Global Learn
ASIA PACIFIC 2011
Global Conference on Learning and Technology
March 28 – April 1, 2011
Melbourne, Australia

Editors
Siew-Mee Barton
John Hedberg
Katsuaki Suzuki

Volume 1
# TABLE OF CONTENTS

Device Independent Mobile Applications for Teaching and Learning: Challenges, Barriers and Limitations .................................................................................................................. 1
Ferial Khaddage, Deakin University School of Information Technology, Australia; Gerald Knezek, University of Northern Texas Department of Learning Technologies, USA

Technology and College English ............................................................................................................. 8
Fatemeh Alipanahi, Islamic Azad University, Zanjan Branch, Iran (Islamic Republic Of)

Innovation with Confidence: Testing Monash MeTL, a Collaborative Educational Tool ............ 17
Nathan Bailey, Chris Hagan, David Hagan, Katharina Franke, Gordon Sanson, Monash University, Australia

Comparison of Interactive Instructional Technologies and Delivery Systems ......................... 27
Robert Chi, University of Hawaii at Hilo, USA; David Scott, University of Hawaii at Hilo, USA; Phineas Kelly, University of Hawaii at Hilo, USA

Invention of the Feedback Perceivable Clothing for Interactivity Edutainment ......................... 33
Shuee-Ho Phillip Chung, Department of Electronic Commerce, TransWorld University, Taiwan; Chi Chuang Bai, Taiwan Textile Research Institute, Taiwan; Jii-Chyuan Mark Lai, Director of LTLC Center, TransWorld University, Taiwan

Collaborative Learning in Large Classes: Large Scale Peer-to-Peer Learning with Monash MeTL. 43
Kati Franke, Nathan Bailey, Bernard Gibson, Chris Hagan, David Hagan, Murray Logan, Gordon Sanson, Monash University, Australia

Learning Communities and Virtual Collaboration: The Construction of a Text in the Collective Ning Platform ................................................................................................................. 49
Bruno Galasso, University of São Paulo, Brazil

Using Multi-Touch Display Technology to Support Remedial Phonics Instruction Techniques in Collaborative Learning Environments ........................................................................ 56
Daniela McGivern, Matthew Butler, Michael Morgan, Monash University, Australia

Perceptions of Elementary School Teachers and Students Using Interactive Whiteboards in English Teaching and Learning ................................................................. 65
Ju Yin Yang, Kainan University, Taiwan; Ya Wen Teng, Yangmei Elementary, Taiwan

Metadata Strategies for Mere Mortals: A Practitioners Approach ............................................. 92
Bryan Eldridge, Intraileak, USA

Adoption and use of E-learning at Tertiary Level in South Africa: A Qualitative Analysis .......... 102
Donald Ipperistle, Patrick Thibaudeau, University of Alberta - Campus Saint-Jean, Canada

Student Perceptions on the Implementation of Learning Management System (LMS) in Teaching of English for Academic Writing Course ......................................................... 110
Zuraidah Ismail, International Islamic University Malaysia, Malaysia

Transitioning Face-to-Face (F2F) Courses to online Teaching .................................................. 117
Jared Keengwe, University of North Dakota, USA; David Georgina, Minnesota State University, Mankato, USA

An Attempt of Improvement of Study Motivation in Class with PC Practice ..................................... 121
Toyoji Matsumoto, Information Media Center of Kanazawa University, Japan; Shinobu Segawa, Tetsuo Semoto, Promotion Office of FDI ICT Education, Kanazawa University, Japan

Preliminary analysis of iTunesU as an online system for delivery of free instructional material . 127
Ananda Mitra, Wake Forest University, USA

Multimedia Learning Management System – Empowering Correct Pronunciation ........................................ 129
Fei Ping Por, Soon Fook Fong, Universiti Sains Malaysia, Malaysia

OceanBrowser 3 - a web application for postgraduate study .................................................. 135
Rodney Tamblyn, OceanBrowser Ltd, New Zealand

OceanBrowser 3 - A web application for postgraduate study .................................................. 136
Rodney Tamblyn, OceanBrowser Ltd, New Zealand

Academic Perspective on Enhancing ePortfolio Systems to Better Support Lifelong Learning in Universities .................................................................................................................. 137
Yuliya Bozhko, Eva Heinrich, Massey University, New Zealand

