TAPHONOMY AND ARCHAEOZOOLOGICAL RESEARCH: RECENT APPROACHES 2ND ICAZ TAPHONOMY WORKING GROUP MEETING

Guest Editors
Dr. Ana B. Marín-Arroyo
Instituto Internacional de Investigaciones Prehistóricas de Cantabria (IIIPC), Universidad de Cantabria,
Edificio Interfacultativo, Avda. de los Castros, s/n, 39005 Santander, Cantabria, Spain
Email address: anabelen.marin@unican.es

Dr. Marta Moreno-García
G.I. Arqueobiología, Instituto de Historia,
Centro de Ciencias Humanas y Sociales (CCHS). CSIC,
Albasanz 26-28. 28037 Madrid, Spain
Email address: marta.moreno@cchs.csic.es
TAPHONOMY AND ARCHAEOZOOLOGICAL RESEARCH: RECENT APPROACHES 2ND ICAZ TAPHONOMY WORKING GROUP MEETING

Taphonomy and archaeozoological research: Recent approaches
A.B. Marín-Arroyo and M. Moreno-Garcia

Microtaphonomy in archaeological sites: The use of soil micromorphology to better understand bone taphonomy in archaeological contexts
J. Estévez, X.S. Villagran, A.L. Balbo and K. Hardy

Manganese coating of the Tabun faunal assemblage: Implications for modern human behaviour in the Levantine Middle Palaeolithic
A.B. Marín-Arroyo, M.D. Landete-Ruiz, R. Seva-Román and M.D. Lewis

Who let the hyenas out? Taphonomic analysis of the faunal assemblage from GL-1 of Cova del Gegant (Sitges, Spain)
S.C. Samper Carro and J. Martínez-Moreno

From small bone fragments to Neanderthal activity areas: The case of Level O of the Abric Romani (Capellades, Barcelona, Spain)
M.J. Gabucio, I. Cáceres, J. Rosell, P. Saladié and J. Vallverdú

Wild cats and cut marks: Exploitation of Felis silvestris in the Mesolithic of Galgenbühel/Dos de la Forca (South Tyrol, Italy)
J. Crezzini, F. Boschín, P. Boscato and U. Wierer

Herders or hunters? Discriminating butchery practices through phalanx breakage patterns at Cova Fosca (Castellón, Spain)
L. Lorente-Rodríguez, J.-J. Ruiz-García and A. Morales-Muñiz

Taphonomic evaluation of the degree of historical representation of the archaeological bone samples in anaerobic versus aerobic environments: The Neolithic site of La Draga (Banyoles, Spain)
M. Saña, I. Bogdanovic and V. Navarrete

Casual or ritual: The Bell Beaker deposit of La Calzadilla (Valladolid, Spain)
C. Liesau von Lettow-Vorbeck, E. Guerra Doce and G. Delibes de Castro

Waste management at early medieval rural sites in northern Spain: Taphonomic issues for interpreting faunal remains
I. Grau Sologestoa

Shechita and Kashrut: Identifying Jewish populations through zooarchaeology and taphonomy. Two examples from Medieval Catalonia (North-Eastern Spain)

Compressive marks from gravel substrate on vertebrate remains: a preliminary experimental study
M.D. Marín-Monfort, M.D. Pesquero and Y. Fernández-Jalvo

Taphonomic comparison of bone modifications caused by wild and captive wolves (Canis lupus)
N. Sala, J.L. Arsuaga and G. Haynes

Towards the identification of a new taphonomic agent: An analysis of bone accumulations obtained from modern Egyptian vulture (Neophron percnopterus) nests

Blind test evaluation of accuracy in the identification and quantification of digestion corrosion damage on leporid bones
L. Lloveras, M. Moreno-Garcia, J. Nadal and R. Thomas

Trampling in coastal sites: An experimental study on the effects of shell on bone in coastal sediment
J.P. Reynard

Early to Middle Holocene transition in the Pastos Chicos record, dry Puna of Argentina
