Knowledge-Based Extension of ITIL Process Models in ERP Service Support ........................................... 2520
Simone Schmid & Norbert Gronau

A Web Services Façade for an Open Source ERP System ................................................................. 2529
Karl Kurbel, Denny Schreber & Brandon Ulrich

Integration of IT Services: Towards a Pattern-Based Approach for Eliciting Service Integration Requirements ................................................................. 2537
Michael Schermann, Tilo Bohmann & Helmut Krcmar

A Co-Adoption Model of Interorganizational Systems: Interdependent Benefits and Relative Bargaining Power ........................................................................... 2543
Kexin Zhao, Mu Xia & Michael J. Shaw

Understanding the Technology and Organizational Elements of Customer Relationship Management System ........................................................................... 2549
Shari S.C. Shang & Ya-Fen Ko

Supply Chain Opportunism and the Interorganizational System Adoption Decision ......................... 2558
Kelvin X. Liu, William J. Kettinger & Robert A. Leitch

Teaching Enterprise Systems in a Blended Learning Environment ......................................................... 2566
Christine Daun, Thomas Theling & Peter Loos

Can Information Systems Bring Wisdom? Dealing with the Primacy of Knowledge in an In-Patient Mental Health Setting ................................................................. 2574
Ivor Perry

Knowledge Creation at Multidisciplinary Patient Care Meetings: Implications for the Use of Collaborative Information Technology ......................................................... 2581
Vanessa Vogwill

The Impact of Perceived E-Health Information Quality and Value on Intention to Repeat Information Search ........................................................................... 2589
Lynn M. Goetzinger, JungKun Park & Richard Widdows

Parallel Architectures for Searching the MEDLINE Database ................................................................. 2597
Rajendra V. Boppana, Suresh Chalasani, Bob Badgett, M.D. & Jacqueline A. Pugh, M.D.

Volume 5

Ubiquitous Healthcare: A New Frontier in E-Health ........................................................................... 2606
Sweta Sneha & Upkar Varshney

Clinical/Biomedical Engineering Strategic Graphical Dashboard to Enhance Medical Device Maintenance and Asset Management ......................................................... 2618
Elliot B. Sloane, Eric Rosow, Joe Adam & Dave Shine

Interface Considerations in a Web-Based Pediatric Electronic Medical Records System ......................... 2623
Mark Ginsburg

Exploring the Differences in Information Technology Acceptance between Healthcare Professionals ........................................................................... 2631
Reetta Raitoharju & Marjukka Laine

Privacy Policy Representation in Web-Based Healthcare ......................................................................... 2639
Julia B. Earp, Matthew Vail & Annie I. Anton

Towards a Comprehensive Model to Predict Perceived Performance Impact of Wireless/Mobile Computing in a Mandatory Environment ......................................................... 2650
Shimelis Assefa & Victor Prybutok
A Framework for Designing Healthy Lifestyle Management Information System ..........................2799
Megha Maheshwari, Taimur Hassan & Samir Chatterjee

Bias and Intrigue in Internet Searches: Do You Have the Patience and Skill to Find What You Need? .................................................................2806
Antonia Durfee, B. Dawn Medlin, Joseph A Cazier & Shin-jeng Lin

A Research Agenda Toward EC Consumer Shopping Experience .............................................2811
Shin-jeng Lin

Exploring the Influence of Human Individual Differences on Online Searching Behavior .........................................................2817
Allison J Morgan

A Novel Shape and Ontological Indexing for VIR Systems .....................................................2821
Starostenko Oleg, Chavez-Aragon Alberto, Zehe Alfred & Burlak Gennadiy

Perceived Health Risk Effects on the Adoption of 3G Cell Phones ........................................2831
Mihail Cocosila, Ofir Turel, Norm Archer & Yufei Yuan

Discovering Boundaries for Mobile Awareness: An Analysis of Relevant Design Factors ........2841
Catherine Dwyer, Starr Roxanne Hiltz & Quentin Jones

Personalized and Tree-Navigation Interfaces for Mobile Web Applications ........................2849
Boonlit Adipat & Dongsong Zhang

Measuring Social Networks for SmartCampus ......................................................................2859
Linda Plotnick & Starr Roxanne Hiltz

