Table of Contents – Part II

Tangible User Interfaces and Interaction 1

Interfacing Video Capture, Editing and Publication in a Tangible Environment .......................... 1
   Cati Vaucelle and Hiroshi Ishii

PaperCP: Exploring the Integration of Physical and Digital Affordances for Active Learning .......................... 15
   Chunyuan Liao, François Guimbretière, Richard Anderson, Natalie Linnell, Craig Prince, and Valentin Razmov

Seeing More: Visualizing Audio Cues .......................... 29
   Tony Bergstrom and Karrie Karahalios

Tangible User Interfaces and Interaction 2

CubeExplorer: An Evaluation of Interaction Techniques in Architectural Education .......................... 43
   Hyunyoung Song, François Guimbretière, Michael A. Ambrose, and Carl Lostritto

InterCUBE: A Study into Merging Action and Interaction Spaces .......................... 57
   Benjamin Salem and Harold Peeters

EMA-Tactons: Vibrotactile External Memory Aids in an Auditory Display .......................... 71
   Johan Kildal and Stephen A. Brewster

Cultural Issues in HCI

Institutionalizing HCI in Asia .......................... 85
   Andy Smith, Anirudha Joshi, Zhengjie Liu, Liam Bannon, Jan Gulliksen, and Christina Li

Cultural Mobilities: Diversity and Agency in Urban Computing .......................... 100
   Paul Dourish, Ken Anderson, and Dawn Nafus

Safety, Security, Privacy and Usability

Designing a Trade-Off Between Usability and Security: A Metrics Based-Model .......................... 114
   Christina Braz, Ahmed Seffah, and David M’Raihi
Recognising Erroneous and Exploratory Interactions.......................... 127
  Jonathan Back, Ann Blandford, and Paul Curzon

Usability Challenges in Security and Privacy Policy-Authoring
Interfaces ................................................................. 141
  Robert W. Reeder, Clare-Marie Karat, John Karat, and
  Carolyn Brodie

Understanding Compliance to Privacy Guidelines Using Text-and
Video-Based Scenarios .................................................. 156
  Abdullah Al Mahmud, Maurits Kaptein, Oliver Moran,
  Evelien van de Garde-Perik, and Panos Markopoulos

User and Usability Studies

Strategic Tabletop Negotiations ........................................ 169
  Tokuo Yamaguchi, Sriram Subramanian, Yoshifumi Kitamura, and
  Fumio Kishino

A Fundamental Study for Participating in Multiple Teleconferences .... 183
  Hironori Egi, Hisashi Anzai, Itaru Takata, and Ken-ichi Okada

ICEbox: Toward Easy-to-Use Home Networking........................ 197
  Jeonghwa Yang and W. Keith Edwards

Selective Analysis of Linguistic Features Used in Video Mediated
Collaboration: An Indicator of Users Sense of Co-presence .......... 211
  Paulo Melo and Leila Alem

Gender Talk: Differences in Interaction Style in CMC.................. 215
  Xiaoning Sun, Susan Wiedenbeck, Thippaya Chintakovid, and
  Qiping Zhang

Focus + Context Visualization Techniques, and
Tagging

Focus+Context Visualization Techniques for Displaying Large Lists
with Multiple Points of Interest on Small Tactile Screens .......... 219
  Stéphane Huot and Eric Lecolinet

Techniques for Interacting with Off-Screen Content .................... 234
  Pourang Irani, Carl Gutwin, Grant Partridge, and Mahtab Nezhadasl

CandidTree: Visualizing Structural Uncertainty in Similar
Hierarchies ............................................................... 250
  Bongshin Lee, George G. Robertson, Mary Czerwinski, and
  Cynthia Sims Parr

XX Table of Contents – Part II

Was Vygotsky Right? Evaluating Learning Effects of Social Interaction in Children Internet Games ......................................................... 376
  Franca Garzotto

Daily Activities Diarist: Supporting Aging in Place with Semantically Enriched Narratives ......................................................... 390
  Georgios Metaxas, Barbaros Metin, Jutta Schneider,
  Panos Markopoulos, and Boris de Ruyter

Head Up Games: The Games of the Future Will Look More Like the Games of the Past ................................................................. 404
  Iris Soute and Panos Markopoulos

MarkerClock: A Communicating Augmented Clock for Elderly ............ 408
  Yann Riche and Wendy Mackay

Usability Studies on Collaborative Systems

Usability Study of Multi-modal Interfaces Using Eye-Tracking ............ 412
  Regina Bernhaupt, Philippe Palanque, Marco Winckler, and
  David Navarre

