

ENVIRONMENTAL SCIENCE, ENGINEERING AND TECHNOLOGY SERIES

PROCESS ENGINEERING IN PLANT- BASED PRODUCTS

HONGZHANG CHEN

Nova Science Publishers, Inc.

New York

CONTENTS

Preface		vii
Chapter 1	Introduction	1
Chapter 2	Process Engineering Principles of Plant-Based Products	33
Chapter 3	Process and Principle of Components Separation from Plant-Based Materials	67
Chapter 4	Processing Engineering and Application of Plant-Based Chemicals	109
Chapter 5	Process Engineering and Applications of Plant-Based Materials	173
Chapter 6	The Process Engineering in Plant-Based Energy	229
Index		273
