19th Americas Conference on Information Systems (AMCIS 2013)

HYPERCONNECTED WORLD: Anything, Anywhere, Anytime

Chicago, Illinois, USA
15-17 August 2013

Volume 4 of 5

ISBN: 978-1-62993-394-8
Modeling Adoption and Diffusion: A Multiple-Relation Approach .......................................................... 2432
Tung Cu

Modeling Service Experience Optimism ................................................................. 2442
Ling-Yao Huang, Wei-Lun Chang

Modeling Supply Chain Risk for Operational Supply Chain Planning ............................... 2451
Iris Heckmann, Tina Comes

Moderating Roles of Review Credibility and Author Popularity on Book Sales .............................. 2459
Keehyoung Kim, Xiao Ma, Sung Kim

Motivation and Innovation in Online Collaborative Community: An Application of Expectancy Theory ..................................................................................................... 2469
Liang Chen

Motivational Effects of Badge Systems on Participation in Stack Exchange Social Q&A Online Community ................................................................. 2478
Xu Meng, Sarah A. Webster, Brian S. Butler

Multidimensional Charts .................................................................................. 2485
Andres Diaz Lopez, Xiang Guo, David Pumphrey

Multidimensional Decision Model for Investment in Cloud Computing .............................. 2498
Bartomiej Hans, John Windsor

Multi-level IT Project Alignment in Government Services: Contracted Employment Services .... 2509
John Campbell, Byron Keating, Carla Wilkin, Stephen Moore

Non-Linear Effects of Information Systems Innovation ........................................... 2517
Adarsh Kumar Kukar, Joanne E. Hale, David P. Hale

On Structural Considerations for Governing the Cloud ........................................ 2529
Acklesh Prasad, Peter Green, Jon Heales, Glen Pinnau

On the Relevance of Security Risks for Cloud Adoption in the Financial Industry ............ 2537
Ulrich Lampe, Olga Wenge, Alexander Muller, Ralf Schaarschmidt

On Where the Internet Is ........................................................................... 2545
Fuad Baloch, Brian Cusack

One Strategy for IS Departments: Staking a Claim to Project Management .................... 2551
Jo Ellen Moore

Online Astroturfing: A Theoretical Perspective ......................................................... 2559
Jerry Zhang, Darrell Carpenter, Myung Ko

Online Communities and Dynamic Capabilities: A Cross-Case Examination of Sensing, Seizing, and Reconfiguration ................................................................. 2566
David Wagner, Heinz-Theo Wagner

Online Community Influence: A Study Using the Hirsch Metric and Social Network Analysis .................................................................................................. 2574
Hiroooshi Takeda, Michael Cuellar, Brett Young, Robert Sainsbury

Online Discussions as a Tool to Engage Students in Authentic Scientific Argumentation ................................................................................................ 2582
Rebekka Darner, Kristine L. Callis, James R. Wolf
Role of Relational Mechanisms in Crowdsourcing Governance: An Interpretive Analysis ................................. 2902
Sultana Lubna Alam, John Campbell

Role of Web Personalization in Consumer Acceptance of E-Government Services ........................................... 2911
Vinodh Krishnaraju, Saiji K. Mathew, Vijayan Sugumaran

Abhijit Chandhury, Pratyash Bharati, Chen Zhang, Mir Song

Schools of Thought in Software Piracy Research ................................................................. 2926
Marion Gergely, V. Srinivasan Rao

Security and Privacy System Requirements for Adopting Cloud Computing in Healthcare Data Sharing Scenarios ........... 2937
Tatiana Ermakova, Benjamin Fabian, Rudiger Zarnekow

Service Alliance in Competition: A Game Theory Perspective .................................................. 2946
Wei-Lun Chang, Chul-Iung Chiu, Chien-Fang Jung

Service Cooperation in Alliance: A Shapley Value Perspective .............................................. 2954
Sho-Yi Meng, Wei-Lun Chang

Service System Design (SSD) Innovation through Consumer Participation ........................................... 2960
Arzoo Ali, Ananth Srinivasan, Lesley Gardner

