ED-MEDIA 2011
World Conference on Educational Multimedia, Hypermedia & Telecommunications

June 27 - July 1, 2011
Lisbon, Portugal

Edited by
Theo Bastiaens
Martin Ebner

Volume 2
An Online Educational Simulation: Investigating Student Motivational Orientation.......................... 652
Olivia Billingham, University of the West of England, UK

Student Demographics and Retention in Online Learning Environments........................................... 662
Wallace Boston, Phil Ice, American Public University System, USA

DIGITAL SCHOLARSHIP: The Evaluation of Digital Scholarly Publications in the Field of Education669
Susie Brooks, Northwestern College, USA

Digital Learners in Higher Education: Looking Beyond Stereotypes ................................................. 678
Mark Bullen, British Columbia Institute of Technology, Canada; Tannis Morgan, Justice Institute of British Columbia, Canada; Adnan Qayyum, University of Ottawa, Canada

Introducing Learning Design and LAMS to Pre-service teachers: When is the best time to do this?688
Chris Campbell, The University of Queensland, Australia; Leanne Cameron, Australian Catholic University, Australia

How Proficient University Teachers perceive to themselves in Information and Communication
Technologies Management for Education: A Mexican National Public University Case ................. 694
Ana Cázares, National Pedagogica University, Mexico; Maricela Vélez, Haydée Pedraza, National Pedagogic University, Mexico

Using Blogs in Blackboard 9 to Enhance BEd Students’ Reflective Learning........................................ 702
May Chan, The Hong Kong Institute of Hong Kong, Hong Kong

A Case Study of Student, Teacher, Parent and Administrator Perceptions of Cyberbullying at a
Public Elementary School in the USA................................................................. 709
Sonya Collins, Gregory Hauser, Roosevelt University, USA

An approach for e-learning/b-learning dissemination in a higher education institution using pivot
faculty.................................................................................................................. 714
Gonçalo Cruz, Ana Maia, Teresa Pessoa, University of Coimbra, Portugal; João Barroso, Leonel Morgado, University of Trás-os-Montes e Alto Douro, Portugal

Video-lectures in a traditional Mathematics course on iTunes U: usage analysis............................ 720
Anneliese Defranceschi, Marco Ronchetti, Università di Trento, Italy
The Use of Digital Narratives in the Elementary Social Studies Classroom

Ellen Fairchild, Iowa State University, USA

Does size matters? A pilot study on network types created in a Learning Management System

Patricia Fidalgo, João Correia de Freitas, Unidade de Investigação em Educação e Desenvolvimento da Faculdade de Ciências e Tecnologias, da Universidade Nova de Lisboa, Portugal

Moodle Early Use by Teachers in Higher Education: An Exploratory Study

Patricia Fidalgo, João Paz, Fernando Santos, Instituto Piaget, Portugal

Investigating the Digital Divide in Two Baltimore City Schools to Enhance Community Involvement

Stephanie Flores-Koulish, Heather Dark, Loyola University Maryland, USA

Virtual Education in Iran's Higher Education: Faculty Reflection on the Application of Web 2.0 in University of Kurdistan

Khalil Gholami, Ataollah Zarei, University of Kurdistan, Iran (Islamic Republic Of)

Web-Enhanced Instruction in Higher Education: A Case of Blended Learning Using Wikis in an Undergraduate Course

Khalil Gholami, University of Kurdistan, Iran (Islamic Republic Of); Mohsen Saadatmand, University of Helsinki, Finland; Mahmood Mobaraki, University of Kurdistan, Iran (Islamic Republic Of)

Integrating Flickr-based Images into Moodle to Increase Visual Appeal and Dynamism of Teaching Spaces

Ian Glover, City University London, UK

A survey of Higher Education students' digital literacy skills: A tale from two Universities

Claire Bradley, Learning Technology Research Institute, UK; Lyn Greaves, Thames Valley University, UK

Strategic Patterns for (Re)Designing Modular Curricula

Sonja Kabicher, Renate Motschnig-Pitrik, University of Vienna, Austria

Hearing Impaired Children's Problematic Internet Usage: A Case From Turkey

Kerem Kilicer, Onur Dogmus, H. Ferhan Odabasi, Umit Gürbil, Anadolu University, Turkey

New Technology, New Staff, New Mission: How to Successfully Train New Support Staff During an Learning Management System Migration

Melissa Koenig, DePaul University, USA

Technologically Mediated Delivery in Higher Education: The Margin as a Site for Change

Judith Lapadat, University of Northern British Columbia, Canada

A concept for an individualized consulting and training offer for e-learning authors

Nicola Leistner, Sandra Döring, Jens Schults, Technische Universität Dresden, Germany

