2011 Fourth International Workshop on Multimedia and Enjoyable Requirements Engineering

(MERE 2011)

Trento, Italy
30 August 2011
### TABLE OF CONTENTS

I. Oliver Creighton, David Callele and Oriena Gotel. *A Summary of the Fourth International Workshop on Multimedia and Enjoyable Requirements Engineering (MERE'11)* ................................................................. 4

II. Naoufel Boulila, Anne Hoffmann and Andrea Herrmann. *Using Storytelling to Record Requirements: Elements for an Effective Requirements Elicitation Approach* ................................................................. 9

III. Steve Russell and Oliver Creighton. *Virtual World Tools for Requirements Engineering* ................................................................. 17

IV. Deepti Savio, Anitha P.C. and Parameshwar P. Iyer. *Visualizing Requirements: A Three Dimensional Pyramid Representation* ................................................................. 21

V. David Callele, Eric Neufeld and Kevin Schneider. *A Report on Select Research Opportunities in Requirements Engineering for Videogame Development* ................................................................. 26

VI. Steve Russell and Oliver Creighton. *Artwork for Requirements Definition* ................................................................. 34

VII. Harald Stangl and Oliver Creighton. *Continuous Demonstration* ................................................................. 38
