A framework for evaluating the new collaborative writing environments:
The Essential Collaborative Writing Toolkit
Todd Vens, Iowa State University, USA

From Teacher-centered to Student-centered: an Interactive Environment for Software Application Learning in Graduate Program
Sy-Chyi Wang, National Chiayi University, Taiwan

Interactive Technologies: Enhancing Academic Learning and Stimulated Student Engagement with Social Media
David Wolf, John Beckem, Audeliz Mattas, Empire State College, USA

Social Media and New Educational Models in Teacher Education
Paivi Aarreniemi-Jokipinto, HELIA School of Vocational Teacher Education, HAAGA-HELIA University of Applied Sciences, Finland

Potential of digital entertainment and games for school education
Euclídio Pimenta Arruda, Durcelina Pimenta Arruda, Federal University of Uberlândia (UFU), Brazil

THE VIRTUAL MUSEUM, TEACHING PRACTICE AND THE TEACHING OF HISTORY: appropriations of teachers and potentialities for creation of a Virtual Museum designed for the visitor
Euclídio Pimenta Arruda, Federal University of Uberlândia, Brazil

Pedagogical criteria of learning styles in virtual for evaluation of Virtual learning environments (vle)
Daniela Barros, Open University- Portugal, Portugal
Perceptions of Audio Feedback in Higher Education Assessment
Tania Broadley, Brian Von Konsky, David Pick, Curtin University, Australia

Swapping chisel for stylus:
The impact of tablet computing on the evolving roles of the instructor and learner
Matthew Broda, Alison Schmidt, Megan Wereley, The College of Wooster, USA

Digital Authoring Applications - Challenging Traditional Notions of Reading and Writing in Middle Grade Classrooms
Anne Burke, Memorial University, Canada, Canada

The Relationship among the Cognitive Load, Foreign Language Anxiety, and Performance in College English Listening Comprehension Class
I-Jung Chen, Dept. of Applied Foreign Languages, Taichung University of Science & Technology, Taiwan; Chi-Cheng Chang, Department of Technology Application and Human Resource Development, National Taiwan Normal University, Taiwan

Convenience and Community? An exploratory investigation into learners’ experiences of web conferencing
Sarah Cornelius, University of Aberdeen, UK

But does it work? Effectiveness of scientific visualisations in high school chemistry and physics instruction
David Geelan, University of Queensland, Australia; Michelle Mukhtarjee, Queensland University of Technology, Australia

New Roles for the Teacher and Learning Coach in Blended Learning for K-12
Lisa Hasler Waters, Peter Leong, University of Hawaii-Manoa, USA

The Transition to Online Teaching: Examining Faculty Motivators, Demotivators and Self-Efficacy
Brian Horvitz, Andrea Beach, Mary Anderson, Western Michigan University, USA

Gearing Up for Online Teaching: Faculty Development Challenges
Jane Kenney, West Chester University, USA

Smartpens in second or other language learning environments
Stuart Knox, Anthony Herrington, Robyn Quin, Curtin University, Australia

Information and Communication Technologies Action Competence* (ICTAC)
Adile Askim Kurt, H. Ferhan Odabasi, Yavuz Akbulut, Elif Bugra Kazu, Onur Donmez, Beril Ceylan, Ozden Sahin-Izmirli, Anadolu University, Turkey

Using the Open Learning Initiative (OLI) to Deliver Digital Citizenship Instruction to University Freshmen at Carnegie Mellon University
Farhat (Meena) Lakhavani, Mary Ann Blair, Carnegie Mellon University, USA

The Undergraduate Students’ Performance of Critical Thinking in Reading the Science News.
Shu-Sheng Liu, Graduate Institute of Mathematics and Science Education, National Chiayi University, Taiwan

e-Books on Campus
Kathryn Matthew, Emese Felvegi, University of Houston - Clear Lake, USA; Rebecca Callaway, Arkansas Tech, USA

