Handbook of Research on Web 2.0, 3.0, and X.0: Technologies, Business, and Social Applications

San Murugesan
Multimedia University, Malaysia & University of Western Sydney, Australia

Volume II
Chapter 26
A Social Web Perspective of Software Engineering Education ............................................................. 472
  Pankaj Kamthan, Concordia University, Canada

Chapter 27
University 2.0: Embracing Social Networking to Better Engage the Facebook-Generation in University Life .................................................................................................................. 496
  David Griffin, Leeds Metropolitan University, UK
Chapter 28
On Using Wiki as a Tool for Collaborative Online Blended Learning ........................................... 511
Steve Wheeler, University of Plymouth, UK

Chapter 29
Integration of Web 2.0 Collaboration Tools into Education: Lessons Learned ................. 522
Phillip Olla, Madonna University, USA
Elena Qureshi, Madonna University, USA

Chapter 30
Hadas Weinberger, HIT – Holon Institute of Technology, Israel

Chapter 31
Advancing Learning Through Virtual Worlds ................................................................. 556
Steve Mahaley, Duke Corporate Education, USA
Robin Teigland, Stockholm School of Economics, Sweden

Chapter 32
Virtual Reality 2.0 and Its Application in Knowledge Building ........................................ 573
Johannes Moskaliuk, University of Tuebingen, Germany
Joachim Kimmerle, University of Tuebingen, Germany
Ulrike Cress, Knowledge Media Research Center, Germany

Chapter 33
Student and Faculty Use and Perceptions of Web 2.0 Technologies in Higher Education .... 593
Haya Ajjan, University of North Carolina at Charlotte, USA
Richard Hartshorne, University of North Carolina at Charlotte, USA
Richard E. Ferdig, Kent State University, USA

Chapter 34
Social Issues and Web 2.0: A Closer Look at Culture in E-Learning ........................................ 613
Bolanle A. Olaniran, Texas Tech University, USA
Hansel Burley, Texas Tech University, USA
Maiga Chang, Athabasca University, Canada

Section 8
Enterprise 2.0, Healthcare, Finance, and Other Applications

Chapter 35
Enterprise 2.0: Leveraging Prosumerism 2.0 Using Web 2.0 and Web 3.0 ......................... 630
Chaka Chaka, Walter Sisulu University, South Africa
Chapter 36
Capturing Online Collaboration in the Design Elements Model for Web 2.0 and Beyond .............. 647
T. Andrew Yang, University of Houston-Clear Lake, USA
Dan J. Kim, University of Houston-Clear Lake, USA
Tri Vu, University of Houston-Clear Lake, USA
Vishal Dhalwani, University of Houston-Clear Lake, USA

Chapter 37
A Comparative Analysis of Online Social Networking Sites and Their Business Models .............. 662
T. Andrew Yang, University of Houston-Clear Lake, USA
Dan J. Kim, University of Houston-Clear Lake, USA

Chapter 38
Healthcare 2.0: The Use of Web 2.0 in Healthcare ......................................................... 673
Shakib Manouchehri, University of Kassel, Germany
Udo Winand, University of Kassel, Germany

Chapter 39
Using a Web-Based Collaboration Portal and Wiki for Making Health Information Technology Decisions ......................................................................... 682
R. Crowell, University of Connecticut Health Center, USA
T. Agresta, University of Connecticut Health Center, USA
M. J. Cook, University of Connecticut Health Center, USA
J. Fifield, University of Connecticut Health Center, USA
S. Demurjian, University of Connecticut, USA
S. Carter, Community Health Centers, Inc., USA
I. Becerra-Ortiz, Fair Haven Community Health Center, USA
L. Tracey, StayWell Health Care, Inc., USA
S. Vegad, Serebrum Corporation, USA
K. Polineni, Serebrum Corporation, USA

Chapter 40
Assessing the Total Cost of Ownership of Virtual Communities: The Case of the Berlin Stock Exchange ............................................................................................................. 699
Jan vom Brocke, University of Liechtenstein, Principality of Liechtenstein
Christian Sonnenberg, University of Liechtenstein, Principality of Liechtenstein
Christoph Lattemann, University of Potsdam, Germany
Stefan Stieglitz, University of Potsdam, Germany
Chapter 41
Connecting the Real World with the Virtual World: The SmartRFLib RFID-Supported Library System on Second Life

Katinka Kromwijk, ETH Zurich, Switzerland
Çağrı Balkesen, ETH Zurich, Switzerland
Gautier Boder, ETH Zurich, Switzerland
Nihal Dindar, ETH Zurich, Switzerland
Florian Keusch, ETH Zurich, Switzerland
Ali Şengül, ETH Zurich, Switzerland
Nesime Tatbul, ETH Zurich, Switzerland

Chapter 42
Embracing the Social Web for Managing Patterns
Pankaj Kamthan, Concordia University, Canada

Chapter 43
Extending and Applying Web 2.0 and Beyond for Environmental Intelligence
Bhuvan Unhelkar, University of Western Sydney & MethodScience.com, Australia
Bharti Trivedi, DD University, India

Section 9
Social Web: Foundations, Analysis, and Visualisation

Chapter 44
Social Software and Web 2.0: Their Sociological Foundations and Implications
Christian Fuchs, University of Salzburg, Austria

Chapter 45
Sociology of Virtual Communities and Social Software Design
Daniel Memmi, University of Quebec in Montreal, Canada

Chapter 46
Online Human Activity Networks (OnHANs): An Analysis Based on Activity Theory
Dan J. Kim, University of Houston-Clear Lake, USA
T. Andrew Yang, University of Houston-Clear Lake, USA
Ninad Naik, University of Houston-Clear Lake, USA

Chapter 47
Visualising Social Networks in Collaborative Environments
Stephen T. O’Rourke, The University of Sydney, Australia
Rafael A. Calvo, The University of Sydney, Australia
Chapter 48
The Discourses of Empowerment and Web 2.0: The Dilemmas of User-Generated Content .......... 828
    Yasmin Ibrahim, University of Brighton, UK

Chapter 49
How Employees Can Leverage Web 2.0 in New Ways to Reflect on Employment and Employers ........................................................................................................................................... 846
    James Richards, Heriot-Watt University, UK

Chapter 50
Privacy Implications and Protection in the New Ubiquitous Web Environment .................. 863
    Charalampos Z. Patrikakis, National Technical University of Athens, Greece
    Ioannis G. Nikolakopoulos, National Technical University of Athens, Greece
    Athanasios S. Voulodimos, National Technical University of Athens, Greece

Epilogue ........................................................................................................................................... 878

Compilation of References ........................................................................................................... 880
