Contents—Volume 2

SPE 26740 A System Approach to Annular Control for Total Well Safety
Dwayne Leismer, Camco Products & Services

SPE 26741 Primary Design Considerations for a Packerless Annular Safety Valve (ASV) System for the North Sea

SPE 26742 The Development and Application of a Slickline Retrievable Bridge Plug
Nicholas Gee, Petroline Wireline Services Ltd.; Sam Brown, Mobil North Sea Ltd.; and Colin McHardy, Petroline Wireline Services Ltd.

SPE 26743 Everest and Lomond Completion Design Innovations Lower Completion and Workover Costs

SPE 26744 Successful Completion Operations on Ravenspurn North Development

SPE 26745 A Goal-Setting Approach to Offshore Regulations
B.G.S. Taylor, UK Offshore Operators Assn. Ltd.

SPE 26746 Current Fiscal Problems in the UKCS
A.G. Kemp, U. of Aberdeen and AUPEC

SPE 26747 The New Offshore Health and Safety Regulations: A Legal Overview
C.W. Sprague, Inco & Co.

SPE 26749 Managing Exploration Activities in Environmentally Sensitive Inshore Waters
John Kearns, Hamilton Oil Co. Ltd., and J.G. Parker, Hamilton Oil Co. Ltd./Parker Environmental

SPE 26750 The Physical and Biological Impact of Processed Oil Drill Cuttings:
E&P Forum Joint Study

SPE 26752 Engineering and Operational Aspects of the Use of Downhole-Activated Centralizers
Holger Kinzel, Weatherford Oil Tool GmbH, and Angelo Calderoni, AGIP Spa

SPE 26753 Enhancing Safety and Efficiency While Running Casing With Top/Side Drives
R.W. Fulks, Weatherford Intl., and K.K. LaFleur, LaFleur Petroleum Services

SPE 26754 Recent Advances in the Handling, Make-Up, and Running of C.R.A. Tubulars
David Harris, Weatherford Intl. Inc., and Manfred Jaensch, Weatherford Oil Tool GmbH

SPE 26755 Conversion of a Semisubmersible Drilling Unit for Tender-Assisted and Conventional Drilling Operations

SPE 26756 Rig Automation-Drilling: The Proving of the Concept
S.J. Houston, Strachan & Henshaw Ltd.

SPE 26759 The P/12 Compression Operating Lease Agreement: A Tailored and Flexible Approach to Capital Equipment Financing
R.B. Zoon, Mobil Producing Netherlands Inc.

SPE 26760 Economic Development of Small Isolated Fields
W.G. Edwards, Kvaerner H&G Offshore Ltd.
SPE 26763 Reservoir Management in a Marginal North Sea Cluster Development .......... 183
P.R. Dominic, Shell U.K. E&P

SPE 26764 Partnering Between a Major Operator and Lead Contractors for Drilling and Well Services Activity .............................................. 193
M.G. Schaafsma, Shell U.K. E&P

SPE 26765 Contract Logistics: A Partnering Approach to Operating Cost Reduction—The Concept and Reality .............................................. 199

SPE 26766 The Hyde Development: Sharing Risk and Reward ..................................... 215
C.P. Rhodes, D.J. Finch, and D.G. Mound, BP Exploration

SPE 26768 A Successful Approach for Achieving Lower Operator Well Costs While Providing Potential for Increased Contractor Profitability .............. 223
R.W. Sears, Hamilton Oil Co. Ltd.

SPE 26769 Partnering on the Forties Field .......................................................... 229
K.P. Hazlett, Brown & Root, and Dennis Helliwell, BP Exploration

SPE 26771 Lifting at the Limit: The Design of Today's Large Liftable Jackets and Integrated Decks ......................................................... 235
M.T. Smith, Kvaerner Earl & Wright, and M.G.W. Ray, Kvaerner H&G Offshore Ltd.

SPE 26772 NAM F3-FB Production Platform ......................................................... 243
Wilbert Boon, Joop Speikerman, and Jo Berkhoff, Fluor Daniel B.V.

SPE 26774 Pipeline Freespan Evaluation: A New Methodology ................................. 253
David Kaye, Andrew Palmer & Assocs. Ltd.; David Galbraith, Mobil North Sea Ltd.; James Ingram, Andrew Palmer & Assocs. Ltd.; and Russell Davies, Mobil North Sea Ltd.

SPE 26775 A New Method for Removal of Oil in Produced Water .................................. 263
S.E. Rye and Esben Marcus, Maersk Oil & Gas AS

SPE 26778 Gyda: Recovery of Difficult Reserves by Flexible Development and Conventional Reservoir Management ........................................... 271
N.R. Rothwell, Astrid Sørensen, J.L. Peak, Kristian Byskov, and T.A.M. McKeen, BP Norway Ltd. U.A.

SPE 26779 Beryl Reservoir Management Study: The Solution of a Complex Problem ........ 281
I.C. Grant, Mobil North Sea Ltd.

SPE 26781 Permanent Downhole Gauges Used in Reservoir Management of Complex North Sea Oil Fields ......................................................... 293
Trond Unneland and Torstein Haugland, Statoil A/S

SPE 26782 Application of Pseudo Relative Permeability Curves in a Front Tracking Simulator ................................................................. 307
H.H. Nybømøn, Scandpower; Kjetil Hove, Norsk Hydro a.s.; and D.T. Rian, Scandpower

SPE 26783 The Influence of Interfacial Tension on Liquid Mobility in Gas Condensate Systems ............................................................... 315
J.K. Ali, Sarah Butler, Lilas Allen, and Peter Wardle, British Gas plc

SPE 26784 An Integrated Full-Field Compositional Simulation of an Offshore Deepwater Development ......................................................... 327
O.T. Olsen, Mobil Exploration Norway Inc., and M.F. Cohen and N.R. Nagarajan, Mobil E&P Technical Center

SPE 26786 Arresting Production Decline in a Mature North Sea Oil Field ..................... 333
D.E. Wolodkiewicz, Marathon Oil U.K. Ltd.

SPE 26787 Saving Thistle's Bacon: The Role of Reservoir Management in Optimising a High Watercut Field ..................................................... 347
P.A. Clyne, C.J. Bajzarowicz, Kevin Jones, Donald Milne, and S.M. Richardson, BP Exploration Operating Co. Ltd.

SPE 26788 Current Challenges in the Brent Field ..................................................... 357
W.M. Schulte, Hugo van Rossem, and Walter van de Vlijver, Shell U.K. E&P
