SPE 128498: Is It Essential To Change The Way We Buy Digital Oilfield Capabilities To Get The Benefits We Want? How Do These Capabilities Affect Relationships With Service Providers? ........................................ 630
   Michael Popham, Tony Edwards

SPE 128504: Implementing Integrated Operations in a Mobile Offshore Production Service Provider ........................................ 641
   Roar Bye, Teekay Petrojarl, Lisbeth Hansson, Eivind Okstad

SPE 128527: Leveraging Web 2.0 Technologies For Innovation Capture ........................................ 655
   Andy R. Watt

SPE 128542: Greater Plutonio - Real Time Reservoir Management in a High Cost, Deepwater Environment ........................................ 660
   Dave Booth, Pedro Schastiao

SPE 128548: Improved Coordination With Integrated Planning: Organisational Capabilities ........................................ 672
   L. S. Ramstad, K. Halvorsen, A. M. Wahl

SPE 128551: A Guided Workflows Approach to Oil Field Management ........................................ 683
   Steve Diam, Robin Getty, Frans Van Den Berg, Robert Clinton

SPE 128557: Well Performance Monitoring (WPM); Creating Added Value from Raw Data – Application to the Girassol Deepwater Field Case ........................................ 697
   Faqun Khan, Victor Goujard, Pierre-Henry Tincelin, Marc Tison, Iwengu Foucanth, Nicolas Kessler

   E. Lunde, K. Hovda, J. Spjotvold

SPE 128559: Machinery Predictive Analytics ........................................ 719
   Zaid Rawi

SPE 128567: Integrated Operations Methodology and Value Proposition ........................................ 730
   Trond Lileng, Svein Ivar Sagatun

SPE 128596: Antipatterns: A Tool for Continuous Improvement ........................................ 739
   David R Feineman

SPE 128597: Information Enabled Oil and Gas Production and Compression Systems ........................................ 747
   Vlatko Vlatkovic, Fernando D’Amato, Antonio Baldassarre, Mohammad Ehtashami

SPE 128614: Remote Optimization Improves Drilling Performance in US Land ........................................ 753
   Nathan Estep, Barry Parsons, Rod Middleton, Ahsan Alvi

SPE 128616: The Role of Human Factors Integration and Change Management Coaching in Integrating Multidisciplinary Teams Working in Collaborative Work Environments ........................................ 768
   Klaus Mueller, Corey McClelland, Amir Anvar

SPE 128636: Integrating Data Mining and Expert Knowledge for an Artificial Lift Advisory System ........................................ 773
   E. De La Vega, G. Sandoval, M. Garcia, G. Niohez, A. Al-Khanti, R. Holy, H. Escalona, M. Mota