Integrating Heterogeneous Devices in Support of Local Mobility .......................................2863
Jesus Favela, Monica Tentori, Antoine Markaria, Luis A Castro & Irma Amaya

A Qualitative Review of Empirical Mobile Usability Studies ...........................................2873
Constantinos K Coursaris & Dan J Kim

Explicating Computer Self-efficacy Relationships: Generally and the Overstated Case of Specificity Matching ...........................................2886
James P Downey & Lori DeLooze

Affect as Information in the Decision to Use Technology .........................................................2899
Robin L Wakefield

Design of the PromoPad: An Automated Augmented Reality Shopping Assistant ...............2906
Wei Zhu, Charles B Owen, Hairong Li & Joo-Hyun Lee

Development of a Dual-Modal Presentation of Hierarchical Relationships: Effects of Graphics and Voice .....................................................2915
Xiaowen Fang, Priti Kulkami, Jacek Brzezinski & Susy Chan

Antecedents of Flow in Online Environments: The Role of Website Complexity .................2921
Yi Maggie Guo & Marshall Scott Poole

Are Bits and Bytes Better than Bingo? Seniors' Perceptions and Attitudes about Computers and the Internet ..................................................2930
Melissa E. Raptis & Geoffrey N. Dick

Investigating the Role of Presence in Collaborative Online Shopping ..................................2940
Lei Zhu, Izak Benbasat & Zhenhui (Jack) Jiang

Online Ads in Familiar and Unfamiliar Sites: Effects on Perceived Website Quality and Intention to Reuse .........................................................2951
Scott McCoy, Andrea Everard & Eleanore T Loiacono
Discussing Design: How search interface features support job tasks in an institutional repository ................................................................. Anne Washington

Using Relationship Theories for Web Site Design: Development of a Site-Community Scale and Proposed Impact on Loyalty .................................................. Daniel Tomluk & Alain Pinsonneault

Gender, Feedback and Decision Making: How Men and Women Differ on the Use of Computerized Feedback? ................................................................. Soussan Djamasbi & Eleanor Loiacono

A Dyadic Analysis of Media Synchronicity and Task in Live Chat Online Customer Service (LCOCS) ................................................................. Shu Z Schiller & Dennis F Galletta

A Scientific Visualization Approach to Effective Website Design ........................................ Sutirtha Chatterjee & Suranjan Chakraborty

User Satisfaction and Web Portal Use ........................................................................ Li Xiao & Subhasish Dasgupta

Understanding Intrinsic Factors Influencing Benefit Maximization of IS Usage ........................................ Brenda Eschenbrenner & Fiona Fui-Hoon Nah

Web Accessibility for Visually Impaired Users: Extending the Technology Acceptance Model (TAM) ................................................................. Soussan Djamasbi, Thomas Tullis, Matthew Girouard, Michael Hebner, Jason Krol & Michael Terranova

LiveDescribe ........................................................................................................ Carmen Branje, Susan Marshall, Ashley Tyndall & Deborah I. Fels

The Moderating Influence of Personality and Situational Variables on the Effect of Recommendation Agents on Perceived Decision Quality and Perceived Information Quality .................................................................................. Srikanth Mudigonda, Sang-Baek (Chris) Kang & Haim Mano

An Experimental Study on U-Commerce Adoption: The Impact of Personalization and Privacy Concerns ................................................................. Hong Sheng, Fiona Nah & Keng Siau

Tug-Of-War in KM Projects: A Strategic Renewal Perspective ........................................ Poonima Luthra & Shan L Pan

An Empirical Investigation of User acceptance of Wireless Technology at Work ........................................ Fei-Fei Cheng, Jack C.S. Wu, Yu-Wen Huang & David C Yen

An Actor-Network Theory Perspective of Online Banking in Australia ........................................ Jenine Beekhuyzen & Liisa von Hellens

The Role of Work Experiences in Developing Effective CIOs ........................................ Greg Dawson

CIO Roles and Responsibilities: Twenty-Five Years of Evolution and Change ........................................ Mark W.S. Chun & John Mooney

The Role of the Board of Directors In IT Governance: A Review and Agenda for Research ........................................ Magnus Mahring

Successful IT Outsourcing Engagement: Lessons from Malaysia ........................................ Syed Nasirin, Sonali Morar, David F Birks, Yuserrie Zainuddin, Au Tin Choo & Syed Azizi Wafa
