PROCEEDINGS OF THE
INTERNATIONAL
PLANT PROPAGATORS’
SOCIETY

Australian Region
May 15-19, 2013, Melbourne, Victoria, Australia

Eastern Region, North America
October 8-11, 2013, Naperville, Illinois, USA

Great Britain and Ireland Region
September 25-27, 2013, Kegworth, Derbyshire, U.K.

Japan Region
October 19-20, 2013, Ogaki, Gifu, Japan

New Zealand Region
April 25-28, 2013, Taupo, North Island, New Zealand

Southern Africa Region
March 5-6, 2013, Goedgedacht In Riebeek Kasteel, South Africa

Southern Region, North America
November 2-6, 2013, Athens, Georgia, USA

Western Region
October 1-4, 2013, Portland, Oregon, USA
LIST OF CONTENTS

Preface IV
List of Contents V
List of Authors XIII

LIST OF PAPERS PRESENTED AT ANNUAL MEETINGS

Sixteenth Annual Meeting – Southern Africa Region

A Comparison of Growth Media for Cyclamens in a Controlled Environment
Pierre Adriaanse 3

Improving Field Survival of Pine Seedlings and Cuttings: the Sappi Plant Quality Index
Craig Ford 11

Ornamental Plant Selection Using the “Shotgun Technique”: a Complex Process Simplified
Adam Harrower 17

The Use of Meta-Topolin as an Alternative Cytokinin in the Tissue Culture of Eucalyptus Species
Annemarie van der Westhuizen 25

Forty-Second Annual Meeting – New Zealand Region

Plug and Liner Production: Are You a Grower or Manufacturer?
Paul Fisher 31

Attention to Detail Is a “Not Negotiable” for the Production of Pseudopanax Hybrids from Cuttings
Jan Velvin 37

Commercially Usage of Geothermal Energy for Growing Gerbera jamesonii in Rotorua
Harald Esendam 43

Breeding Clivia
Lindsey Hatch 45

Interpreting Plant Architectural Design
K.A. Funnell 49

Lessons Learnt from the USA Nursery Industry
Dave Harris 53

Pseudomonas syringae pv. actinidiae-Virulent Impacts on the New Zealand Kiwifruit Industry
Linda Peacock 55

Conventional Propagation of Cordyline australis
Ian Duncalf 63
Pingao (*Ficinia spiralis*) History and Propagation©
*J.L. Oliphant* 67

Options for Successful Establishment of Native Species©
*Jaap van Dorsser* 73

October 2012 IPPS Japan – New Zealand Exchange©
*Juliette Curry* 75

The Himalayas – Source of Many of Our Ornamentals©
*Peter Cave* 77

**Forty-First Annual Meeting – Australian Region**

Drugs and Alcohol in the Workplace©
*Sheena Kane* 81

Enhancing Phytonutrients to Change the Game: Vitalvegetables©
*Russell Sully* 83

Myrtle Rust in Australia©
*E.J. Minchinton, D. Smith, K. Hamley and C. Donald* 89

Ornamental *Eucalyptus* — Something for Everyone©
*Kate Delaporte, Michelle Wirthensohn and Cassandra Collins* 91

Our Passion, Your Future Leaders©
*David Parlby* 95

Using Eye Tracking to Understand Consumer Behaviour in Garden Centres©
*Stella Minahan, Stuart Orr, Bridget Behe, R. Thomas Fernandez, Lynnell Sage and Patricia Huddleston* 97

The Design and Construction of Oman Botanic Garden©
*Buthaina Al Ruhaibi and Hanan Al Moqbali* 101

**Forty-Sixth Annual Meeting – Great Britain and Ireland Region**

Micropropagation of Sphagnum Moss for Peat Land Regeneration©
*Neal Wright* 115

Propagation and Reintroduction of Two Rare Plant Species in the South-Eastern United States of America©
*Judson S. LeCompte* 121

Propagation in New Zealand for Northern Hemisphere Markets©
*Adrian Ayley* 125

Production of Cuttings at Alkemade Brothers: Observations on Quality Control and Use of Light Emitting Diode Lights©
*Marius van Duijn* 127

Connecting with the Gardening Public©
*Mark Taylor* 131
Innovative Techniques to Capture and Re-Use Water for Small Scale Nurseries in Washington State ©
Charles A. Brun

Cecil Pounders

Cutting Propagation of Little-Leaf Mountain Mahogany ©
Larry A. Rupp

Sixty-Third Annual Meeting – Eastern Region, North America

Development of Autopolyploid Syringa reticulata subsp. pekinensis for Breeding ©
Joseph J. Rothleutner

New Frontiers in Magnolia Hybridization ©
Dennis Ledvina

Grafting Rhododendron on pH Neutral Understocks ©
Brian M. Decker

Progress in Carpinus caroliniana Propagation and Selection ©
Michael Yanny

More Cheese Please ©
Mike Gates

Upping Our Labor Game ©
Gail F. Berner

Incentive Driven Tasks at Prides Corner Farms ©
Mike Emmons

Light Emitting Diodes Lights Make Rooting Microcuttings Lilacs Easier and Safer ©
Jean-Marc Versolato

Clonal Propagation of Oak Hybrids Using a Modified Layering Technique ©
Bryan R. Denig, Patrick F. Macrae Jr., Xian Gao and Nina L. Bassuk

Mechanized Seedling Production at Bailey Nurseries ©
Nathan Maren

Plant Propagation for the Breeding Program at Chicago Botanic Garden ©
Jim Ault and Cathy Thomas