Creating an e-portfolio with Mahara .............................................................................................. 143
Kristine Hoegner, Catalyst IT, New Zealand

Eduportfolio 3.0:

Alison Bickford, University of Technology, Sydney, Australia

Opportunities and Challenges of Web 2.0 in Arab Education .................................................... 310

Mousmi Chaurasia, Anjum Asma, Anees Ahmed, King Saud University, Saudi Arabia

Developing Graduate Attributes Through Role-plays and Online Tools: Use of Wikis and Blogs for Preparation and Reflection .................................................... 316

Kathy Douglas, Michele Ruyters, RMIT University, Australia

Podcasting for Educational Purposes – Preliminary Investigation of the Gap between the ‘Have’ and the ‘Have-not’ ........................................................................ 324

Paul Lam, Wing Cheung, Christy Cheng, Eric Ho, Shereen Yuen, The Centre for Learning Enhancement And Research, The Chinese University of Hong Kong, Hong Kong

Building a classroom learning community: three instructional design principles for a Web 2.0 world ........................................................................................................... 333

Daniel Light, Education Development Center, USA

Education Living Lab - Building a School of the Future by Harnessing New Web 2.0 Technologies 341

Adrian Lim, Ngee Ann Secondary School, Singapore

Web2.0 and Social Learning in Higher Education ........................................................................ 342

Zahra Rawahi, Sultan Qaboos University, Oman

From Logs to Blogs: Transitioning to eLearning ......................................................................... 348

Rashika Sharma, Syila Monteiro, Unitec New Zealand, New Zealand

Learners’ Readiness: Integrating Social Software for Collaboration Adaptive Learning in E-learning ........................................................................................................... 354

Shing Yin Serena Sim, Lik Hoo Gregory Wee, Hang Hui Patrick Then, Swinburne University of Technology (Sarawak Campus), Malaysia

Engaging Higher Education Students Through Tweeting ................................................................. 360

Amanda Szapkiw, Michael Szapkiw, Liberty University, USA

Pilot Wiki Implementation – Lessons Learned on Student Collaboration ........................................ 365

Verily Tan, Allan Chia, Steven Wong, Yew Haur Lee, SIM University, Singapore

Working with Wikis: Collaboration, Authorship and Assessment in Higher Education ................ 375

Celia Thompson, Matthew Absalom, University of Melbourne, Australia

A Study on Effect of Interschool Collaborative Learning with Overseas Through Using ICT ...... 385

Junpei Tokito, Graduate School of Informatics Kansai University, Japan

Feedback via Wikis: Revisions and Improvement........................................................................... 388

Zailin Shah Yusoff, Universiti Malaysia Pahang, Malaysia

A Virtual Ethnography as a Methodological Approach in Digital Spaces ..................................... 394

Bruno Galasso, University of Sao Paulo, Brazil

Response Time and Learning Progress: Teaching Perspective ....................................................... 400

Eugene Gvozdenko, Dianne Chambers, Kaye Stacey, Vicki Steinle, The University of Melbourne, Australia

Innovative curriculum design: Using ePortfolios to change practice and process ....................... 409

David Kennedy, Christine Shirley, Lingnan University, Hong Kong

Transforming Education: Assessing and Teaching 21st Century Skills ........................................ 417

Jon Price, Intel Corporation, USA; Patrick Griffin, The University of Melbourne, Australia; Martina Roth, Intel Corporation, Germany

Using Classroom Assessment to Promote 21st Century Learning in Emerging Market Countries 419

Jon Price, Intel Corporation, USA; Elizabeth Pierson, Daniel Light, Education Development Center, USA

Visualizing summaries of performance for instructors assessing physical-motion skills ............... 430

Neil Rowe, Jeff Houde, U.S. Naval Postgraduate School, USA; Rey Queto, U.S. Naval Postgraduate School, USA; Riqui Schwamm, Cory Kirk, Ahren Reed, U.S. Naval Postgraduate School, USA; Saad Khan, Chris Broaddus, Chris Meng, Sarnoff Laboratories, USA

Toward reduction of dropout rates in schools:
A proposal for a social-skills-oriented approach to relieve the stress of adolescents in interpersonal communication ..................................................................................... 440

