Ensuring reservoir safety into the future

Proceedings of the 15th Conference of the British Dam Society at the University of Warwick from 10–13 September 2008

Edited by Henry Hewlett
Contents

1. Internal erosion

Locating the leakage route at Torside Reservoir using the Willowstick AquaTrack system
V O KOFOED, K D GARDINER and A A GEORGE 1

Assessing the vulnerability of a typical British embankment dam to internal erosion
R BRIDLE 13

Progress in assessing internal erosion
A J BROWN and R BRIDLE 29

Defra research into internal erosion
A J BROWN and J D GOSDEN 39

Possible indicators of internal erosion prone dams comprising broadly graded materials
H RÖNNQVIST 51

2. Dam break analysis and risk assessment

Application of the Interim Guide to Quantitative Risk Assessment across multiple dam owners by multiple Jacobs offices
A J BROWN, G YARWOOD, S KING and J D GOSDEN 65

The influence of infrastructure embankments on the consequences of dam failure
A J BROWN, A CHAPMAN, J D GOSDEN and F J B SMITH 80

Reservoir flood plans – towards implementation
I M HOPE and A K HUGHES 95

Assessing dam breach hazard in Cyprus
T D BLYTH, K KYROU and S PATSALI 108

Dambreak and emergency planning: meeting end user needs
M W MORRIS, A K HUGHES and F BUIJS 119

A step change in reservoir safety management: Quantitative Risk Assessment and its strategic implications
A J BROWN, J R CLAYDON and J D GOSDEN 133
3. Design, analysis and monitoring

5. Construction, remedial works and discontinuance

Bradford area reservoirs' group – flood routing remedial works at Leeming, Doe Park and Hewenden Reservoirs
M AIREY and G CARRUTHERS 297

Remedial works at Sutton Bingham Reservoir
J WELBANK, R SOLOMAN, J L HINKS, G GREEN and R PHILLIPS 309

Llwyn-on Reservoir scour valve refurbishment
J M LEWTHWAITE, D RICHMOND, A R BEEVER and A K HUGHES 321

The repair of Lyn Morwinion Dam
S R HICKMAN, A K HUGHES and L S DAVIES 334

The discontinuance of dams – it's not easy and it can be expensive
A K HUGHES, A EVANS and R GALLOWAY 345

The staged construction of Imang Dam
M J HILL, I C CARTER, I DAVISON and R C BRIDLE 361

Inoperable reservoir valves – why wait for the inspection?
P ENSTON 375

Queen Mary and King George V Reservoirs emergency draw down schemes
B PHILPOTT, Y OYEYEMI and J SAWYER 379

A new geomembrane system in construction of fill dams: concepts and 2 case studies
A M SCUERO and G L VASCHETTI 392

Rutland habitats – design of reservoirs for environmental habitat benefits
J R FOSTER, A M KIRBY and S SWAN 404

Reservoir repair and upgrade: still the same issues?
A DODD 416

Decommissioning, discontinuation and abandonment of dams: is there a case for a national strategy?
C S McCULLOCH 423

Clunie Dam anchoring works
A W GREGORY, A E HENDERSON, K C HENDERSON and P NOWAK 435
