S11 TRIZ RESEARCH

- Triz to improve material efficiency and energy efficiency of industrial production processes................................................................. 105
  Jürgen Jantschgi, Johannes Fresner

- Function Synthesis: New Methodological Tool and Case Studies...................... 111
  Naum Feygenson

S12 TRIZ & QUALITY

- TRIZ and six sigma applied in the pharmaceutical industry................................. 119
  Edgardo Cordova Lopez, Maria Guadalupe Pérez Leija, Irma Estrada Patino

- The pro-active use of TRIZ in consumer product design and market research................................................................. 129
  Jack Hipple

S15 TRIZ & AUTOMATED SYSTEMS

- Patent practices of addressing doctrine of equivalents and its substitutes with G3:ID/TRIZ ................................................................. 143
  Sergei Ikovenko, Sam Kogan

- Computer-assisted problem analysis via semantically extracted experience..... 149
  Ian Mitchell, Rebecca Henry, Stephen Brown

- Directed evolution as the main instrument of innovation for the information ERA ................................................................. 159
  Ala Zusman, Boris Zlotin

S17 TRIZ CASES

- Using TRIZ to develop new corrosion protection concepts in shipbuilding - a case study................................................................. 167
  Jan Waitzenböck, Stefan Marion

- Paste type adhesive printing process improvement in Isable.......................... 175
  Joon-Mo Seo, Goo-Yun Chung, Jae-Hoon Kim, Young-Yu Kang

- New motor and TRIZ evaluation ................................................................ 183
  Busov Bohuslav, Vratislav Perna, Pavel Jirman
S19 TRIZ Research

- Express Analysis of systems and new systems synthesis: based on interactions causality scheme ................................................................. 191
  Boris Axelrod
- Functional Clues.............................................................................. 203
  Aleksey Pinyayev

Extra

- Case study of innovative project of shoe drying acceleration .............. 211
  Valery Pavlov
QUALITY CONFERENCE 10-10-06

PREFACE

- The collaboration of Quality and TRIZ .................................................. 217
  Annette Geirmaert

KEYNOTES

- The integration of innovation and quality technology .......................... 219
