Software Testing in the Cloud:
Perspectives on an Emerging Discipline

Scott Tilley
*Florida Institute of Technology, USA*

Tauhida Parveen
*Independent Consultant, USA*

| *Chia-Chu Chiang, University of Arkansas at Little Rock, USA*  
*Shucheng Yu, University of Arkansas at Little Rock, USA* |      |
| **Chapter 4**                          |      |
| Cloud-Based Testing for Context-Aware Cyber-Physical Systems | 68   |
| *Christian Berger, University of Gothenburg, Sweden* |      |
| **Chapter 5**                          |      |
| Performance Analysis of a Distributed Execution Environment for JUnit Test Cases on a Small Cluster | 96   |
| *Eric Bower, ENSCO, Inc., USA*          
*Tauhida Parveen, Independent Consultant, USA*  
*Scott Tilley, Florida Institute of Technology, USA* |      |
| **Chapter 6**                          |      |
| Towards Migrating Genetic Algorithms for Test Data Generation to the Cloud | 113  |
| *Sergio Di Martino, University of Naples Federico II, Italy*  
*Filomena Ferrucci, University of Salerno, Italy*  
*Valerio Maggio, University of Naples Federico II, Italy*  
*Federica Sarro, University of Salerno, Italy* |      |
Chapter 7
Testing Web Services in the Cloud ................................................................. 136

Harry M. Sneed, Independent Consultant, Germany

Chapter 8
Using Test Clouds to Enable Continuous Integration Testing of Distributed Real-Time and
Embedded System Applications ................................................................... 174

James H. Hill, Indiana University-Purdue University Indianapolis, USA
Douglas C. Schmidt, Vanderbilt University, USA

Chapter 9
Software Testing as a Service: Perceptions from Practice ............................... 196

Leah Riungu-Kalliosaari, Lappeenranta University of Technology, Finland
Ossi Taipale, Lappeenranta University of Technology, Finland
Kari Smolander, Lappeenranta University of Technology, Finland

Chapter 10
Using the Cloud for Testing NOT Adjunct to Development ........................... 216

W. Morven Gentleman, Computers for People, Canada

Chapter 11
Concolic Test Generation and the Cloud: Deployment and Verification Perspectives ................................. 231

Nikolai Kosmatov, CEA LIST, France

Chapter 12
Leveraging the Cloud for Large-Scale Software Testing – A Case Study: Google Chrome on Amazon ................................................................. 252

Anjan Pakhira, University of Newcastle upon Tyne, UK
Peter Andras, University of Newcastle upon Tyne, UK

Chapter 13
Threatening the Cloud: Securing Services and Data by Continuous, Model-Driven Negative Security Testing .................................................. 280

Philipp Zech, University of Innsbruck, Austria
Philipp Kalb, University of Innsbruck, Austria
Michael Felderer, University of Innsbruck, Austria
Ruth Breu, University of Innsbruck, Austria

Chapter 14
Testing of Future Internet Applications Running in the Cloud ........................ 305

Tanja Vos, Universidad Politécnica de Valencia, Spain
Paolo Tonella, Fondazione Bruno Kessler, Italy
Joachim Wegener, Berner & Mattner, Germany
Mark Harman, University College London, UK
Wishnu Prasetya, University of Utrecht, The Netherlands
Shmuel Ur, Bristol University, UK
Chapter 15
Towards Improving the Testability of Cloud Application Services ........................................... 322
Tariq M. King, North Dakota State University, USA
Annaji S. Ganti, North Dakota State University, USA & Microsoft Corporation, USA
David Froslie, Microsoft Corporation, USA

Chapter 16
Toshihiro Hanawa, University of Tsukuba, Japan
Mitsuhisa Sato, University of Tsukuba, Japan

Chapter 17
Cloud Scalability Measurement and Testing ................................................................................. 356
Xiaoying Bai, Tsinghua University, China
Jerry Gao, San Jose State University, USA
Wei-Tek Tsai, Tsinghua University, China & Arizona State University, USA

Chapter 18
Building a Cloud-Based Mobile Application Testbed ................................................................. 382
Hamilton Turner, Virginia Polytechnic Institute, USA
Jules White, Virginia Polytechnic Institute, USA
Jeff Reed, Virginia Polytechnic Institute, USA
José Galindo, Virginia Polytechnic Institute, USA
Adam Porter, University of Maryland, USA
Madhav Marathe, Virginia Polytechnic Institute, USA
Anil Vullikanti, Virginia Polytechnic Institute, USA
Aniruddha Gokhale, Vanderbilt University, USA

Chapter 19
Testing in the Cloud: Balancing the Value and Risks of Cloud Computing ............................. 404
Randall W. Rice, Rice Consulting Services, USA

Compilation of References .................................................................................................................. 417
About the Contributors ........................................................................................................................... 446