Using Online Technology for Student Created Multimedia Presentations and AIDS Education

Kim Lorber, Ramapo College of New Jersey SSBS, USA

Analysis of Management Systems in Virtual Distance Education in Brazil and Portugal

Daniel Mill, UFSCar, Brazil; Hernando Carvalho, Universidade Aberta de Portugal, Portugal

Using online social networking: Graduate students' gender differences in using facebook

Gulshat Muhametjanova, Kursat Cagiltay, Ayse Gul Kara, Middle East Technical University, Turkey; Marlen Akimaliev, TOBB ETU University of Economics and Technology, Turkey

Linking and learning during hospitalisation: learning technologies connecting adolescents to school and social networks

Amy Nisselle, Shaun Hanns, Julie Green, Royal Children's Hospital Education Institute, Australia; Tony Jones, Melbourne Graduate School of Education, The University of Melbourne, Australia

A Preliminary Research on Developing a Leaflet for Organizational Instruction by Faculties

Wakio Oyanagi, Nara University of Education, Japan

Utilizing an Electronic Portfolio

Karan Powell, Phil Ice, American Public University System, USA

Optimizing Faculty Workload and Learning Effectiveness in Online Programs: A Multi-Institutional Administrative Perspective

Authentic assessment: User feedback driving the e-portfolio process for teacher candidates

Carol Rasovsky, Dana Abbott, Brandon Milonovich, The College of Saint Rose, USA

Technology integration through collaborative action research

Ieda M. Santos, Nagla AH, Emirates College for Advanced Education, United Arab Emirates

The Uses of Mobile Phones to Support Curriculum Related Activities Outside the Classroom

Ieda M. Santos, Nagla Ali, Emirates College for Advanced Education, United Arab Emirates

New Approaches to Learning

Isabel Silva, Jane Duarte, Universidade Autónoma de Lisboa, Portugal

Education For All - Living It!
"Uses & Gratifications" Utilization Approach for the Design and Development of Distance Education Models

Brian Smith, Edge Hill University, UK

867

The Role of Digital Literacy in the Academic Performance of First-Year Students in an Information Technology Course

Nurcan Torenli, Murat Cinar, Ankara University Distance Learning Center, Turkey

873

Can Innovation be learnt?

Tuulikki Viltala, Pirjo-Liisa Lehtelä, School of Vocational Teacher Education, University of Oulu Applied Sciences, Finland

879

Promoting reflective writing among psychiatry students

Niall Watts, Alyx Guerendel, Kieran O'Loughlin, Geraldine O'Neill, Kevin Malone, University College Dublin, Ireland

884

Moving Computer Literacy Beyond the Use of Digital Information

Adele Weiner, Metropolitan College of New York - Audrey Cohen School of Human Services and Education, USA

889

Teacher Distance Training in Educational Robotics through Synchronous Audiographic Conferencing: towards a learner-centered approach

Duan van der Westhuizen, Glenda Barlow-Jones, University of Johannesburg, South Africa

901

Teacher Training: Integrating Media at German Schools

Petra Bauer, Sarah Keller, Johannes Gutenberg-Universität Mainz, Germany

911

Evaluating Student Retention in Online Programs: Directions for Multi-Institutional Collaboration

Wallace Boston, Phil Ice, American Public University System, USA

917

A technique for designing learning activities in virtual environments

Javier Bravo, Iván García-Magariño, Universidad A Distancia de Madrid, Spain

923

Using asynchronous discussion for teaching case in the environment of network to promote elementary pre-service mathematics teachers' change for curriculum identity

Yen-Ting Chen, National Institute for Compilation and Translation, Taiwan; Juei-Hsin Wang, National Chiayi University, Taiwan

932

Learning in context: Moving courses from 2D Web-based materials to simulated 3D virtual-world environments

Allan Ellis, Jill Phillips, Southern Cross University, Australia

933

"Oh no, Math!"

Songs from an Online Math-for-Teachers Course

George Gadanidis, Jane Gichuru, Immaculate Namukasa, Faculty of Education, University of Western Ontario, Canada

943

Panoramic Virtual Environments for eLearning Applications

John Gillmore, Bucky Dodd, University of Central Oklahoma, USA

951

Application of Activity Based Analytics to the Optimization of Instructional Design and Pedagogy in Online Environments

Lori Kupczynski, Texas A&M University-Kingsville, USA; Phil Ice, American Public University System, USA; Jennifer Richardson, Purdue University, USA; Angela Gibson, American Public University System, USA

957

The Oikodomos Virtual Campus: a networked-based model of education

Leandro Madrazo, Escola Técnica i Superior d'Arquitectura La Salle, Universitat Ramon Llull, Spain; Paul Riddy Consulting, UK