Investigating Effective ECAs: An Experiment on Modality and Initiative ................................................................. 425
  Alistair Sutcliffe and Faisal Al-Qaed

Towards a Physiological Model of User Interruptability ..................... 439
  Daniel Chen, Jamie Hart, and Roel Vertegaal

Evaluation of a Multi-user System of Voice Interaction Using Grammars ................................................................. 452
  Elizabete Munzlinger, Fabricio da Silva Soares, and
  Carlos Henrique Quartucci Forster

An Eye Tracking Study of How Pictures Influence Online Reading ...... 456
  David Beymer, Peter Z. Orton, and Daniel M. Russell

Interaction for Selection

Quantifying the Performance Effect of Window Snipping in Multiple-Monitor Environments ................................................................. 461
  Dugald Ralph Hutchings and John Stasko

Interacting with the Computer Using Gaze Gestures ........................ 475
  Heiko Drewes and Albrecht Schmidt

A Comparative Longitudinal Study of Non-verbal Mouse Pointer ......... 489
  Murni Mahmud, Adam J. Sporka, Sri H. Kurniawan, and
  Pavel Slavík
ZWPS: A Hybrid Selection Technique for Small Target Acquisition in Pen-Based Interfaces .................................................. 503
  
  Jibin Yin and Xiangshi Ren

Investigation to Line-Based Techniques for Multi-target Selection ....... 507
  
  Jibin Yin and Xiangshi Ren

Software Engineering and HCI

Usability Cost-Benefit Analysis: How Usability Became a Curse Word? ................................................................. 511
  
  Mikko Rajanen and Netta Iivari

DREAM & TEAM: A Tool and a Notation Supporting Exploration of Options and Traceability of Choices for Safety Critical Interactive Systems ......................................................... 525
  
  Xavier Lacaze and Philippe Palanque

A Glass Box Design: Making the Impact of Usability on Software Development Visible .............................................. 541
  
  Natalia Juristo, Ana Moreno, Maria-Isabel Sanchez-Segura, and Maria Cecília Calani Baranauskas

Are Engineers Condemned to Design? A Survey on Software Engineering and UI Design in Switzerland ......................... 555
  
  Ljiljana Vukelja, Lothar Müller, and Klaus Opwis

Part Three: Doctoral Consortium

Awareness Solutions for Informal Communication Negotiation Support at Work .......................................................... 569
  
  Agnieszka Matysiak Szóstek

Sensemaking and Knowledge Building in System Development ........... 571
  
  Elina Eriksson

Just Email It to Me! Why Things Get Lost in Shared File Repositories ................................................................. 573
  
  Emilee J. Rader

Crossmodal Interaction: Using Audio or Tactile Displays in Mobile Devices .................................................................. 577
  
  Eve Hoggan

The Impacts of Hyperlinks and Writer Information on the Credibility of Stories on a Participatory Journalism Web Site ...................... 580
  
  Kirsten A. Johnson
## Part II: Understanding the Evolution of Users’ Personal Information Management Practices

**Manas Tungare**

- Understanding the Evolution of Users’ Personal Information Management Practices .......................................................... 586

## Multimodal Interaction in a Ubiquitous Environment

**Mayuree Srikulwong**

- Multimodal Interaction in a Ubiquitous Environment .......................................................... 592

## Interaction and Visualization Techniques for Programming

**Mikkel Rønne Jakobsen**

- Interaction and Visualization Techniques for Programming .......................................................... 598

## Visually Exploring Large Social Networks

**Nathalie Henry**

- Visually Exploring Large Social Networks .......................................................... 604

## Cultural Usability: The Effects of Culture on Usability Testing

**Qingxin Shi**

- Cultural Usability: The Effects of Culture on Usability Testing .......................................................... 611

## Consistency on Multi-device Design

**Rodrigo de Oliveira and Heloísa Vieira da Rocha**

- Consistency on Multi-device Design .......................................................... 617

## A Critical Analysis of the Semiotic Engineering Evaluation Methods

**Silvia Amelia Bim**

- A Critical Analysis of the Semiotic Engineering Evaluation Methods .......................................................... 624

## Why Gender Matters in CMC? Supporting Remote Trust and Performance in Diverse Gender Composition Groups Via IM

**Xiaoning Sun**

- Why Gender Matters in CMC? Supporting Remote Trust and Performance in Diverse Gender Composition Groups Via IM .......................................................... 626

## PeerCare: Challenging the Monitoring Approach to Eldercare

**Yann Riche**

- PeerCare: Challenging the Monitoring Approach to Eldercare .......................................................... 628

