Appendix A Contents, General Information vii
Appendix B Contents, List of 2011 CTAA Members vii

Evaluation of Environmental Impact on Perpetual and Conventional Pavement Designs: A Canadian Case Study
Mohab El-Hakim & Susan Tighe ................................................................. 1

Evaluation of the Effect of Recycled Asphalt Shingles on Ontario Pavement Mixes
Shirley Ddamba, Susan Tighe, Ryan Essex & Narayan Hanasoge ........................................ 15

Cold In-Place Recycling – A New Asphalt Pavement Rehabilitation Approach for the City of Calgary
Mohammad Karim & Joe Chyc-Cies ........................................................................ 39

Planning Minimizes Equipment Usage
Terry Humphrey .............................................................................................. 59

New Methodology for Verifying the Homogeneity of the Bitumen in the Production of Warm Mix with High Recycle Rate
Julien Navaro, Ivan Drouadaine, Marc Proteau, Samuel Mendez & Bertrand Pouteau ........ 75

End Result Asphalt Pavement Specification for P3 Projects – Benefits for the Operator and Contractor
Graham Clark .................................................................................................... 93

Ontario’s Experience with Hot on Hot Paving: A Canadian First
Chris Raymond, Fernando Magisano, Heather Beattie & Anil Virani ............................... 109

Correlation of Asphalt Concrete Mix Properties with Observed Roadway Performance
Alan Reggin, Geoff Goodall, Art Johnston & Kevin Goldfuss ....................................... 129

Mechanistic Characterization of Reclaimed Asphalt Pavement (RAP) as a Structural Base Layer Across Climatic Conditioning
Rielle Haichert, Diana Podborochynski, Curtis Berthelot & Duane Guenther ................. 147

Falling Weight Deflectometer and Life Cycle Cost Analysis of a Major Urban Arterial Roadway Rehabilitated using a Foamed Asphalt Stabilized Base
Christian Babuin, Bryan Palsat, Ed Clark & Kevin Terness ........................................ 165
Utilization of Roughness Data in a Pavement Rehabilitation Design and Post-Construction Evaluation
Alan Reggin & Christian Babuin ................................................................. 187

Hydrated Lime and Lime Kiln Dust as Additives for CIR and FDR Materials Treated with Asphalt Emulsion and Foamed Asphalt
Éric Lachance, Alan Carter & Michael Tate .................................................. 211

Methods to Evaluate Aggregate Coating for Asphalt Mixtures Produced at WMA Temperatures
Raul Velasquez, Giacomo Cuciniello, Daniel Swiertz, Ramon Bonaquist & Hussain Bahia .............. 225

The Role of Asphalt Binder Fracture Properties in Thermal Cracking Performance of Mixtures and Pavements
Hussain Bahia, Raul Velasquez, Hassan Tabatabaee & Sebastion Puchalski ............................. 239

Asphalt Binder Modification with Re-Refined Heavy Vacuum Distillation Oil (RHVDO)
John D’Angelo, Ken Grzybowski & Steve Lewis ............................................ 257

Experience with Asphalt Laboratory Certification in Canada
Nabil Kamel, Gib McIntee, Chris Rogers & Allan Maynard ....................................... 277

Transition to Superpave Performance Grades in Western Canada
Pavel Kriz, Daniel Grant, Mary Gale, Katherine Sokol, Steven Dickson, John Brownie & Alan Blahey 291

Relationship of Asphalt Binder Properties to Cracking in Five Year Old Test Sections
Gerald Huber, Pamela Marks, Alexander Brown & Chris Raymond ............................... 321

Harmonization and Standardization of Intelligent Compaction Technologies for Practical Implementation
Victor Gallivan & George Chang .............................................................. 349

Determining the Quantity of RAP in HMA in Ontario – Phase 1
Xiomara Sanchez, Susan Tighe, Vince Aurilio & Seyed Tabib ...................................... 367

2010 Warm Mix Trials – City of Edmonton
Hugh Donovan, Nawaz Panhwer & Jean-Martin Croteau ....................................... 385

Urban Application of Perpetual Pavements – Case Study from BRT in York Region
Ludomir Uzarowski, Andrew Balasundaram, Vimy Henderson & Leonard Ng ................. 415

Evaluation of Warm Mix Asphalt Binder Rheology and Longitudinal Joint Performance: A British Columbia Study
Riyad Islam, John Laxdal & Daryl Finlayson .................................................. 431

In-place Evaluation of a High RAP Warm Mix Asphalt Pavement
Ryan Clark & Christopher Barnes ............................................................. 453
APPENDIX A

General Information

Application for CTAA Membership ................................................................. A2
CTAA Proceedings Order Form ........................................................................ A3
Instructions to Authors and Presenters ............................................................. A4
Directives aux auteurs et aux conférencier ......................................................... A6
Annual Awards of the CTAA - Criteria for Evaluation of Papers and List of Winners
1. Elaine Thompson Editor's Award for Written Paper ..................................... A8
2. Norman W. McLeod Award for Oral Presentation ........................................ A10
3. Earl Kee Award for the Best First Time Presenter ....................................... A12
Past Presidents of the CTAA ............................................................................ A15
Past Chairs of the CUPGA Management Committee ...................................... A16
Constitution and By-Laws of the CTAA .......................................................... A17
Statuts de l'Association technique canadienne du bitume ............................... A25

APPENDIX B

Members of the
Canadian Technical Asphalt Association, 2012

CTAA Honorary Members .............................................................................. B2
CTAA Sustaining Members ............................................................................. B5
CTAA General Members ................................................................................. B7
