PREFACE TO THE SECOND EDITION xi
PREFACE TO THE FIRST EDITION xiii
ACKNOWLEDGMENTS xv

PART I THE INDUSTRY 1

1. What Fine Chemicals Are 3
   1.1 Definition 3
   1.2 Positioning on the Value-Added Chain 5

2. The Fine Chemical Industry 8
   2.1 Industry Structure 8
   2.2 Fine Chemical/Custom Manufacturing Companies 9
   2.3 Contract Research Organizations 15
   2.4 Laboratory Chemical Suppliers 20
   2.5 Mergers and Acquisitions (M&A) 21

3. Products 26
   3.1 Small Molecules 26
   3.2 Big Molecules 28

4. Technologies 32
   4.1 Traditional Chemical Synthesis 32
   4.2 Biotechnology 38

5. Facilities and Plants 49
   5.1 Plant Design 49
   5.2 Plant Operation 61

6. Research and Development 66
   6.1 Objectives 67
   6.2 Project Initiation 71
   6.3 Project Execution and Management 71
   vii
7. Cost Calculation
   7.1 Investment Cost 75
   7.2 Manufacturing Costs 76

8. Management Aspects 81
   8.1 Risk/Reward Profile 83
   8.2 Performance Metrics and Benchmarking 86
   8.3 Organization 88

Bibliography 91

PART II THE BUSINESS 93

9. Market Size and Structure 95
   9.1 Fine Chemical Market Size 95
   9.2 Market Breakdown by Major Applications 97

10. The Business Condition 100
    10.1 Offer 101
    10.2 Demand 103

11. Customer Base 107
    11.1 Pharmaceutical Industry 107
    11.2 Agrochemical Industry 115
    11.3 Animal Health Industry 120
    11.4 Other Specialty Chemical Industries 123
       11.4.1 Adhesives and Sealants 126
       11.4.2 Biocides 126
       11.4.3 Catalysts and Enzymes 128
       11.4.4 Dyestuffs and Pigments 131
       11.4.5 Electronic Chemicals 132
       11.4.6 Flavors and Fragrances (F&F) 134
       11.4.7 Food and Feed Additives 136
       11.4.8 Specialty Polymers 138

12. Marketing 141
    12.1 Organization and Tasks 141
    12.2 Target Products and Services 145
       12.2.1 Exclusives: Custom Manufacturing 147
       12.2.2 Nonexclusives: API-for-Generics 150
       12.2.3 Standard Products 156
12.3 Target Markets: Geographic Regions and Customer Categories 156
12.4 Distribution Channels 162
12.5 Pricing 163
12.6 Intellectual Property Rights 169
12.7 Supply Contracts 170
12.8 Promotion 173
12.9 Network and Contact Development 175
12.10 Key Account Management 176

Bibliography 178

PART III OUTLOOK 179

13. General Trends and Growth Drivers 181

14. Globalization 184
   14.1 Western Hemisphere 189
   14.2 Eastern Hemisphere 192
   14.3 Cooperation Models 195

15. Biotechnology 198
   15.1 Small Molecules (White Biotechnology) 198
   15.2 Big Molecules (Biopharmaceuticals) 199

16. Ethical Pharmaceutical Industry 203
   16.1 Restructuring and Outsourcing 205
   16.2 R&D Productivity 207
   16.3 Business Impact 215

17. Generics 217
   17.1 Small Molecule Generics 217
   17.2 Biosimilars 221

18. Other Life Science Industries 224
   18.1 Agro Fine Chemicals 224
   18.2 Animal Health Industry 226

19. Contract Research Organizations 228

Bibliography 236
Abbreviations 237

APPENDICES 241
A.1 Information Sources/Life Sciences 243
A.2 Checklist for New Product Evaluation 248
A.3 Project Schedule, Custom Manufacturing Project 250
A.4 Company Scorecard 252
A.5 Job Description for Business Development Manager 254
A.6 Checklist for the Selection of Outsourcing Partners 256
A.7 Checklist for the Manufacture of Nonregulated (or Basic GMP) Fine Chemicals 257
A.8 Checklist for Customer Visit 258
A.9 Outline for a Company Presentation 260
A.10 Overseas Expansion of Indian Pharma and Fine Chemical Companies 261
A.11 Asian Expansion of Western Fine Chemical Companies 263
