TABLE OF CONTENTS

SESSION A: ECONOMICS I OF PRECIOUS METALS
Moderated by David Glenister

Fear of the Dark: Threat or Opportunity ................................................................. 1
Bodo Albrecht
Financing Metal Mining Project: The Equator Principles ....................................... 19
David Glenister
Cash for Clunkers-The German Scrapping Plan and its Impact on AutoCatalyst Recycling ................................................................. 45
Oliver Krestin

SESSION B: SILVER SESSION
Moderated by Jon Potts

Silver Trends in 2010: The Effect of Investment Trends on Silver Prices and Markets ........... 59
Jeffrey Christian
Beauty and Avarice: A Romantic History of Precious Metals ....................................... 95
Miguel Perez-Santalla
Profile & The Outlook for Silver Industrial Demand .................................................. 108
Philip Newman

KEYNOTE ADDRESS

Demographics + Economics = Profits and Risks ................................................... 136
Hugh Lamie

SESSION C: NEW TRENDS IN REFINING AND ANALYZING
Moderated by Christian Hageliiken

Precious Metal Refining in the Change of Times .................................................. 191
Thomas Trin, Steffen Voss, David Astles
Trends and Challenges in Precious Metal Refining - An Update ................................. 219
Christian Hageliiken
CEIA Bullion Analyzer Presentation ......................................................................... 254
Nick Belenky

SESSION D: NAVIGATING THE BUSINESS OF PRECIOUS METALS: TOOLS AND TECHNIQUES
Moderated by Bodo Albrecht

Using Social Media for Career Success ................................................................... 269
Angela Lussier
Managing Your Precious Metal Inventory ................................................................ 270
Bill Tierney
Lean Toward Sustainability! ..................................................................................... 283
Mike Belton
Risk Analysis for Today’s Precious Cargo .............................................................. 305
Daniel Henderson
Kitco Presents: eConference .................................................................................... 316
Bart Kitner

SESSION E: THE FUTURE OF PRECIOUS METALS: BUSINESS AND TECHNOLOGY
Moderated by Angela Best

Patent Mapping: A Look into Future Applications for PGMs .................................... 329
Richard Seymour
Monetary Policy and Other Drivers of the Gold Market .......................................... 363
James Steel
High Value in Use Solutions Powered by Umicore’s Process Excellence Model .......... 389
Sven Jantzen
SESSION F: ANALYSIS OF PRECIOUS METALS
Moderated by Sue Strachan

Ultra-fine Grinding as an Alternative to Screen-Fire Assay for Gold
John Tully, Kyle James, Charles Bucknam

Advances in Portable X-Ray Fluorescence (XRF) Analyzers for Precious Metal Testing
Steve Gendel

Mineral Liberation Analysis of PGM, Gold and Silver Projects
Paul Miranda

Precious Metal Analysis of High Magnetite Content Ore and Mine Tailing Samples by ICP-MS
Kim Chung Lam, Robert Ianniello, James Ragaini

Fischer Technology Demonstration Preview
Jeff Vernier

SESSION G: NEW TECHNOLOGY/RECOVERY AND REFINING IN PRECIOUS METALS
Session Moderated by Clemens Hensel

Key Technologies for Future Proof Gold Refining
Joachim Prior, Adalbert Prior

The Autocatalytic Palladium Coating of Porous Metal Catalytic Substrates
William Gleason, Karen Gleason, Kevin Jaansalu, Ed Rosenberg, Rod James, Jay McCloskey, Ryan Christianson, Tyler Salisbury, Stacy Davis

Ammonia Oxidation Catalysts from Heraeus for Optimum N₂O Abatement at Minimum Precious Metal Cost
David Lupton, Günter Glaab, Uwe Jantsch, Throsten Keller, Stefan Vorberg

Sustainable Recovery of Precious and Minor Metals from Low Grade Resources
S.R. Isatt, N.E. Isatt, D.M. Mansur, T. Hughes, R.L. Bruening, John B. Dale

Precious Metals Recycling and the Role of KIEM and CR3 at CSM
Corby Anderson

Recovery of Precious Metals from Low grade Secondaries by Physical Methods at the SMC (Canada) Ltd. McAlpine Millsite
Dan Cleroux

SESSION H: RISK AND REGULATIONS IN THE PRECIOUS METALS INDUSTRY
Session Moderated by Mike Riess

Is REACH Coming to U.S.? Christopher Donovan, Daphne Trotter

Chloroplatinate Toxicity: Use and Misunderstanding of Merget
John Bullock

Anti-Money Laundering Developments in 2010
Mike Riess
