### SECTION I  Methods for Consumer Products Design

<table>
<thead>
<tr>
<th>Chapter</th>
<th>Title</th>
<th>Authors</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Techniques to Translate Design Research into Useful, Usable, and Desirable Products</td>
<td>Elizabeth Mauer and Corinna Proctor</td>
<td>3</td>
</tr>
<tr>
<td>2</td>
<td>Manufacturing Attractive Products Logically by Using Human Design Technology: A Case of Japanese Methodology</td>
<td>Toshiki Yamaoka</td>
<td>21</td>
</tr>
<tr>
<td>3</td>
<td>Persona: A Method to Produce Representations Focused on Consumers' Needs</td>
<td>Eric Brangier and Corinne Bornet</td>
<td>37</td>
</tr>
<tr>
<td>4</td>
<td>Model-Based Framework for Influencing Consumer Products Conceptual Designs</td>
<td>Serge N. Sala-Diakanda and Marcelo M. Soares</td>
<td>63</td>
</tr>
<tr>
<td>5</td>
<td>Smarter Products User-Centered Systems Engineering</td>
<td>Tareq Ahram, Waldemar Karwowski, and Marcelo M. Soares</td>
<td>83</td>

</table>
Gabriel García Acosta, Karen Lange Morales, David Ernesto Puentes Lagos, and Manuel Ricardo Ruiz Ortiz

Chapter 10  Integration of Ergonomics in the Design Process: Conceptual, Methodological, and Practical Foundations
Luz Mercedes Sáenz Zapata

Chapter 11  Design, Usability, and Maintainability of Consumer Products
Lawrence J. H. Schulze

Chapter 12  Assembly Complexity and the Design of Self-Assembly Products
Miles Richardson

Chapter 13  Proposed Framework for Integrating Environmental Issues in Ergonomics to Product Development
Alma Maria Jennifer A. Gutierrez and Rosemary R. Seva

Chapter 14  Cultural Ergonomics Issues in Consumer Product Design
Tonya L. Smith-Jackson, Hardianto Iridiastadi, and Chang Geun Oh

Chapter 15  Affective Design and Consumer Response
Rosemary R. Seva and Martin G. Helander

Chapter 16  Universal Design: Empathy and Affinity
George Edward Torrens

Chapter 17  Integration of Elderly Users into Product Development Processes: Senior Research Groups as Organizational and Methodical Approach
Sebastian Glende and Wolfgang Friesdorf

Chapter 18  IEA EQUID Template for Cooperation between Product Designers and Ergonomists
Michel Nael

SECTION III  Digital Design

Chapter 19  Behavior Video: A Methodology and Tool to Measure Human Behavior; Examples in Product Evaluation
Francisco Rebelo, Ernesto Filgueiras, and Marcelo M. Soares
Chapter 20  Digital Human Modeling in the User-Centered Design Process .......................... 293  
Stephen J. Summerskill and Russell Marshall

Chapter 21  Digital Human Modeling in Product Evaluation .................................................. 325  
Maria Lucia Leite Ribeiro Okimoto

Chapter 22  Three-Dimensional Foot Imaging: Axial Alignment Theory in Footwear Design, Fit, and Function ................................................................. 333  
Anette Leonor Telmo Thompson, Bernhard Zipfel, and Saramarie Eagleton

Chapter 23  Science of Footwear Design ................................................................................. 365  
Ravindra S. Goonetilleke, Channa P. Witana, and Shuping Xiong

Chapter 24  Virtual Reality in Consumer Product Design: Methods and Applications ........... 381  
Francisco Rebelo, Emília Duarte, Paulo Noriega, and Marcelo M. Soares

SECTION IV  User-Centered Design of Consumer Products

Chapter 25  Product Design: User-Centered versus a Task-Based Approach ......................... 405  
Martin Groen and Jan Noyes

Chapter 26  Needs Analysis: Or, How Do You Capture, Represent, and Validate User Requirements in a Formal Manner/Notation before Design ........................................ 415  
K. Tara Smith

Chapter 27  Users’ Interactions with Design Models ................................................................. 429  
M.J. Rooden and H. Kanis

Chapter 28  Eco-Design: The Evolution of Dishwasher Design and the Potential for a More User-Centered Approach ................................................................. 441  
Elies Dekoninck and Edward W. A. Elias

Chapter 29  User-Centered Design Method to Attend Users’ Needs during Product Design Process: A Case Study in a Public Hospital in Brazil ........................................ 455  
Raimundo Lopes Diniz and Marcelo M. Soares

Index ...................................................................................................................................... 475
