the essence of knowledge
## Contents

1 Introduction

1.1 A Challenge Faced by Designers of Future Search Systems 6
1.2 A Taxonomy to Overcome the Challenge 8
1.3 The Scope of Our Approach 9

2 A Model of Search

2.1 A Context Model of Search 12
2.2 Information Retrieval 13
2.3 Information Seeking 14
2.4 Work Context 16
2.5 Summary 17

3 Survey of Search Systems

3.1 Adding Classifications 20
3.2 Result Organization 39
3.3 Additional Functions 55
3.4 Summary 62

4 Evaluations of Search Systems

4.1 Information Retrieval Evaluations 63
4.2 Information-Seeking Evaluations 65
