Laser Macro Machining

Remote Welding

Laser remote welding - status and potential for innovations in industrial production
C. Emmelmann 1

Remote laser welding using CO\textsubscript{2}- or solid state lasers
W. Rath 7

Distortion minimization in remote welding of steel
S. Neumann, C. Thomy, T. Seefeld, G. Sepold, F. Vollertsen 11

Sensor guided remote welding system for YAG – laser applications
A. Klotzbach, V. Fleischer, L. Morgenthal, E. Beyer 17

Repeatability of robot-based laser remote welding systems
J. Stemmann, T. Albrecht, C. Emmelmann 21

Welding/Brazing

Application of high-power fiber lasers for joining of steel and aluminium alloys
C. Thomy, T. Seefeld, F. Vollertsen 27

Battle of the sources – using a high-power Yb-fibre laser for welding steel and aluminium
G. Verhaeghe, P. Hilton 33

Influence of the focus diameter in laser welding with thin disk laser
J. Weberpals, A. Ruß, F. Dausinger, H. Hügel 39

Melt pool dynamics in high speed welding with modern high power solid state lasers
K. Behler, P. Schäfer 43

Reducing porosity in laser welding of aluminium alloys by electromagnetic forces
G. Ambrosy, P. Berger, V. Avilov, H. Hügel 49

Influence of magnetic fields on dilution during laser welding of aluminium
C. Thomy, F. Vollertsen 55

Melt pool dynamics and element distribution in laser welding of aluminium alloys with filler wire
M. Leimser, F. Dausinger, H. Hügel 61

Investigation of the transition from heat conduction to deep penetration welding with high power diode lasers
C. Benter, D. Petring, R. Poprawe 67

Processing titanium-aluminum hybrid joints for aircraft applications
M. Kreimeyer, F. Vollertsen 73

The effect of welding parameters on quasi-simultaneous laser welding of plastics
S. Kouvo, A. Jansson, V. Kujanpää 79

Laser beam welding of thermoplastics experiments, thermal modelling and predictions
U.-A. Russek, M. Aden, J. Pöhler 85

Laser welding of polymers: influence of colourants
M. Loos 91

Modelling of transient clamping conditions during laser beam welding
S. Roeren, A. Trautmann, M. F. Zaeh 95
