Odour Intensity .................. 330
O. Böttcher

The Occupant Perception and Investigation of Indoor Air Quality at Home in Seoul .................. 336
J. R. Sohn, Y. W. Kim, S. H. Byeon, D. W. Choi

Odor Assessment as a Necessary Complement to Chemical Evaluation of Building Products .................. 342
O. Ramalho, F. Maupetit

(3C) COST EFFECTS AND BENEFITS OF GOOD IAQ

Air and Well being—A Way To More Profitability .................. 348
D. v. Kempski

Indoor Air Quality in Residential Buildings: Costs, Effects and Benefits of Mechanical Ventilation Systems .................. 345
S. Mazzacane, V. Raisa, S. Rossi

Economizer System Cost Effectiveness: Accounting for the Influence of Ventilation Rate on Sick Leave .................. 361
W. J. Fisk, O. Seppänen, D. Faulkner, J. Huang

A Conceptual Model to Estimate Cost Effectiveness of the Indoor Environment Improvements .................. 368
O. Seppänen, W. J. Fisk

The Effect of Structures on IAQ and Thermal Comfort .................. 375
J. Kurnitski, A. Suursoho, J. Palonen

Estimate of an Economic Benefit From Investment in Improved Indoor Air Quality in an Office Building .................. 382
P. Wargocki, R. Djukanovic

Potential Benefits of Reduced Summer Time Room Temperatures in an Office Building .................. 388
J. Smolander, J. Palonen, M. Tuomainen, P. Korhonen, O. Seppänen
Cost Benefit Analysis of the Night-Time Ventilative Cooling in Office Building ............ 394
O. Seppänen, W. J. Fisk, D. Faulkner

(4A) SPECIFICATION, DESIGN, CONSTRUCTION, COMMISSIONING,
OPERATION AND MAINTENANCE

Creating Healthy Buildings: Early Design Stage and Handing Over Are Crucial .......... 400
C. Cox

Pilot Study on Vocs during Indoor Renovation ................................................. 406
M. Jona, K. Kumagai, N. Shinohara, M. Fujii, A. Ito, Y. Yanagisawa

Hazardous Wastes in the Process of Managing Construction—
Whose Interest is it Finally? ................................................................. 412
J.-P. Maijala

Ageing Gracefully: How Can a Whole Life Support Services Framework
Enhance the Life of the Building Services Systems? ........................................... 417
G. A. John, H. M. Loy, D. J. Clements-Croome, V. Fairey, K. Neale

Implementation of a Web-Based Global Optimal Management System
in District Cooling ...................................................................................... 423
L. Yu, G. Zhang, Y. Chen

Effective Sampling Protocol for Managing Indoor Air Quality
in Air-Conditioned Buildings ....................................................................... 428
C. S. Wong, D. W. T. Chan, J. Burnett

From Healthy Buildings to Healing Buildings .................................................... 434
R. Bozovic-Stamenovic, B. L. Ong, I. Said

Measured Outdoor Performance of Radiant Barriers in Tropical Climate ............ 440
T. Soubdhan, J. L. Bernard, P. H. Nguyen, M. Dupont

Performance Based Building—A State-of-the-Art with respect to
Healthy Buildings ....................................................................................... 446
M. G. L. C. Loomans, P. M. Bluyssen

A Cleaning Concept for HVAC System ................................................................ 453
R. Holopainen, V. Asikainen, P. Pasanen, A. Majanen, A. Seppälä, T. Jalonen, O. Seppänen

Reducing the Risk of Future Moisture Problems in Buildings .............................. 460
A. Nielsen

Integrating Health and Sustainability in Life Cycle Assessment ......................... 467
E. Hasselaar, G. Klunder, L. Morawska

Constructional Materialism from the Healthy-Building Viewpoint ................. 474
I. C. Chen, P. C. Chou

Linoleum Floors—Properties, Maintenance and Effects on Indoor
Air Quality—Recommended Methods for Cleaning and Maintenance .................. 478

Linoleum Floors—Properties, Maintenance and Effects on Indoor Air Quality—
Maintenance With Floor Polish—Powdering Problems and VOC Emissions ........ 484
S. K. Nilsen, P. Blom, I. E. Dahl

Sustainable Management Strategies Improve Building Performance: The Case
of Italian Large Building Owners .................................................................... 490
N. Boschi

Environmental and Durability Performance of Building Elements—
Assessment Through a LCA Tool Application .................................................. 495
E. Costanzo, L. D. Santoli
# Indoor Air Quality as an Impact Category in Life Cycle Assessment of Building Materials—The Case Study of Indoor Paints
L. D. Santoli, A. Sferra

# Fault Introduction and Detection in Building HVAC Systems
B. Yu, W. de. Jong, A. H. C. van Paassen

# Implementation of a Ventilation System with Clean Installation Method
R. Alén, S. Kolari

# Exploring the Use of Non-Conventional Materials for Self-Sufficient Housing as Healthy Buildings
D. Sanyal

## 4B) IAQ STANDARDS & GUIDELINES

- **Analysis on the Grey Classification to Indoor Air Quality**
  F. Zhang, G. Jing, J. Song, Z. Li

- **Updates on Legislation and Insurance Activity in the United States for “Mould, Asbestos, & Lead”**
  W. H. Carter, D. R. Miller

- **Principles, Experiences and New Developments of the Emission Classification of Building Materials in Finland**
  E. Kukkonen

- **Emissions From Construction Materials. Results From the National “Healthy Building” Programme**
  K. Saarela