Using Clickers to Review Prerequisite Material and Reading Assignments
Thomas McMillan, Jim Fulmer, Denise LeGrand, University of Arkansas at Little Rock, USA

Pecha Kuchas in the Higher Education Classroom
Mathew Mitchell, University of San Francisco, USA

Educational Media: ISTE NETS for Pre- and In-Service Teachers
Through Service Learning
Jacqueline Munford, Walsh University, USA

Do Medical Students Use e-Learning?
Kathryn Ramos, Allan MacLean, University College London, United Kingdom, Philippines

Accessibility Course: Training Higher Education academics in the University of Porto
Nuno Regadas, Alice Ribeiro, University of Porto, Portugal

One Course, Five Incarnations: The process of transforming a traditional on-campus course into a synchronous web delivered course that also meets the needs of adult learners with disabilities
Kate Reynolds, William Sharpton, Randall Scott, University of New Orleans, USA; Diane Klein, Indiana University of Pennsylvania, USA

Humanizing Higher Education through Digital Storytelling
Sandra Ribeiro, ISCAP-IPP/Universidade de Aveiro, Portugal; Antonio Moreira, Universidade de Aveiro, Portugal; Cristina Pinto da Silva, Instituto Superior de Contabilidade e Administração do Porto, Portugal

Are Students Really Listening?

Kathy Robinson, Alanah Kazlauskas, Australian Catholic University, Australia

Using Worked Examples in the Service of Portfolio Assessment .................................................. 2811

Sinem Seyhan, Marta Solomos, Adam Ingram-Goble, Indiana University, USA

Mobile Illinois Clicker (MI-Clicker):
Next Generation Educational Tool for Mobile Learning Communities ...................................... 2819

Anjali Sridhar, Ying Huang, Michael Ford, Craig McIntyre, Ohm Patel, Samuel Retika, Ang Pan, Ben Geas, Woonjun Jung, Min Koo Kang, Yudha Purwana Malima, Andrew Rachwalbki, Alexander Loeb, Klara Nahrstedt, Lawrence Angrave, University Of Illinois Urbana-Champaign, USA

Lessons Learned: Data Analysis Comparing Online and Face to Face Student Knowledge ........ 2825

Kelley Stricklin, Holly Hulbert, University of Southern Mississippi, USA

Virtual Sports Teacher: A 3D Serious Game for Physical Education with Game Master Support 2830

Viktor Wendel, Technische Universitat Darmstadt Fachgebiet Multimedia Kommunikation, Germany; Klen Aninka, Technische Universitat Darmstadt Institut fur Sportwissenschaft, Germany; Stefan Goebel, Technische Universitat Darmstadt Fachgebiet Multimedia Kommunikation, Germany; Josef Wiemeyer, Technische Universitat Darmstadt Institut fur Sportwissenschaft, Germany; Ralf Steinmetz, Technische Universitat Darmstadt Fachgebiet Multimedia Kommunikation, Germany

Spicing Up Teaching with Forums: An Online Workshop for Faculty ........................................ 2840

Ceylan Yazici, Can Kultur, Bilkent University, Turkey

Workshop in Using Geometer's Sketchpad ..................................................................................... 2844

Farouq Almeqdadi, Emirates College for Advanced Education (ECAE), United Arab Emirates

Learning Resources Centers ............................................................................................................ 2849

Sam Alsalman, Ministry of Education, Saudi Arabia

Roundtable Horizons of Educational Innovations: 8 Practical and Live Demonstrations of the new technologies that will have the most impact in education in the next few years and that all teachers can use ................................................................. 2850

Cristiana Assumpcao, Colégio Bandeirantes, Brazil; Andre Genesini, Educamos Online, Brazil

Paths to Exemplary Online Teaching: A Look at Teacher Roles, Competencies and Exemplary
Online Teaching .............................................................................................................................. 2853

Evrim Baran, Ana-Paula Correia, Ann Thompson, Iowa State University, USA

Getting started with Scratch ............................................................................................................ 2861