Service-Oriented Business Intelligence Reference Architecture in Face of Advanced BI Concepts ...................... 2969
Marco Pospiech, Carsten Felden

Simulation Model of Knowledge Complexity in New Knowledge Transfer Performance ................................. 2980
Kamdev Basnet, Sanu Rouis, Imed Boughzala

Social and Cultural Issues in Institutionalisation of ERP Systems .......................................................... 2990
Asadah Pishhad, Abkar Haider

Social Computing and the Manufacture of Sense .................................................................................. 3001
Neal Thomas

Social Inclusion in a Hyperconnected World .................................................................................. 3011
Michelle Carter, Deborah Armstrong, Allen S. Lee, Eleanor T. Loiacono, Jason B. Thatcher

Social Loafing Impact on Collaboration in 3D Virtual Worlds: An Empirical Study ........................................ 3014
Kamdev Basnet, Sanu Rouis, Imed Boughzala

Social Networks and Information Privacy: A Model for Low-income Countries .............................. 3023
Bharam Borena, France Belanger, Dejene Ejigu

Software Reuse Success Strategy Model: An Empirical Study of Factors Involved in the Success of Software Reuse ........... 3032
Kiet T. Tran, Indira Guzman

Spreadsheets Use in Budgeting: A Dialectic Process Theory Perspective ........................................ 3048
Wipawee Paulson, Bjorn Johansson

Stakeholder Salinity Dynamics in Strategic ICT Projects ................................................................ 3056
Taghred Al-Ghath, David Brown, David Worthington

Stakeholders Analysis of Ethiopian Telemedicine Projects, the case of Black Lion Hospital, Addis Ababa, Ethiopia ... 3066
Getachw Hailemariam, Monica J. Garfield, Asfaw Amhnu Kebede, Philip F. Musa

Static Analysis of Partial Referential Integrity for Better Quality SQL Data ........................................... 3076
Sebastian Link, Mohsen Memari

Strategic Digital City: Techno-social Network Twitter as Communication Channel for Popular Participation in City Comprehensive Plans ................................................................. 3086
Carla Cavichilo Flores, Denis Alcides Resende

Strategic Framework for Achieving Readiness in Organizations to Implement an ERP System ...................... 3095
Sadro Ahmad, Chung-Hsing Yeh, Rodney Martin

Strategic Information Systems Security: Definition and Theoretical Model .......................................... 3104
Andy Lase, Brian Mencke, Anthony Townsend, Samuel Demarie

Students’ Stereotypes of IS Professionals and the Influence of the Introductory IS Course .............................. 3116
Asli Yagmur Akbulul-Bailey

Supporting Service Management with Graph-based Service System Visualization, Manipulation and Analysis ................................................................. 3123
Michael M. Fischbach, Thomas Paschmann, Rainer Ali

Survey of Desktop Virtualization in Higher Education: An Energy- and Cost-Savings Perspective ................. 3139
Michael A. Erskine, James T. Fustos

Switch to Your Own to Work with the Known: An Empirical Study on Consumerization of IT ...................... 3148
Dennis van der Meijden, Roman Beck, Sven Weber

Synchronous and Asynchronous Collaboration Technology Use in Teamwork .......................................... 3158
Thanaporn Sundaravaj

Teaching and Learning with Cyberspace Media .......................................................................... 3168
Shalendra C. Palvia

Teaching Business Process Management for Heterogeneous Audience ................................................. 3178
Olga Levina

Tense Moods Make You Use Habitually Facebook: A New Framework for Habitual IT Use based on the Mechanisms of Mood Regulation .................................................................................. 3187
Sooam Lee, Jungjoo Jeong

Test Case Selection Using CBIR and Clustering ........................................................................ 3196
Everton Note Narciso, Marcio Eduardo Delamaro, Fatima de Lourdes Dos Santos Nune

The Adoption of Business-to-Business Electronic Commerce Technologies: Bahrain versus Australia .................. 3205
Maten Ali, Sherah Kurnia

The Antecedents and Consequences of Sense of Community on Social Networking Sites .......................... 3216
Stanislav Mamonov