  R. Szewzyk, H.-J. Moriske, H.-G. Muecke, B. Seifert

- **Air Distribution Design Based on EN ISO 7730 With the Help of a Computer Program**
  E. Venko, B. Gantar

- **Performance Criteria For Healthy Buildings: Target Values For Some Indoor Air Quality Parameters**
  M. Maroni, P. Carrer, D. Cavallo, M. d. Torre, N. Boschi

- **Harmonization of Indoor Material Labelling Systems in the EU—a Critical Review of Existing Labelling Systems**

- **Multicriteria Analysis of Health, IEQ and Energy Use for Sustainable Buildings**
  C. A. Roulet, N. Johner, F. Flourentzou, G. Greuter

- **Striving for Excellent Indoor Air Quality—The Hong Kong Experience**
  A. K. L. Lam, J. W. Y. Fong

- **Recommendations for Establishing Target Values and Guidance Values for Volatile Organic Compounds (VOC) in Indoor Air**

- **Setting Indoor Air Guidelines in Austria**
  H. P. Hutter, P. Tappler, H. Moshammer

- **Criteria for Design of Indoor Environment in Sustainable Buildings**
  P. C. Chou, C. M. Chiang, K. F. Chang, Y. Y. Li, N. T. Chen

- **Quality Assessment in Building Investigations**
  O. E. Carlson, J. Mattsson
(4C) POLICY & LEGAL ISSUES

Indoor Climate 2002 Education and Information Campaign ........................... 609
J. Säteri

Concept of Radon Protection Measures For New Buildings in Germany .......... 615
R. Lehmann, J. Kemski, R. Klingel, R. Stegemann

(4D) SURVEYS & CASE STUDIES

Indoor Air Quality in Two Different Commercial Buildings:
Part 1: Ventilation, Temperature, Humidity of Air and Gas Concentrations ........ 620
B. Ribot, A. Ginestet, M. Henninot, D. Pugnet

IAQ Evaluation of Educational Buildings .................................................. 626
A. Baglioni, I. Oberti, S. Piardi, F. Plantamura, A. Ratti

Benchmark of Data Center Energy Performance ...................................... 631
H. S. Sun, S. E. Lee

IAQ at Two Vocational Institutes in Hong Kong ........................................ 637

Study of Air Infection Risk in Operating Theatre .................................... 643
T. T. Chow, Z. Lin, X. Y. Yang

Moisture Damage in Residential Buildings as a Function of Engineer
and Occupant Observations ................................................................. 649
U. Haverinen-Shaughnessy, A. Hyvärinen, J. Pekkanen, A. Nevalainen,
J. Halla-aho, J. Koivisto, D. Moschandreas

IAQ in Office Buildings Located in the North and in the South of Italy .......... 654
S. Bonetta, S. Bonetta, S. Sampò, S. Mosso, S. Romussi, F. Genova, E. Carraro

Quality of Indoor Air and Functionality of Ventilation in Day Care Centres .... 660
J. Jalas

Long Term Monitoring of the Performances of an Innovative
HVAC System for Cinemas ................................................................. 665
A. Gastaldello, A. Gerrard-Smith, L. Schibuola, S. Venco

A Case Study on the Application of Underfloor Air Conditioning and
Ventilation System in a School Assembly Hall ...................................... 671
A. Law, M. P. Wan, C. Chao, J. S. Hu

Magnitude of the Mould and Moisture Problem in Danish Homes ................. 677
L. Gunnarsen, L. Keiding

Measured IAQ in Two New Blocks of Flats ............................................. 683
M. Tuomainen, J. Pirinen

Design Strategy for Sustainable Hospital Planning—A Case Study ............... 688
P. M. Kumari

A Case Study on the Application of Nano-Confined Catalytic Oxidation (NCCO)
Air Purification Technology in Ammonia Gas Removal in an Office Building .... 694

A Life-Cycle Costs Study of an Office Building in Scandinavian Conditions:
A Case-Study Approach ................................................................. 701
R. Kosonen, K. Hagström, T. Laine, V. Martiskainen

Ventilation Management for Patient Care Protection During Construction in a
Bone Marrow Transplant Unit .................................................................. 707
A. Streifel, M. Mazzarella, J. Groot, A. Guelcher, C. Hendrickson, J. Eilrich
(5A) STATUS-QUO ASSESSMENT

Indoor Air Quality and Health ........................................ 718
L. K. Nagrani

Sick Building Syndrome in Mauritius: A Need for Concern ............ 723
A. H. Subratty, R. Bholah, V. Jowaheer, M. F. L. C. Wah

Sick Building Syndrome Among Office Workers in Mauritius .......... 728
R. Bholah, H. Subratty, P. Gorroochand

Assessment of Building Environmental Impacts for Sustainable Development .......... 734
G. Zhang, L. Yu, Y. Chen

(5B) SOLUTIONS FOR HEALTHY BUILDINGS

Natural Ventilation in Dense Residential Areas: Studying Alternatives ........ 740
Z. N. Ahmed

Ventilation in a Mosque—An Additional Purpose the Minarets May Serve ........ 746
S. M. N. Imam

Investigation of Indoor Air Quality and Emission of Indoor Used Materials in Hungary .... 752
L. Kajtár, T. Hrustinszky

Development of a Life Cycle Cost Optimization Tool for Buildings ............ 758
V. Garg, J. Mathur, N. K. Bansal

Optimisation of the Glazed Surface of a Building With Reference to its
Consumption for Thermal and Lighting Purposes ....................... 764
A. Idone, C. Marino, A. Nucara, M. Pietrafesa

Author Index .......................................................... 771
Author Index for Volume 1 ............................................. I
Author Index for Volume 2 ............................................. III