### Part Four: HCI Societies Worldwide

#### HCI Brazilian Community – After 10 Years

**Raquel Oliveira Prates**

- HCI Brazilian Community – After 10 Years .......................................................... 631

#### uiGarden, An Online HCI Society in Two Languages

**Christina Li**

- uiGarden, An Online HCI Society in Two Languages .......................................................... 633

#### The AIPO Society: Present and Future Trends

**María Paula González, Toni Granollers, Cesar A. Collazos, and Julio Abascal**

- The AIPO Society: Present and Future Trends .......................................................... 635

### Part Five: Interactive Experience

#### A Multimodal Medical Sculptor

**Roberto S. da Rosa Junior, Marcus A.C. Farias, Daniela G. Trevisan, Luciana P. Nedel, and Carla M.D.S. Freitas**

- A Multimodal Medical Sculptor .......................................................... 637
I-Candies: Supporting Semi-formal Communication in a Coffee Corner .......................... 641
   Khairun Fachry, Ingrid Mulder, Henk Eertink, and Hans Zandbelt

Multi-modal Search Interaction: Helping Users Make Connections Between Conceptual and Spatial Maps .......................................................... 645
   Christian Beck and Craig Birchler

Podcast Generator and Pluriversiradio: An Educational Interactive Experience .................................................. 649
   Alberto Betella and Marco Lazzari

Part Six: Interactive Posters and Student Posters

A New Performance Measure Taking into Account the Mental Load in Mobile Text Entry Tasks .................................................. 653
   Franck Poirier and Hamed H. Sad

Collabohab: A Technology Probe into Peer Involvement in Cardiac Rehabilitation .................................................. 657
   Julie Maitland

Envisioning Probe Kit: Creativity and Storytelling to Capture the Inner Thoughts of People .................................................. 661
   Patrizia Andronico, Patrizia Marti, and Maurizio Martinelli

Initial Development of a PDA Mobility Aid for Visually Impaired People .................................................. 665
   David McGookin, Maya Gibbs, Annu-Maaria Nivala, and Stephen Brewster

Voice Interfaces in Art — An Experimentation with Web Open Standards as a Model to Increase Web Accessibility and Digital Inclusion .................................................. 669
   Martha Carrer Cruz Gabriel

Part Seven: Organizational Overviews

Evangelizing Usability to 700 People: Strategies for Building a User-Centered Organizational Culture ......................... 673
   Filipe Levi, Paulo Melo, Ubirajara de Lucena, Cynthia Belleza, and José Arcoverde

HxI: An Australian Initiative in ICT-Augmented Human Interactivity .................................................. 675
   Christian Müller-Tomfelde, Belinda Kellar, and Peter Eades
Introducing HCI in Corporate IT Department in a Large Company in Brazil ................................................................. 677
Andre Vinicius Fontes Dantas,
Carlos Freud Alves Batista,
Cassiano Ebert, Maira Greco de Paula, and
Simone Diniz Junqueira Barbosa

São Paulo State e-gov: LabIHC and e-Poupatempo’s Experience ........ 680
Renato Facis, Carlos Alberto Neves Torres, and
Jair Barreto de Vasconcelos

The Challenges of Creating Connections and Raising Awareness:
Experience from UCLIC ............................................................ 682
Ann Blandford, Rachel Benedyk, Nadia Berthouze, Anna Cox, and
John Dowell

Usability, from a Bigger Picture ................................................. 684
Mercedes Sanchez and José Luis Adán Gil

User Experience Research at Tech Mahindra .............................. 686
Sanjay Tripathi

User System Interaction Program .............................................. 688
Panos Markopoulos, Maddy Janse, Sanjin Pajo, Paula Deisz,
Annemieke van Ruiten, Vanessa Sawirjo, and Albertine Visser

Part Eight: Panels

Human Centric E-Learning and the Challenge of Cultural
Localization .............................................................................. 690
Albert Badre, Stefano Levialdi, Jim Foley, John Thomas,
Carol Strohecker, Antonella De Angeli, Preetha Ram,
Ashwin Ram, and Jaime Sánchez

Meta-design and Social Creativity: Making All Voices Heard .......... 692
Gerhard Fischer

Socially Responsible Design in the Context of International
Development ........................................................................... 694
A. Dearden, L. Dunckley, M. Best, S. Dray, A. Light, and J. Thomas

Part Nine: Special Interest Groups (SIGs)

Sharing Perspectives on Community-Centered Design and International
Development ........................................................................... 696
M. Best, A. Dearden, S. Dray, A. Light, J.C. Thomas,
Celeste Buckhalter, Daniel Greenblatt, Shanks Krishnan, and
Nithya Sambasivan
