Using an Internet-based Vocabulary Testing Database to Upgrade University Students' English Receptive Knowledge and Testing Ability

Jui-hsiang Lu, Vamung University of Technology, Taiwan; Gwo-yunn Jaw, China University of Technology, Taiwan

Overcoming Barriers by Using Multi-Media Technology to Improve Mathematics Instructions for Middle School Students

Cedric McClain, Merritt Brown Middle School, USA

InfoViz and Online Learning: How Design can influence Decision-Making
Charles Miller, University of Minnesota, USA; Simon Hooper, Penn State University, USA; Lucas Lecheler, University of Minnesota, USA

Team Teaching in an Online Environment ................................................................. 1139
Terry Mullins, Anita Reynolds, Charles Grindstaff, Concord University, USA

Lessons Learned to Prepare Faculty to Deliver Online Courses ................................ 1140
Eileen Narozny, Dr. Baiyun Chen, University of Central Florida, USA

Instructional Video Pedagogy in E-Learning Training for Pre-Service Teachers .......... 1141
Ju Park, Indiana University Northwest, USA

The Effects of Online Course Orientation Quiz on Student-Instructor Communication Practices 1146
Tatyana Pashnyak, Florida State University, USA

The Strategic Thinking Capabilities of Executive Fire Officers and the Relationship with 
Information and Communications Technology ....................................................... 1147
Gerri Penney, Gerri Penney, Gerri Penney, Palm Beach County Fire Rescue, USA; Valerie Bryan, Valerie Bryan, Valerie Bryan, Florida Atlantic University, USA

E-Teaching: Building Successful Virtual Team in Higher Education Courses ............. 1153
Linda Peters, Shirley Shmerling, Isenberg School of Management, UMass, USA

Establishing Teaching Presence and Enhancing Student Engagement in Online Learning: Using 
Innovative Tools and Assignments to Harness the Power of Emerging Technology ........ 1161
Lynda Randall, California State University, Fullerton, USA

Collaborative Learning and Content Creation within Epsilen ..................................... 1168
Kenny Rigler, Fort Hays State University, USA

Beyond Facebook: Social Media for Your Classroom ............................................ 1169
Amanda Robertson, Cathi Phillips, Ruth Smith, NC State University, USA

An Implementation Model for Experiential Learning Standards of Practice in Online Technology 
Courses .......................................................................................................................... 1170
Michael Roller, Purdue University Calumet, USA

Self-Regulated Learning Strategies in Online Learning Environments in Thailand ........ 1175
Buncha Samruayruen, University of North Texas, USA; Onjaree Natakuatoong, Chulalongkorn University, Thailand; Kingkaew Samruayruen, Naresuan University, Thailand

Effects of Laptops in Large Classes on Engagement: Results of Three-Year Study ........ 1185
Perry Sanson, University of Michigan, USA

Raising Your Voice – Joint Education and Public Relations E-Learning Advocacy Project .... 1194
Deborah Scigliano, Erik Garrett, Duquesne University, USA

Training Strategies for Online Co-Teachers .............................................................. 1199
Michelle Scribner-MacLean, UMass Lowell Graduate School of Education, USA; Heather Miller, Walden University, USA

Promoting Social and Cultural Sensitivity in a 3D Online Social Virtual World ............ 1201
Kay Kyeongju Seo, University of Cincinnati, USA; Dana Tindall, Xavier University, USA

Subject Integrated Robot Programming Instruction Model to Enhance the Learning Motivation of 
the Gifted Elementary School Students in Informatics .............................................. 1206
YoungMin Seo, YoungJun Lee, Dept. of Computer Education, Korea National University of Education, Korea (South)

Distance Education – Success or Failure?: An Indian Perspective ......................... 1212
Rupa Shah, R J Tibrewal College of Commerce, India

Context-Driven Design for Technology-Supported Instruction ..................................... 1218
Greg Sherman, Radford University, USA

Analysis of underlying features allowing educational uses for collaborative learning in Social 
Networking Sites, Cyworld .................................................................................. 1230
Woonhee Sung, University of Texas at Austin, USA

Teacher Training in the Knowledge Society: Web 2.0 And New Professionalism ........ 1243
Hanna Teras, Marijatta Myllylä, Tampere University of Applied Sciences / Teacher Education Centre, Finland; Timo Nevalainen, Tampere University of Applied Sciences, Finland

Take Your Students Out of Solitary Confinement: Strategies for Increasing Social Presence in 
University Online Courses .................................................................................. 1249
Kelvin Thompson, University of Central Florida, USA

