# TABLE OF CONTENTS

SPE 129600 Managed Pressure Drilling in Rub Al-Khali Empty Desert: Case Study Sarah-Qasim Formations ................................................................. 1

Joseph Ekpe, Andrey Kompatsev, Jamal Al-Thawaini, Raid Bu-Khamseen, Mohammad Emad, Turi Belousov

SPE/IADC 130308 Deepwater Riserless Mud Return System for Dual Gradient Tophole Drilling ......................... 10

dave smith, Warren Winter, Brian Tarr, Robert Ziegler, Iskandar Riza, Maitl Fatool

SPE/IADC 130309 Variable Rate UBD Production Data Facilitates Reservoir Characterization .......................... 32

George Stewart, Sunil Lakshminarayanan, Jaime Villatoro, Said Bouaib

SPE/IADC 130311 Successful Use of Real Time Dynamic Flow Modelling to Control a Very Challenging Managed Pressure Drilling Operation in the North Sea .................................................. 44

Knut Steinar Bjorkevoll, Svein Hovland, Ingvill Barr Aas, Elin Vollen

SPE/IADC 130312 A Simplified and Highly Effective Method to Identify Influx and Losses During Managed Pressure Drilling Without the Use of a Coriolis Flow Meter ....................................................... 55

Don Reitsma

SPE/IADC 130313 Managed Pressure Drilling Brings Added Value to Production Casings Cementing Operations Increasing Success Rates and Quality in HPHT Fractured Narrow Window Wells .................................................. 71

Juan Carlos Beltran, Corrado Lupo, Fernando Gallo, Hermogenes Duno, Leiro Medina

SPE/IADC 130314 Underbalanced Drilling Challenges in a High-Pour-Point Oil Reservoir in Sepangjang Island, Indonesia ................................................................. 79

Tomoyuki Kitamura, Hasan Zaki, Kito Akbar, Felbert B. Palao, Julius Ceasar L. Sosa, Julmar Shaun S. Foralde, Steve Nas

SPE/IADC 130316 Managed Pressure Drilling in the Gulf of Thailand Enables Talisman to Optimize Drilling and ECD Management and Avoid Losses in Depleted Reservoirs ........................................... 92

Hajjatiuddin Mangor, Peter Jones, Paul Fredericks, Greg Garcia

SPE/IADC 130317 Overcoming Drilling Challenges in Northwest China Using an Innovative MPD Technique ..................................................................................................................... 110

Scott McMillan, Wen Hua An, Yao Ming Zhang, Zhi Xiong Xu, Randy Lovorn, Jenny Opsina, Saad Saeed

SPE/IADC 130318 Offshore Automated Managed Pressure Drilling in Fractured Basement Granite Reservoir: Case Study, Challenges and Solutions ......................................................... 122

Biswajit Chakraborty, Manaj Meghnani, M. Saravanakumar, Rashmi Priya Gupta, Deepanshu Chawla, Abdul Majeer Shaikh, Graham R. Boyce

SPE/IADC 130319 Experience and Results with a New Automated MPD System while Drilling and Cementing Liner in an Onshore Depleted Gas Field .................................................. 128

Paul Fredericks, Julio Montilla, Phil Vogelsberg

SPE/IADC 130320 Finding Gas Using Underbalanced Drilling in a Tight Reservoir .................................................. 140

John Bowling, Raju Hazarika, Dieter Skaloud

SPE/IADC 130324 Understanding Multiphase Flow Modeling for N2 Concentric Nitrogen Injection Through Downhole Pressure Sensor Data Measurements While Drilling MPD Wells .......................................................... 150

Juan C. Beltran, Corrado Lupo, Leiro Medina, Hermogenes Duno, Fernando Gallo, Jose Tang, Jimmy Rajas, Efrain Rodriguez, Hernan Melgoares, Jorge Bedoya, Gustavo Puerto

SPE/IADC 130325 Experiences From Use of a Managed Pressure Drilling & ECD Management System During Drilling of a Challenging HPHT Well .......................................................... 162

Rolv Rommetvet, Sven Inge Ødegård, Christine Nordstrand, Knut S. Bjarkevoll, Mikkel Fjeldheim, Stein T. Høverås

SPE/IADC 130326 Assessment on the Performance of Hollow Glass Microspheres in Low Density Fluids for Workover Programs in Fractured Basement Reservoir at the White Tiger Oil Fields, Cuu Long Basin, Vietnam ................................................................. 171

A. V. Ovcharenko, Jv Viesovpetro; Melvin Devadas

SPE/IADC 130327 Flow Properties of Super Light Weight Completion Fluid for Perforation Cleanup During Underbalance Condition ................................................................. 186

Dawar Khalil, Badri Mohamed Jan, Abdul Aziz Abdul Ramen

SPE/IADC 130330 MPD Candidate Identification: To MPD or Not To MPD .................................................. 198

Sagar Nauduri, George H. Medley, Jerome J. Schubert

SPE/IADC 130562 First Under-Balanced Drilling Experience in AGOCO Sarir Field .................................................. 205

Bilal Abubakr, Muhammad, M. Elhennawy, Khalid M. Rahma

SPE/IADC 130563 UBD or MPD: An Engineering Choice Based on Intent .................................................. 212

Kenneth P. Malloy, Sara Shayan
