1 Investigating urban design
   Matthew Carmona 1

PART I PHILOSOPHICAL APPROACHES
Using theory and critique to understand urban design processes and outcomes and the rationale, purpose and nature of urban design

2 The role of risk in urban design
   Iain Borden 15

3 Deconstructing and recalibrating urban design in the global south
   Camillo Boano, Melissa García Lamarca and Andrew Wade 25

4 The politics of space production: the case of Macau, China
   Paula Morais 35

5 Urban design in the realm of urban studies
   Pushpa Arabindoo 47

6 Place-temporality and rhythmicity: a new aesthetic and methodological foundation for urban design theory and practice
   Filipa Wunderlich 59
PART II  PROCESS INVESTIGATIONS

Focusing on the normative and 'potential' systems, tools, procedures and networks that shape the outcomes of urban design

7  Mixing methods / theorising urban design process
   Matthew Carmona

8  Link and Place – bridging stakeholder divides
   Peter Jones

9  Actor-network theory coevolution framework for urban design
   Tse-Hui Teh

10 Unlocking policy documents: policy analysis in urban design
    Antoine Zammit

11 Smart cities, social networks and the Internet of Things
    Andrew Hudson-Smith

12 Environmental masterplanning: defining an integrated approach
    Aurore Julien, Ian Hamilton and Ben Croxford

PART III  PHYSICAL EXPLORATIONS

Through a range of analytical studies in which the form and configuration of space is examined as the physical 'product' of urban design and the container for use and flows of resource

13 Urbiculturalism, understanding the patterns of place
    Terry Farrell

14 Space syntax as interdisciplinary urban design pedagogy
    Sam Griffiths

15 Thinking systems in urban design: a prioritised structure model
    Kinda Al-Sayed
PART IV  PROPOSITIONAL EXPERIMENTS

16  Explorations in generative street layouts
    Stephen Marshall and Mark Sutton 181

17  The relationship between density, built form and design
    Graciela Moreno and Philip Steadman 193

PART IV  PROPOSITIONAL EXPERIMENTS

    Studio-based research and pedagogical investigation using design process and creative speculations to reveal responses to defined urban problems and problematics

18  London short stories
    CJ Lim 209

19  The siting of writing and the writing of sites
    Jane Rendell 219

20  Design as research and research as design: mega-plans and mega-projects in Karbala and Hong Kong
    Matthew Carmona 231

21  Crafting a methodology for urban design in development: between research, pedagogy and practice
    William Hunter and Anna Schulenburg 249

22  An evidence-based approach to designing new cities: the English New Towns revisited
    Kayvan Karimi and Laura Vaughan 261

PART V  PERFORMANCE ENQUIRIES

    Examining through direct and indirect anthropological investigation, stakeholder enquiry, and historical study, how places perform through use and time

23  Public space as lived
    Quentin Stevens 277

24  Historical exploration/explanation in urban design
    Michael Hebbert 287
The problem of scale
Adrian Lahoud

Urban design as a tool in urban conservation, and urban conservation as a tool in urban design research
Elisabete Cidre

Does urban design add value?
Matthew Carmona

A personal postscript
Matthew Carmona