Effective Practices in E-learning: An Online Instructor and Learner Perspective ........ 1251
Amy Tucker, Thompson Rivers University, Canada

Transformative Online Learning Experiences ...................................................... 1252
George Veletsianos, University of Texas at Austin, USA

A Journey Beyond: Tracking a Mathematics Teacher Educator’s Transition to an Online Instructor 1257
Anita Vyas, Department of Curriculum & Instruction, College of Education, University of Houston, USA
An Interactive Web System for Geology Field Studies ................................................................. 1272
Yi-Hua Weng, Fu-Shing Sun, Jeffry Grigsby, Ball State University, USA

Seeing, Thinking, Doing: Strategic Directives for Learning Management Systems .................. 1279
Brandon White, Johann Larusson, Brandeis University, USA

Crafting an Electronic Portfolio from a Pre-existing Portfolio Program .................................. 1289
Arthur Williams, Olivet College, USA

Of Hard Hats and Hammers: E-Learning and Workforce Education ........................................ 1300
Kim Zartman, Alivetek, USA

Rhetorical Argument against Constructivism .............................................................................. 1301
Jeahyeon Ahn, Ohio University, Korea (South)

University Models with High-Growth Probability, under ICTs Integration, during the Next Decade in North America .......................................................... 1309
Dodzi Amemado, University of Montreal, Canada

Using Video Announcements in the Online Classroom ............................................................ 1314
Brooke Benton, Michelle Prejean, Kaplan University, USA

Lifetime Learning, E-Learning, and their Influence on Modern Firms' Competitive Environment1316
Jason Caudill, Carson-Newman College, USA

A Survey on the Current Status and Requirements of Portable Learning Devices at Schools in Korea .............................................................................................................. 1322
Jeongwon Choi, YoungMin Seo, YoungJin Lee, Dept. of Computer Education, Korea National University of Education, Korea (South)

Pedagogical Pattern for Forum Moderation in a b-learning environment ................................. 1327
Desiree Delgado, Mirella Herrera, Universidad de Carabobo, Venezuela; Josep Monguet, Joaquin Fernandez, Universidad Politecnica de Cataluña, Spain

Integrating Simulation Game with Educational Robotics - RoboCup Junior 2010 CoSpace Demo Challenge .............................................................................................................. 1336
Amy Eguchi, Bloomfield College, USA; Changju Zhou, Jiayao Shen, Singapore Polytechnic, Singapore

Student and Parent Experience with Online Mathematics Classes ........................................ 1344
Sidika Nihan Er, Ohio University, USA

Crafting Effective Feedback for First-term and Foundations Students ........................................ 1354
Marsha Fortney, Carrie Jantz, Alethea Kaiser, Jennifer Schmidt, Kaplan University, USA

Case Study of Peer Review Application on Computer Graphics ........................................... 1355
Yu-Chin Hsiao, Graduate School of Design, National Yunlin University of Science and Technology & Dept. of Visual Communication Design, Southern Taiwan University, Taiwan

Digital Technology and Contextual Learning in the Museums .................................................. 1363
Kevin Hsieh, Georgia State University, USA

Application of Edutainment in Computer Science Studies ......................................................... 1372
Udeni Jayasinghe, Anuva Dharmaratne, K. Priyantha Hewagamage, University of Colombo School of Computing, Sri Lanka

Developing a game model for computational thinking and learning traditional programming through game-play .............................................................. 1378
Cagin Kazimoglu, Mary Kiernan, Liz Bacon, Lachlan Mackinnon, University of Greenwich, UK

A Little of that Human Touch in the Algorithm Visualization Construction Approach .................. 1400
Ming-Han Lee, TU Darmstadt, Germany

Adopting an Open Source LMS Solution – Our Approaches, Processes, and Lessons Learned 1405
Rui Li, Saint Anselm College, USA

The reality of virtual reality: Second Life as a tool for online peer-teaching activities ............ 1410
Karen Lybeck, Dana Bruhn, Minnesota State University, Mankato, USA; Solen Feyissa, University of Minnesota, Twin Cities, USA

Fostering Meaningful Faculty - to - Faculty Relationships in the Online Environment ................ 1420
Heather Miller, Tom Cavanaugh, Cheryl Bullock, Walden University, USA

The Re-Significance of the Teachers’ Pedagogical Practice in a Virtual Community of Practice 1421
Rosana Miskulin, Geosciences and Exact Sciences Institute - São Paulo State University, Brazil; Mariana Silva, School of Education - State University of Campinas, Brazil; Maurício Rosa, School of Science and Mathematics - Lutheran University, Brazil