964

Virtual Mobility and the EQF: using e-learning to widen access and enhance quality higher education across Europe

António Teixeira, Universidade Aberta & University of Lisbon, Portugal; Branca Miranda, Universidade Aberta, Portugal; Ana Dias, University of Minho - TecMinho, Portugal

993

Establishing Teacher Presence in Online Learning

1003
Supporting interaction and collaboration in the language classroom through computer mediated communication

Mariolina Pais Marden, University of Wollongong, Australia; Jon Harrington, Murdoch University, Australia

Technology and writing environment

Hossein Parvinisani, Amirkabit University, Tehran, Iran (Islamic Republic Of); Ghasem Parvini Sani, Islamic Azad University, Zanjan Branch, Iran (Islamic Republic Of)

System of Activities in Interactions of the Project Teletandem Brazil “Foreign Languages for All”

Nathasa Pimentel, Solange Aranha, Universidade Estadual Paulista Julio de Mesquita Filho, Brazil

Tangible storytelling: let children play with the bits

Pedro Rito, ESE - Polytechnics Institute of Viseu, Portugal; Ana Loureiro, UPS - ESE - Polytechnics Institute of Santarém / CDTFF - University of Aveiro, Portugal

New Literacies, Old Problems: Social Media for Academic Purposes

Christine Rosalia, Hunter College, USA; Reneta Lansiquot, New York City College of Technology, USA

Extending the CoL to investigate the effects of virtual learning platforms

Beth Rubin, Ron Fernandes, Maria D. Aygerinou, DePaul University, USA

PISTON: A System to Visualize Blogs and Forums

Shinichi Sato, Makoto Kageto, Nihon Fukushi University, Japan

“PeKay’s Little Author”: Developing a Storybook Creation Software for Family Narratives

Tomomi Sato, Interfaculty Initiative in Information Studies The University of Tokyo, Japan; Tamie Asakura, Good Grief, Inc., Japan; Mio Tsubakimoto, Center for Meta-Learning Future University Hakodate, Japan

Learning about the Genetic Fingerprint with Dynamic and Static Multimedia Instructions. When an E-Script is Sufficient!

Klaus Stiller, Peter Zinnbauer, University of Regensburg, Germany

Side by Side:

Innovative Solutions to University - School District Collaboration

Pauline Stonehouse, University of North Dakota, USA; Tricia Wheeling, New Town School District, North Dakota, USA

TOK - Developing a Tangible Platform for Storytelling

Cristina Sylla, Pedro Branco, Clara Coutinho, Maria Eduarda Coquet, University of Minho, Portugal; David Skaroupka, Brno University of Technology, Czech Republic

Moodle Audio-Visual Language Lab

Patrick Thibaudau, Donald Ipperciel, University of Alberta Campus Saint-Jean, Canada

University Students Face-up to their Informal Learning Practices and Cognitive Learning

Rebecca Vivian, University of South Australia, Australia

Semantic Analysis of Reference Relationships among Cited Papers

Toyohide Watanabe, Paul Villavicencio, Wenjuan Wang, Nagoya University, Japan

Assessing EFL Learners’ Cultural Awareness

in a Web-based Active Learning Context

Wen-chi Vivian Wu, Yu-Chuan Joni Chao, Providence University, Taiwan; Michael Marek, Wayne State College, USA

Comparison of The Influence That Placement Methods of Icons in The Screen Have on Young and Elderly People’ Search Time

Haruhisa Yamaguchi, Kyushu Sangyo University, Japan; Yumi Yamaguchi, Sanyo Gakuen University, Japan

Variation in the perceptibility of correlations between two variables displayed on a graph by young and elderly peoples

Haruhisa Yamaguchi, Kyushu Sangyo University, Japan; Yumi Yamaguchi, Sanyo Gakuen University, Japan

The Socia Project: an Attempt to Build an Innovative Study Environment through SNS Linkage of Second-Year High School Students and Working Adults

Yushel Yamauchi, The University of Tokyo, Japan; Mio Tsubakimoto, Future University Hakodate, Japan; Sateishi Kitamura, Tokyo Keitai University, Japan; Tadashi Misono, Shimane University, Japan; Yusuke Otsuji, Hitachi Suzaki, Benesse Corporation, Japan

Effectiveness of Observational Learning as an Alternate to Traditional Instruction in the Online Medium

Khawaja Zain-ul-abdin, Martillis Vahe, Florida State University, USA

Conceptual Change through Computer-Supported Argumentative Writing

Kallinset Benetos, Daniel Schneider, TECFA, University of Geneva, Switzerland