Breeding Better Aronia Plants ©
Mark H. Brand

T-Budding and Chip Budding at Kankakee Nursery ©
Richard C. Worth
Softwood Cutting Propagation of Northeast United States Native Shrub Species
Jessica D. Lubell

New Plant Forum
Compiled and Moderated by Charles Tubesing
Jim Ault, Gail F. Berner, Allen Bush, Bill Hendricks, Brent Horvath and Todd P. West

How Plant Hormones Work — Auxin
Robert L. Geneve

Willoway Nurseries Production
Jeff Lee

Grafting for Quick Turn — Bigger Can Be Better
Bill Hendricks

Root Performance … Doing More, with Less
Don Willis

Stress: the Silent Killer
James R. Johnson

Rose Rosette Disease and the Impacts on Propagation
Charles W. Martin

Gibberellins and Cytokinins: a Review
H. William Barnes

Nurseries in Japan: a 20 Minute Tour
Sharee Solow

North Dakota State University Cold Climate Breeding
Todd P. West

Comparison of Physical, Acid, and Hot Water Scarification on Seed Germination in Eastern Redbud
Kara Mylor, Sarah Holton, Robert L. Geneve and Servet Calyskan

Twentieth Annual Meeting — Japan Region

Micropropagation of Uncaria rhynchophylla — a Medicinal Woody Plant
Katsuaki Ishii, Naoki Takata and Toru Taniguchi

Soil Conditioner FFC-Ace Effects on Growth and Quality of Berries of Wine Grapes
Kazuhiro Ichikawa and Tadao Fujimori

The Report of IPPS Exchange Program of New Zealand Region and Japan Region
Takumi Hidaka
The Micropropagation *Begonia boliviensis* Crackling Fire Series © 363
Fang Li, Masaki Ochiai, Hirokazu Fukui and Ryuichi Tachibana

Micropropagation of Ornamental Aquatic Plants, *Glossostigma, Microcarpaea,* and *Limmnophila* © 369
Toru Niki and Wakanori Amaki

Possible Use of Plant Peptide Hormone in Horticulture © 375
Takaya Tetsumura

Pollen Germination Ability of Acerola in Relation to Fruit Set © 377
Naomi Amari, Yuuki Nakano and Naoto Iwasaki

Cut Rose Production under Supplemental Lighting with Super Bright White Light Emitting Diodes © 383
Sumihisa Furufuji, Wakanori Amaki and Hirokazu Fukui

Characteristics of New Granular Rockwool © 387
Toru Tanibe, Daisuke Ikezaki, Osamu Sakamoto, Masaki Ochiai and Hirokazu Fukui

Wild Roses and Rose Industry in Iran © 391
Yoshihiro Ueda

**Thirty-Eighth Annual Meeting – Southern Region, North America**

Technical Sessions © 395
Tom Saunders and Robert Lee

West Meets East on Ornamentals © 397
Donglin Zhang

What’s Cookin’ with Southern Rhododendrons? © 403
Stephen Krebs

What’s Chillin’ with Northern Camellias © 409
Barry Yinger

Natives: the “In” Word in the Gardening World © 413
Rick Webb

Irrigation Volume and Fertilizer Rate Influence Growth and Leaching Fraction from Container-Grown *Gardenia jasminoides* © 417
Amanda Bayer, John M. Ruter and Marc van Iersel

Fertilizer Movement in Nursery Containers: What Happens during Irrigation? © 423
Tyler C. Hoskins, James S. Owen, Jr., Jeb S. Fields and Julie Brindley

Class City Garden Awards: Best New Plants from the Trial Garden at UGA © 427
John M. Ruter and Meg Green

Breeding *Ruellia* and Trialing for Sterility at the University of Florida © 431
Rosanna Freyre, Sandra B. Wilson and Gary W. Knox

X
Plant Trials and Evaluations: Communicating Results to Consumers®
Allen Owings

Growing Native Azaleas from Seed®
J.P. Jackson and Lindy Johnson

Methods of Propagation of New Selections at Nurseries Caroliniana®
Ted Stephens

Laser Tag: Intelligent Sprayers Change the Pest Management Game®
Amy Fulcher, Diana Cochran, Robin Rosetta, Randall Zondag and Heping Zhu

Fungicide Resistance in Pythium and Phytophthora from Ornamentals in Georgia®
Jean L. Williams-Woodward and Max E. DeMott

Shrub Evaluation at Stephen F. Austin Gardens®
David Creech

Seed Germination of Rhododendron calophytum Planch. in Response to Temperature, Light, and GA3®
Bing Zhao, Jin-Ying Dong and Donglin Zhang

Propagation and Cross Compatibility of Abutilon®
Fanghua Niu, Donglin Zhang, John M. Ruter and Zhihui Li

Sanitation Can Be a Foundation Disease Management Tool: Potential of Spreading Binucleate Rhizoctonia from Nursery Propagation Floors to Trays Containing Azalea Stem Cuttings®
Warren E. Copes

Influence of Propagation Environment on Rooting of Sparkleberry (Vaccinium arboreum) Stem Cuttings®
Andrew B. Baker, James D. Spiers, Glenn B. Fain and Eugene K. Blythe

Physical Properties of Varying Rain Garden Filter Bed Substrates Affect Saturated Hydraulic Conductivity®
Elizabeth D. Riley, Helen T. Kraus and Ted E. Bilderback

Seed Set and Germination for Interspecific and Intergeneric Hybrids in Two Genera of Fabaceae®
Susan M. Hawkins, John M. Ruter and Carol Robacker