Education for System Engineers by Management Game ............................................................ 1429
Hiromi Nakao, Yuu Yamaguchi, Koto Soo Young, Kato Matsuhashi, Shinchi Okamoto, Tokyo University of Information Sciences, Japan

Online Learning: Does it Make the Grade? ................................................................................. 1442
Rebecca Penwell-Cooper, Ann Wheeler, Brenau University, USA
Mary Poppins, Pollyanna, and Polynomials? Lea Rosenberry, Betsy Duke, Kaplan University, USA

Using Quality Rubrics to Improve Student Performance, Enhance Grading Objectivity and Consistency, and Enhance Instructor Feedback Lea Rosenberry, Kaplan University, USA

Production of Study Support System for SPI2 Ability Aptitude Test using Spreadsheet Takeshi Takegami, Takeshi Takegami, Takasaki University of Commerce, Japan

Succumbing to Temptation--To Cheat or Not to Cheat? Faculty and Student Perceptions of Academic Integrity in Distance Education Courses Lori Tanner, University of South Carolina Upstate, USA; Christine Piper, Clemson University, USA

ICT and globalization in Education Nicole Thompson, University of Sheffield, Cayman Islands

Managing the Blogosphere: Information for eLearning and Project Management Professionals Melissa Yen able, Amy Hilbelink, Kaplan Higher Education, USA

The Teaching Community as the Driving Force in Resource-sharing Initiatives and Repository-building Julie Watson, Kate Borthwick, University of Southampton, UK; Miguel Arre bola, University of Portsmouth, UK

Recording Classroom Lectures and Discussion: A Few Key Points to Consider Norman Garrett, Eastern Illinois University, USA

An Empirical Measure of Instructional Technology Policy Effectiveness Eric Malm, Cabrini College, USA; Joanna DeFranco, Penn State University, USA

e-Learning: An Examination of Policy and Practice in Higher Education Sharon Oake, Brock University, Canada

The Three Facets of Quality in Distance Education Margaret Ohara, ECUCollege of Business, USA

Optimizing Faculty Workload and Learning Effectiveness Karan Powell, Wally Boston, Phil Ice, American Public University System, USA

Proposed Models of Appropriate Website and Courseware for E-Learning in Higher Education: Research Based Design Models Jintavee (Monsakul) Khraisang, Chulalongkorn University, Thailand

The Influence of Interactive Learning on The Teaching Process Saved Al-Hajjar, Ahlia University, Bahrain

The Teacher Assisting and Subject Adaptive Material (TASAM) System: An Arabic Adaptive learning Environment Nahla Aljojo, Computing department, Technology College, King Abdul Aziz University, Jeddah, S.A, Saudi Arabia; Carl Adams, School of Computing, University of Portsmouth, Portsmouth, UK

Technology and storytelling: Usages for professional development in police learning Kenneth Anderson, Royal Roads University, Canada; William Mairhead, University of Ontario Institute of Technology, Canada

Analysis of Influential Variables on Performance-based ICT literacy Level for Korean Students Sun-Gewn Baek, Cheol-II Lim, Seoul National University, Korea (South); Hye-Sook Kim, Daegu University, Korea (South); Yeu-Lim Yu, Mee-Reem Kim, So-Ra Lee, Seoul National University, Korea (South)

A WebQuest for Adult Learners: a report on a Biology course Marta Barroso, Coutinho Clara, University of Minho, Portugal

What is the most effective method of computer-based multimedia and technology instruction? Scott Bartholomew, Geoff Wright, BYU, USA

Competencies for Online Teaching Success Paula Bigatel, Penn State University, USA

Are 70% of Designers Wrong About Effective E-Learning Strategies? Daniel Bliton, Aimee Norwood, Kendra Herlig, Booz Allen Hamilton, USA

The Formation of an Online Community of Practice from A Molecular Biology Workshop Series for Science Teachers Monica Boon, Catherine Fulford, Alex Parisky, Rachel Boulay, University of Hawaii, USA

Comprehensive Assessment of Student Retention in Online Learning Environments Wally Boston, Phil Ice, American Public University System, USA

Self-directed Learning vs Self-regulated Learning: Twins or Just Friends? Pamela Bracey, University of North Texas, USA

Engaging Digital Natives: An Ecological Investigation Junia Braga, Federal University of Minas Gerais, Brazil; Glenda Gunter, University of Central Florida, USA
Social Networking Teaching Tools: A Computer Supported Collaborative Interactive Learning
Social Networking Environment for K-12 .......................................................................................... 1612