Risa Uenoyama, Yu Ara, Tokyo Institute of Technology, Japan; Yuki Watanabe, Tokyo Metropolitan univ., Japan; Hiroshi Kato, Center of ICT and Distance Education, Japan; Akinori Nishihara, Tokyo Institute of Technology, Japan

Addressing e-Assessment practices in e-Learning Activities: A Review ........................................ 448

Mohammad AL-Smadi, Graz University of Technology, Austria; Christian Gütl, Graz University of Technology AND Curtin University of Technology, Austria; Vanessa Chang, Curtin University of Technology, Australia

Does teachers’ morale affect their job performance? ....................................................................... 460

Nagarajah Lee, Mansor Fadzil, Anuwar Ali, Open University Malaysia, Malaysia

Undergraduate Experiences Related to Assessment: The Canadian Context .................................. 470
Cheryl Poth, Alex Riedel, Robert Luth, University of Alberta, Canada
The Challenges of Developing and Delivering the National Assessment of Educational Progress (NAEP) on Computer ................................................................. 477
Jeffrey Jenkins, Educational Testing Service, USA
The Relationship Between Critical Reading and Visual Reading ............................................. 478
Meral Guven, Bilge Cam Aktas, Anadolu University, Turkey
Towards a classification of criterion referenced assessment models in mathematics courses - student and academic perspectives ........................................................................ 479
Dann Mallet, Jennifer Flegg, Queensland University of Technology, Australia
Relationship Between Young Learners’ Learning Styles and Development of Writing Skills Using Power-Point as a Teaching Aid .......................................................... 483
Nurulamin Mat Daud, INTERNATIONAL ISLAMIC UNIVERSITY MALAYSIA, Malaysia; Radzita Razi, MALAYSIAN MINISTRY OF EDUCATION, Malaysia
Performance-Based Assessment: between Content Knowledge And Presentation Skill .......... 486
Vera Syamsi, Sanpoerna School of Education, Indonesia
Closings The Loop: Towards A Low-Cost “LAN” (Learning through Authentic Narrative) 491
Ian Frank, Malcolm Field, Dominic Bagenda, Future University Hakodate, Japan; Kenichi Shiiya, Freelance Consultant, Japan
General Education in American Higher Education: Its Growth, its Implementation, and its Future501
Thomas Patterson, University of Vermont, USA
TECHNOLOGICAL LACK in VOCATIONAL SCHOOL of HIGHER EDUCATION in TURKEY ............... 511
Sedat Cerici, Bahattin Iscan, Batman University, Turkey
The Impact of Information and Communication Technologies in Literacy Education in China ... 518
Xin Ge, Jiening Ruan, University of Oklahoma, USA
Secondary teachers’ use of new media in an age of accountability ........................................ 529
Nicola Johnson, Scott Bulfin, Monash University, Australia
An Overview: The Development of ICT in the Educational System of Cyprus .................... 534
EF Nisiforou, Andrew Laghos, Cyprus University of Technology, Cyprus
Integrating computer at school: A case from Indonesia ...................................................... 540
Hery The, University of Hawaii at Manoa (UHM), USA
Contextualisation and integration of an innovative radiological anatomy eLearning package for first year medical students ................................................................. 546
Alexandra Webb, Sunhea Choi, University of Southampton, UK
A Comparative Study of the Teaching Methods for Retrieval of Web Contents in Young and Middle-aged and Elderly Nurses .............................................................. 547
Haruhisa Yamaguchi, Kyushu Sangyo University, Japan; Yumi Yamaguchi, Sanyo Gakuen University, Japan
KPerak: From Tin Mines To Mind Industries .......................................................................... 556
Nor Afidah Abdullah, KPerak INC Corporation, Malaysia; Mohamad Ishak Mohamad, Perak Education Department, Malaysia
Questioning The Models Followed In Teacher Education In Turkey ..................................... 560
Prof. Dr. Dilek Güzütok, Ankara University, Turkey; Nihal Tunca, Anadolu University, Turkey; Senar Alkin, Ankara University, Turkey
Connect, create, collaborate: The Victorian approach to ICT provision in schools ............... 561
Elizabeth Harrnenn-Young, Department of Education and Early Childhood Development, Victoria AND The Univ. of Melbourne, Australia; Lynn Davie. Dianne Peck, Department of Education and Early Childhood Development, Australia
