**Characterizing Tropical Secondary  
Rain Forest Environments using  
Multiple Types of Remote Sensing Data**

*Veraldo Liesenberg*

# Table of Contents

Versicherung .....	iii
Declaration .....	iii
Abstract.....	v
Zusammenfassung.....	vii
Acknowledgments.....	ix
Table of Contents .....	11
List of Figures .....	15
List of Tables.....	21
Chapter 1 - Introduction .....	25
1.1 Importance of Forest Environments.....	26
1.2 Remote Sensing applied to Forest Monitoring .....	29
1.3 Motivations.....	30
1.4 Research Questions.....	31
1.5 Thesis Outline.....	32
1.6 References.....	33
Chapter 2 - Spectral Variability and Discrimination Assessment in a Tropical Peat Swamp Landscape using CHRIS/PROBA data .....	35
2.1 Introduction.....	36
2.2 Study Area Description.....	37
2.3 Methods .....	39
2.3.1 Image acquisition and pre-processing.....	39
3.3.2 Data Analysis .....	42
3.4 Results and Discussion .....	45
3.4.1 Angular Sensitivity of Peatland Classes.....	45
3.4.2 View-Angle Effects on the Discrimination Performance .....	52
2.5 Conclusive Remarks.....	58

2.6 Acknowledgements.....	59
2.7 References.....	59
Chapter 3 – Capabilities and Limitations of off-nadir Hyperspectral Hyperion data on the Biomass Characterization in a Tropical Secondary Forest Environment in Eastern Amazon (Brazil) .....	63
3.1 Introduction .....	64
3.2 Study Area description .....	67
3.3 Methods .....	69
3.3.1 Field measurements .....	69
3.3.2 Image acquisitions and pre-processing.....	73
3.3.3 Relating in-situ measurements with Multi- and Hyperspectral measurements.....	77
3.4 Results and Discussion.....	82
3.4.1 Angular Sensitivity of Tropical Successional Forest Stages.....	82
3.4.2 Influence of spectral intervals and anisotropy indices on the characterization of biophysical parameters.....	86
3.4.3 Influence of two band ratios on the characterization of biophysical parameters.....	91
3.4.4 Influence of vegetation indices on the characterization of biophysical parameters.....	93
3.4.5 Support Vector Machine Regression Feature Selection for the biomass characterization .....	95
3.4.6 Future perspectives of orbital hyperspectral and their potential for forest monitoring.....	100
3.5 Conclusions .....	101
3.6 Acknowledgements.....	102
3.7 Appendix.....	103
3.7.1 Description of Support Vector Regression.....	103
3.8 References.....	105

Chapter 4 – Evaluating Multiple Polarization Modes at L-Band for Classification Purposes in Eastern Amazon (Brazil) .....	113
4.1 Introduction .....	114
4.2 Study Area Description.....	116
4.3 Methodology .....	119
4.3.1 Data acquisition and pre-processing.....	119
4.3.2 Polarimetric Features .....	121
4.3.3 Data Analysis .....	121
4.4 Results and Discussion .....	125
4.4.1 Spectral and Backscattering Characterization.....	125
4.4.2 SAR Polarimetric parameters description.....	129
4.4.3 Classification Accuracy Assessment .....	133
4.4.4 Perspectives for Forest Monitoring .....	141
4.5 Conclusions .....	142
4.6 Acknowledgement.....	143
4.7 References.....	143
Chapter 5 – Characterizing Tropical Secondary Forest with Multifrequency Polarimetric SAR data in Eastern Amazon (Brazil).....	149
5.1 Introduction .....	150
5.2 Study Area description and Field Inventory.....	153
5.3 Methodology .....	159
5.3.1 Data acquisition and pre-processing.....	159
5.3.2 Polarimetric Features .....	161
5.3.3 Data Analysis for the Classification of Secondary Forest.....	163
5.4. Results and Discussion .....	168
5.4.1 Spectral and Backscattering Characterization of Secondary Forest .....	168
5.4.2 SAR Polarimetric parameters description.....	173
5.4.3 Classification Accuracy Assessment .....	176
5.4.4 Retrieval of Biophysical Parameters .....	186

5.4.5 Perspectives for Forest Monitoring with Multifrequency SAR.....	190
5.5 Conclusions .....	191
5.6 Acknowledgement.....	192
5.7 References.....	193
Chapter 6 – Summary.....	205
6.1 Thesis Contributions .....	205
6.2 Research Questions Answered.....	205
6.2.1 Answered Questions from the Chapter 2.....	205
6.2.2 Answered Questions from the Chapter 3.....	206
6.2.3 Answered Questions from the Chapter 4.....	207
6.2.4 Answered Questions from the Chapter 5.....	209
6.3 Conclusion and Recommendations .....	210
Appendix 1 - Curriculum Vitae.....	213
Appendix 2 - Publication List.....	219
